Nehawka

Granville Heebner was called to Plattsmouth last Monday to serve on a jury panel in the district court.

D. C. West was called to Plattsmouth and Omaha Monday of this week to look after some business matters.

A. J. Edgerton of Plattsmouth, county recreational director was a visitor in Nehawka Monday of this week.

Bobbie Wunderlich, a student at the state university at Lincoln, was enjoying a visit at his home in Nehawka over the week end.

Mrs. Louis Chappell, who has been quite ill for some time will depart in a short time for Omaha where she will enter the University hospital for treatment and an operation.

The people who had to detour during the time the road north of Nehawka was being built and the bridge constructed, were pleased when the announcement was made last week of the completion of the bridge over the Weeping Water creek, permitting the opening of the road again.

Saw the Football Game.

Being loyal to the home town football team and the fact of being loyal to all the institutions of one's home town makes that town the better in every way. Walter J. Wunderlich and wife and son, Jack, journeyed to Hardy, Nebraska last Saturday where the Nehawka lads played the Hardy team. Speaking of the country out that way, the visitors said it looked pretty but they did not grow any crops this season. They drove out and experienced some strong head winds, but it helped them home in the evening.

Visited Friends at Nehawka.

Mr. and Mrs. Harold Todd of Imperial where they are engaged in farming and stock raising, were marketing some fattened cattle in Omaha last Saturday and arriving near the midnight hour, caught a train for Nehawka, where they were guests of Mr. and Mrs. George C. Sheldon. Mr. Todd says things are not so bad in the extreme western part of the state, but the territory between there and here sure is very badly hit. They visited here a few days before returning to the west.

Finds Leaky Gas Can.

While working at the printing office Glen Rutledge, editor of the Enterprise, had the misfortune to get in contact with a leaky gas can, with the result that it caught on fire and Glen had one of his hands and his throat badly burned and which has caused him to have to keep his throat and hand bandaged. However the burns are getting along nicely since being dressed by Dr. Henry W. Walters.

Believes Care Always Pays.

Nicholas Klarens has a very fine flock of hens which he is expecting good returns from when the price of eggs gets the best. He has just completed the building of a very warm hen house with a battery of nests and a place to roost. He believes extra care of the chickens always pays.

Received Severe Burns.

Leonard Schumacher while working on his auto was just in the wrong place when the critter backfired, shooting a very hot flame into his face, burning him very badly. After having the injury dressed he is getting along very fair.

Intended to Make Home in Missouri.

This was the intention of Edward Bond, brother of John Bond, and when he went to Missouri where he put in a crop of wheat he left his tractor and a number of his farming implements in the "Show Me State" when returning here. Mr. Bond was needing some power to do some wood sawing, and was loaned a tractor by Granville Heebner and while he was attempting to pull a stalled truck from its position and having hitched onto the truck without a hitch bar,

the tractor was thrown over when the hard pull came, pinning Mr. Bond under the machine where he was compelled to remain until another tractor was secured to pull the monster off him. It was feared he had been killed, as he was unconscious, but was revived and taken to the St. Mary's hospital at Nebraska City where it was found he had sustained a skull fracture, a broken arm, a fractured finger and international injuries. While he is very seriously injured it is thought by physicians that he has an even chance to recover, but it will be some time before he can leave the institution.

They Have the Fence Restored.

When the move was made by the state for the completion of the paving of the gap in O street, it was found that additional lands were needed along the farm of Stuart Rough. The grading was done and the oil mat was completed, with a double row of drainage ditches, thus making a wide place in the road, but not by this token a small town, and when the work had been completed Stuart Rough and Dan Anderson, the tenant on the Rough farm replaced the torn down fence, which was also completed last Saturday.

Entertained Old Time Neighbors.

Mr. and Mrs. Dan Anderson were host and hostess to a number of their friends at their farm home last Sunday when they entertained for the occasion Mesdames Edna Wolfe and Ella Greene, both of Los Angeles, who were called here for the funeral of a sister some weeks ago, and have been visiting here since. Delbert Munn, a brother of the ladies, also was a guest and the party was completed by the parents of this trio, Mr. and Mrs. Silas Munn. To say they enjoyed the occasion would be putting it mildly, for all the parties including the host and hostess were very close neighbors and the years gone by and as well very close friends.

