

Suits Filed for Damages Result of Auto Wreck

Florence Noell Asks \$10,000 Damages and Delbert Jennings \$1,350 Against Everett Pickens

From Wednesday's Daily—This morning in the office of the clerk of the district court two suits were filed involving damages in an auto accident on April 1st at the Rock Creek intersection on the "Telegraph Road" south of this city and east of Murray.

The one suit is Delbert Jennings vs. Everett Pickens, in which the plaintiff alleges in his three causes of action that on April 1, 1938, his wife was driving their car, a 1931 Chevrolet coupe, north on the "Telegraph Road" and that at the same time the defendant, Everett Pickens was driving east and at the Rock Creek intersection struck the Jennings car, the petition alleges. Mr. Jennings asks \$350 damages for the car, for the second cause of action asking \$500 damages for injuries sustained by his wife and for the third cause of action, \$500 by reason of the loss of services of his wife.

The allegations in both suits are that the car of Mr. Pickens was being driven in a reckless manner and in violation of law.

Miss Florence Noell, a passenger in the Jennings car asks \$10,000 for personal injuries sustained, alleging that by reason of the accident she suffered fracture of a bone in her throat, a kidney dislocation and also for shock and nervous breakdown that still confines her to her bed and will continue to do so.

NEED FOR PROMPT ACTION

Individuals and organizations of the community who feel that the golf course and picnic grounds at the southwest section of the city serves as a community asset, should get busy to see that steps are taken to save it.

With the slow response this year to moves to raise funds, to secure the rental and upkeep of the course and grounds, it will be necessary to do away with this course and place it in cultivation unless some action is taken soon. The owner cannot afford to let the place remain idle without any return.

The golf club is to hold another meeting on Thursday at the office of Dr. R. P. Westover and it is hoped that there will be representatives of not only the golfers but organizations and civic bodies present, who will assist in the fight to keep the course as a community asset.

Do you want to SAVE MONEY?

The Standard Coupe

The Standard Ford V-8, with 60-horsepower engine, gives you a lot of car for a little money.

300,000 new owners acclaimed the "thrifty 60" last year. Hundreds a day are buying it in 1938. Why?

Because it is priced low—includes essential equipment without extra charge—and goes farther between filling stations than any Ford car

ever built. Owners all over the country report averages of 22 to 27 miles on a single gallon of gasoline.

But economy isn't all the story by any means. The Standard "60" is built with the same precision as the De Luxe "85," and has the same 112-inch wheelbase chassis. It is easy to look at and ride in —as well as easy to buy and run. There's a Ford dealer near you.
