voice is still forever, that hand is cold in death, and those eyes are closed in everlasting sleep. But the soul, which is the man himself, has surely gone to that bourne from which no traveler returns, and where there is no death.

To him this transition can not be the last sleep. It must be the final awakening. It is the golden key that unlocks his palace in eternity.

The Masonic history of Most Worshipful Brother Ramsey covers a period of thirty years of active service. His distinguished career in Masonry began in 1908 when he was initiated, passed, and raised to the Sublime Degree of Master Mason in Plattsmouth Lodge No. 6. Upon his removal to Omaha he was admitted to that lodge and on February 2, 1912 he became affiliated with George W. Lininger Lodge No. 268 of Omaha.

Gradually his natural leadership was recognized, and after filling the various stations in his lodge, he was chosen in 1917 as H's Worshipful Master. His service was not confined to the Blue Lodge. During the year 1918 he was exalted a Royal Arch Mason in Omaha Chapter No. 1 Royal Arch Masons and during the year 1934 he was dubbed and created a Knight Templar in Mount Calvary Commandery No. 1 Knights Templar of Omaha, Nebraska.

He received the degree of Ancient and Accepted Scottish Rite in Nebraska Consistory, Omaha, Nebraska during the year 1920. On November 28, 1931 he received the investiture of Knight Commander of the Court of Honor of Lincoln, Nebraska. On December 7th, 1935 he was conferred Thirty-third degree Honorary, at Omaha. He was serving as Venerable Master of Kadash, Nebraska Consistory, Ancient and Accepted Scottish Rite, at the date of his untimely death. He became a member of Coner de Lion Consclave No. 10, Order of the Red Cross of Constantine on April 12, 1935.

He was also a member of the Nebraska Veteran Freemasons Association of Omaha. On January 29th, 1928 he was selected as a member of the Board of Trustees of the Nebraska Masonic Home.

Perhaps his most distinguished service to Masonry was as Grand Master of the Grand Lodge of Ancient Free and Accepted Masons of Nebraska, over which he was called to preside in 1935. He brought to this high office a generous heart, a shrewd business head, and a vast amount of enthusiasm and industry, a wonderful combination in a leader of the Craft.

A Wallpaper That Has Three Dimensions—You feel it and you still think it's brocade—or leather—or whatever the clever wallpaper designers want you to believe, when they design one of the new Ni-a-tex wallpapers. Printed by a special process on the finest heavy wallpaper stock, the designs stand out so that they can actually touch them and feel the pattern under your fingers. Now that we have three dimensions in wallpaper, the interior decorators are wondering what next?

They all agreed on one thing, the value of advertising. Consumers information has just dug up the following quotations: Coolidge—"It is essential to make good merchandise. It is just as essential to create a desire for it that is advertising." Roosevelt—"High standards... have made good advertising an economic and social force of vital importance." Hoover—"Advertising plays a fundamental part in the life of our modern world."