Another Football Game.

Yes, the Panthers defeated the Cornhuskers, but with very little credit in the game as was demonstrated by the description of the playing by the experts. Well, that is history, and so is another game which was played at the little town of Hardy some 160 miles southwest of Nehawka, where the Nehawka lads and the superintendent of schools and the agriculture teacher journeyed, composing the Nehawka high school team. They traveled over some country containing very poor crops and at the end of their journey found the corn production about two bushels per acre, but imagine the surprise when they filled up 26 scores to 0 against the Nehawka team, and the Nehawka boys their guests, at that.

Getting Along Fairly Well.

John W. Murdoch who several weeks ago sustained a fractured left lower leg which has kept him at home since last week he was able to be assisted into an auto and made a trip to the county seat to look after some matters and as well meeting his many friends. He is getting along nicely now.

Andy Yeiser Home Again.

Andy Yeiser of Omaha who was so seriously ill when he was compelled to go to the hospital for an operation for appendicitis was able last week to return to his parents' home in Omaha and is making good progress, although required by the physicians at the hospital to remain in bed for another week.

Interest is Shown in Soil Conservation

Meetings Held Show Much Interest in Proposed District—Other Meetings Soon.

As evidence that farmers in Cass county are very much interested in the proposed Soil Conservation district, over 800 of them attended ten meetings throughout the county last week. The proposed district comprising Cass, Otoe and part of Nemaha counties is being set up under the soil conservation law passed by the last legislature.

The purpose of the law is to permit farmers when properly organized to receive funds from the U. S. D. A. for the purpose of soil and moisture conservation, whereby the nation's most valuable asset can be maintained and future generations be insured of an adequate food supply and a prosperous agriculture.

Like any progressive step ever made in this country, the proposed district found some scattered opposition. Most of the opposition was a technical misunderstanding or interpretation of the law itself, while the majority of farmers were more interested in its purpose and how it would permit them to get the services they desired.

The services received through a district will be very similar to that being given by the Soil Conservation Service and the CCC now operating in the county. More than fifty farmers in the county now have a complete erosion program worked out on their farms. About 250 more have made application for such service.

The district, if organized, will have as its directors, four farmers elected by the land owners and one other member appointed by the state committee. Such soil saving methods and practices as are now being used in this county and others that prove themselves to be worthy will be recommended to farmers by the board and technicians.

There is nothing compulsory about the law as it is set up and those that do not wish to have the services will not be coerced, but those that do wish to take advantage of the program will be privileged. The official hearing dates and places are:

Tuesday, November 23rd—Woodman Hall, Union, 9:30 a. m.

Wednesday, November 24th—Masonic Hall, Greenwood, 9:30 a. m.

Wednesday, November 24th—Farm Bureau Office, Weeping Water, 1:30 p. m.

RETURN FROM CALIFORNIA

From Tuesday's Dairy—Mrs. George Hall and son, Wilbur, returned last evening from California where they have been enjoying a visit with old friends and relatives. Wilbur has been spending several months on the coast and was later joined by his mother. They have had a most delightful time and met many of the old time friends and former Plattsmouth residents.

RECEIVES PLEASANT NEWS

County Attorney and Mrs. J. A. Capwell have received the announcement of the birth of a daughter, Mary Arlyne, on November 14, to Mr. and Mrs. William Streich, of Murdock. Mrs. Streich was formerly Miss Mary Capwell, daughter of Mr. and Mrs. Howard F. Capwell, of Elmwood and a niece of the county attorney.

NEW BOOK AT LIBRARY

A new book on the pay shelf at the library is "Rumelhearts of Rampier Avenue," by Maude Smith Delavan. An inscription in the front of the book says "you will laugh for many a day over this ridiculously human story of a delightful family."

BUY CHRISTMAS SEALS

With the opening next week of the thirty-first annual Christmas Seal campaign throughout the state, residents of every Nebraska community are asked to continue the fight against tuberculosis.

During the last year tuberculosis claimed the lives of 253 Nebraskans as against 306 for the previous year and indicates that the Nebraska Tuberculosis association's efforts towards eradication of the disease is making headway.

"We realize as we never have before that if we are to save the valuable young lives in our Nebraska communities, we must begin our search early and arrest the beginning cases before they have time to develop," Dr. John F. Allen, president of the Nebraska Tuberculosis association, stated.

