

# Death of a Former School Superintendent

John G. McHugh, Now of Minneapolis, Dies at Lake Worth, Fla., Where Wintering.

John G. McHugh, for a number of years a member of the Platts-mouth city teaching staff, died on Monday at Lake Worth, Florida, where he had gone for the winter season.

Mr. McHugh came to this city in the early nineties as principal of the high school which was then located on the top floor of the Central building, serving as principal under F. M. McClelland from 1895 to 1897. On the departure of Mr. McClelland from the city he was selected as the superintendent and served in that capacity from 1897 to 1902 when he was succeeded by E. A. House.

Leaving here Mr. McHugh was at Omaha for some time and later moved to Minneapolis where he was engaged in business and for a period of twenty-five years served as the secretary of the Chamber of Commerce of that city, retiring from this post last October.

He is survived by his widow and two daughters, Mrs. Clifford Taney and Miss Jean McHugh of Minneapolis, as well as a brother, D. O. McHugh of Omaha.

The funeral services will be on Friday at Minneapolis.

An interesting feature of the service of Mr. McHugh here was the fact that in those years a very distinguished group served as members of the board of education among these being C. D. Cummins, Dr. E. W. Cook, Judge Jesse L. Root, Judge H. D. Travis, Dr. E. D. Cummins, Hon. R. B. Windham, F. G. Fricke, John R. Cox, George Dodge, C. M. Butler, H. N. Dovey, D. C. Morgan.

## "THE ALL AMERICAN CHOICE"

"The All American Choice," a free movie of special interest to all farmers, will be shown at Cedar Creek, Friday afternoon, Feb. 18, at 3 o'clock. Free to all farmers and families.

According to A. O. Ault, Minneapolis-Moline dealer, this interesting movie tells a story of a young married couple who are starting out on their honeymoon. Their first stop is at the Minneapolis-Moline office where they see the new MM Universal "Z" tractor on display and are shown a movie "Pioneers of Progress." This movie traces the development of civilization down through the ages, and the important part that farming methods have played in our progress.

Many old implements are shown, also the first all-purpose tractor with electric lights and self starter and a complete line of implements. The fast-moving historical scenes carry the story up to the present-day farming methods. Many action scenes of the MM tractors and harvestors are shown doing difficult work with the greatest of ease.

After the young married couple see the fine fast work that is being accomplished with modern farm machinery, they decide upon buying a new MM Universal "Z" tractor. Previously the father had planned that his son and daughter-in-law decided upon an MM Universal "Z" tractor he would help buy it for them as a wedding present because he has been a proud owner of an MM Twin City tractor for many years and anxious that they get the same good start in life as he had.

Upon hearing that his son and daughter-in-law have decided upon an MM Universal "Z" tractor, he tells them of his intentions and what a good decision they have made.

Every farmer is cordially invited to attend free of charge. The show is sponsored by the Minneapolis-Moline Power Implement company and A. O. Ault, MM dealer.
