NEIGHBORLY TEN CLUB

The Neighborly Ten club met November 4 with Mrs. Herbert Biens. Our lesson was of great help to us all, with so many Christmas suggestions, and also the nice apron patterns. Our next meeting will be with Mrs. Frank Cottingham, December 3. MRS. W. E. HOSCHAR.

WOOD PILE DESTROYED

A large woodpile containing seven or eight loads of cut wood was destroyed some time Saturday night at the farm of James E. Warga, south of this city.
The wood had been cut by Plattsmouth men on shares and was to have supplied a part of their winter fuel supply. The wood had been piled up in the timberland north of the Warga home and out of sight of the house.
Sunday when Mr. and Mrs. Warga were driving to Plattsmouth they noticed some smoke in the vicinity of the timber and an investigation disclosed the fact that the large wood pile had been consumed. The wood had been practically all consumed and will be quite a loss to the parties who had cut it.
The wood was cut two or three days ago and was all right Saturday afternoon when last noticed by the Warga family.
The cause of the fire has not been determined as there was no apparent way that it could have caught from accidental causes.

Corn Loans to be Available in County Soon

Farm Bureau Announces That Loans to Be Available at Rate of 50 Cents a Bushel.

That federal corn loans will be made soon on 1937-produced corn is the word just received by the Cass County Farm Bureau. Eligible producers may borrow at the rate of 50 cents per bushel on field corn stored on their farms under the new loan program.
Counties in Nebraska where the loan is available are those designated in the "corn limit" counties under the 1937 agricultural conservation program. They are: Antelope, Boone, Burt, Butler, Cass, Cedar, Colfax, Cuming, Dakota, Dixon, Dodge, Douglas, Gage, Johnson, Knox, Lancaster, Madison, Nemaha, Otoe, Pawnee, Pierce, Platte, Richardson, Sarpy, Saunders, Seward, Stanton, Thurston, Washington, and Wayne.
The corn loan program is expected to be of benefit to many Cass county farmers.
Last week in Lincoln steps for getting the program into operation immediately in eligible counties was completed. The corn loan will be administered in Nebraska cooperatively by the state railway commission in cooperation with the state ACP committee. Abner Crestam, Decatur farmer committee member, will be in direct charge for that cooperating group. Bill Stephenson of Blair has been placed in charge of field operation for the ACP share of the program. R. Bruning is to supervise the testing.
The program will be conducted in the field by county agricultural conservation committees. They will check the eligibility of producers applying for loans, prepare loan agreements and certification recommending the loans and perform other duties. Sealers will probably be appointed by the railway commission.
Corn samples will be tested for moisture content by an electric testing device already installed in the state ACP office in Lincoln. The report of moisture content will be returned to the county committees. Under the terms of the program for the 1937 crop, eligible producers borrow at 4 per cent interest charge on their corn collateral for a period of ten months. Loans will be available December 1, 1937. It is expected and may be made up to April 1, 1938. Farm owners or tenants who participated in the 1937 ACP are eligible to borrow under the corn loan program.
Official sealers, operating under the supervision of the railway commission, will take samples of corn from each crib, obtain all measurements of corn cribs holding collateral corn and will inspect each for construction, ventilation and other information required on warehouse certificate forms and seal the cribs.
Samples will consist of shelled corn taken from representative lots of 50 to 100 ears from each crib containing up to 1,000 bushels and proportionately greater number of ears will be taken for samples from cribs containing more than 1,000 bushels.
It is expected that further details of the program will reach the farm bureau office soon.

AN APPRECIATION

We wish to take this opportunity of expressing our deepest appreciation of the many acts of kindness shown our loved one in his last illness and for the words of sympathy and kind assistance at the time of his passing and for the floral offering. We also wish to thank all who took part in the funeral services. Their kindnesses will always be cherished.—Mrs. Adah A. Newton, Edward C. Everett, Burton B. Everett, Della M. Timmas.