If this is to be done the program on prevention cannot be allowed to lag. Helath education must be continued so that Nebraskans will know how to guard against tuberculosis. The association recognizes the importance of both as well as the necessity of taking care of tuberculosis patients.

Rural school children are again participating in this year's Christmas Seal sale by serving as "messengers" in distributing the seals. Residents of Nebraska are urged to buy them generously and use them freely, thus participating in spreading their message of health and cheer, which says to the world that tuberculosis is preventable and that it is curable.

The entire program of the Nebraska Tuberculosis association is financed by the sale of Christmas Seals. Fifty per cent of the proceeds raised in each community is returned to that community for health work.

DINOSAUR TRAIL FOUND MINE WILL BE SAVED

CEDAREDGE, Colo. (UP)—A 30-ton section of rock will be removed from a coal mine near here to show that an early inhabitant of this state—an iguanodon dinosaur—could step off 15 feet at a stride.

The rock contains four footprints of the dinosaur. Dr. Barnum Brown, leader of an American Museum of Natural History expedition, said two of the tracks are part of a trail. The right and left footprints are 15 feet and 2 inches apart. The three-toed footprints are 34 inches long and 34 inches across the toes.

To remove the footprints of the giant creature which roamed this area when it was a dense tropical forest of the cretaceous age, 80,000,000 years ago, it has been necessary to widen 1,000 feet of the coal mine and build a special mine car. The footprints, Brown said, were implanted in a prehistoric swamp that eventually became a seam of coal.

Brown estimated that the dinosaur iguanodon must have stood 30 to 35 feet in height since the great flesh-eating dinosaur tyrannosaurus which stood 18½ feet in height could step only nine feet. He said no one has ever seen a skeleton of the giant creature, but that his expedition found a single arm bone this summer near Rock Springs, Wyo.

After it is removed from the mine, the fossil slab will be reduced to a six-inch thick section and shipped to the New York museum for display.

FAIRVIEW MEETING

Elvera Hennings and Laura Tritsch entertained the Fairview club members at the Hennings home Thursday.

Marie Speck had a very appropriate program on Armistice day.

Visitors for the afternoon were Tina Born, Irene Alexen, Clara Becker and Florence Kraeger.

The Xmas meeting will be held at Edna Buechler's with Agnes Wetenkamp as assistant hostess.

A better and newer Journal is our constant aim. You can help by phoning news items to No. 6.

UNION ITEMS.

John Fitzpatrick has added to his transportation equipment a new Ford V-8.

Isaac Dye and family were visiting with friends and transacting business in Omaha Monday of this week.

Paul Griffin and his mother, Mrs. H. W. Griffin were looking after some business at Nebraska City Monday of this week.

Now is the time to enroll in the Red Cross. Eighteen members enrolled the first three days. Union needs 60. Join now.

Henry H. Becker was in Omaha Monday of this week securing a corn elevator for Herbert Ehlers, who resides south of Union.

Miss Opal Griffin was spending the week end at the home of her sister, Mrs. Russell Arnold where the sisters were enjoying a very fine visit.

Mr. and Mrs. Everett Sudduth entertained at their country home and had as their guests for the day and dinner Mr. and Mrs. H. W. Griffin.

A. L. Becker was looking after business in Lincoln Monday of this week and had two loads of wood on the market for some clients in the capital city.

Herbert Kuntz of Nehawka who is feeding some hogs, was in Union last Monday, coming to have the Stires Milling company do some feed grinding for him.

Robert Wheeler, son of Mr. and Mrs. A. W. Wheeler, has rented a farm over in the neighborhood of Rock Bluffs and will farm for himself the coming season.

James Fitzpatrick of Nebraska City where he is engaged in business, was a visitor in Union, driving a new 1938 automobile which he seems to be well satisfied with.

Baptist Missionary Society.

The Baptist Missionary society of the Union Baptist church is meeting this afternoon with Mrs. Charles Atteberry. The society look after both home and foreign missions. The ladies of this city are earnest workers in this mission field and are to be commended in their zealness for the cause for which they are striving, that of carrying the message of the Master to the ends of the earth.

Responding to Roll Call.

Since the opening of the roll call of the American Red Cross of Union on armistice day, the response has been very liberal and the number answering the call up to Monday has been thirty-five and is expected to reach sixty by Thanksgiving.

Visiting Friends Here.

James Adams who was working here some time ago and while here was united in marriage with Miss Peters, one of the young women of this place years ago. They have been making their home at St. Charles, Mo., and were visiting here last week with relatives and friends for a few days.

River Work Closed Saturday.

With last Saturday the river work which has been in progress for some time near Union was closed until the coming spring. The workers who

have been here for some time past, and those who have made their home elsewhere, departed for their homes and those here are looking for other work to do. James Davis and brother who have been employed here departed for Central City, Mo., and were accompanied by Arthur Halgen and wife where they will spend the winter.

Enjoyed Excellent Time.

The American Legion of this vicinity, whose headquarters is at Nehawka last Thursday enjoyed a get-together meeting with a very fine program and good eats. There was amusement of many kinds, cards, dancing and swapping of war time tales. The meeting continued until the wee sma' hours.

Met at Peru Sunday.

The Union orchestra, which has been a musical organization of Union and vicinity, serving many good causes, and providing music over much of this territory, had one of their members marry and go to Peru to make her home, Miss Elsie Jay marrying Adam Parsons, who were host and hostess to the other members of the orchestra last Sunday at their home near Peru.

Home from the Navy.

Henry Lidgett who has been in the U. S. navy for the past number of years, completed his period of enlistment and was honorably discharged, and arrived in Union near midnight last Sunday, and is visiting his parents, Mr. and Mrs. Joseph Lidgett east of Union. Henry, who did not return to the service, before returning east had secured a position at Los Angeles where he has two brothers, and will visit here with the parents and his many friends for a number of weeks after which he will return to the west to make his home.

Completes Corn Picking.

W. H. Porter, who has been farming the past summer, has completed the picking of his corn crop, and while he hired it all done, found that the cost of the picking was \$147 and the amount measured into the cribs was 2800 bushels. While following the severe hot days of last summer when it looked like the entire crop had been destroyed, he was some surprised to have received as much corn as he did.

Naomi Circle Meets.

The Naomi circle of the Methodist church of Plattsmouth are meeting today with Mrs. W. H. Porter, who is a member of the Methodist church in Plattsmouth. A large number of the ladies drove down to enjoy the meeting. They enjoyed a social hour as well as the business session. A delightful lunch was served as the close of the meeting.

Phil Rihn Home from Hospital.

P. F. Rihn who was suddenly stricken at his home some weeks ago with an internal hemorrhage and was hastened to the hospital where he remained until last Sunday, when he was brought home, is showing marked improvement. Mr. Rihn's condition has caused much concern, and it is with much pleasure that his friends welcomed his return home. He is still very weak from the loss of blood, which had to be supplied by

a transfusion, but is showing good improvement, but it is expected he will be confined to his bed for some time.

Return to Western Home.

Mrs. Luther J. Hall of Snochomish, Washington, who has been visiting here for the past number of weeks with friends and relatives, guest at the home of Mr. and Mrs. George A. Stites and Gwen, departed for her home in the west Monday of this week. She has enjoyed her stay here but is getting back to her home in the west before the coming of the cold weather.

Will Celebrate Sunday.

The Baptist church of Union has attained the age of fifty years and the same will be celebrated at their meeting next Sunday, with special services. Rev. Parks of Omaha will be the principal speaker, but many other very interesting items will be included in the fine program. Better make it a point to attend this gathering.

Celebrated Passing Birthday.

Mrs. Ray Ehlers and Mrs. Carl Everett were both passing their natal day last Sunday and properly celebrated the event by a delightful gathering and dinner at the home of Mr. and Mrs. Ehlers, there being present for the occasion Mr. and Mrs. H. H. Becker and family, Mr. and Mrs. Carl Hoback, Carl Everett and family.

Visited in Lincoln.

Mrs. Martha Lynn and daughter, Mrs. John Lidgett with Mrs. Henry H. Becker as the driver, were in Lincoln last Saturday where they enjoyed visiting at the home of friends. They stopped at Weeping Water and took Mrs. Mary Johnson along, who was passing her 88th birthday.

THE BIG SIX FOOTBALL ROUNDUP
