

# Elmwood News

E. N. Stark, who recently embarked in the farm implement business, reports business good, with many farmers buying new equipment.

Mr. and Mrs. Eugene Hall were in Nehawka last Sunday, where they attended the wedding of Miss Verla Stone and Neal Prince at the Methodist church.

Clarence Ohnes has been tearing down a barn at the farm of George Mooney, erecting another in its place, as the former one had become out of date and was no longer in condition for use.

Mrs. Hazel Shelley, assistant postmistress, was a visitor in Omaha over the week end with her husband, who is employed in South Omaha. She returned in time to resume her work at the office Monday.

Emmitt Cook, rural mail carrier, and wife have a fine garden that is yielding a plentiful supply of fresh vegetables of all kinds. Emmitt says the condition of the garden is mostly due to the work of his wife, as she puts in many hours keeping it up.

Mrs. Minnie Parriott, of Peru, is making a prolonged visit at the home of her son, Joseph Parriott and family, who reside east of Elmwood. She has made her home at Peru for many years, both before and since the recent death of her husband.

Eldon Panska, who lives just off highway No. 1, and Ralph Dorr of near Wabash have each added to their farming equipment new combines. With the harvest season for small grain rapidly approaching, a good many farmers are getting ready to handle their crops in this new modern manner.

Ted Hall and wife and his father, George Hall and wife, visited at Royal, Nebraska, several days during the past week, where they were guests at the home of Sumner Hall and family. Sumner is a brother of Ted and son of George Hall. They report crops in fine condition and the country up that way looking fine as a result of a plentiful supply of rainfall.

Orville Julian, salesman at the Hall department store reports he was able to hive a swarm of bees that had made preparations to move from his apiary to what they evidently believed would be a more pleasant home. (Perhaps the bees are not unlike human beings, to whom, paradoxically speaking, the grass on the other side of the fence looks greener). Orville reports the bees have again settled down to contentment and are making much honey.

George Blessing, Jr., and wife are happy over the arrival of a fine little daughter, last Thursday, born at the Bryan Memorial hospital in Lincoln, where the mother is settling along very satisfactorily. This makes them a pair of girls and a very nice family, indeed.

Accompanied by the Elmwood band, some 300 of the citizens of this community journeyed to Omaha last Monday evening to attend the Ak-Sar-Ben den show, first of the 1938 season. They report this year's show, "The White Spot," is one well worth seeing. Ralph Greene, as Ak-Sar-Ben ambassador, had charge of putting out the tickets and reports the issuance of nearly 300.

**Farm Machinery Business Good**  
With the excellent condition of the small grain this year, the need for more and better machinery has become apparent. There has been a great deal of new machinery added on the farms and during a few days last week, West and Dennis, truckers, hauled from Omaha to Elmwood for the local dealer more than \$8,000 worth of farming machinery, which was promptly taken out by farmers

**Sentinels of Health**

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of all kinds of toxic impurities. The act of living—their daily, constantly persisting work—matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-ache, dizziness, one may suffer nausea, backache, persistent headaches, attacks of dizziness, getting up nights, swelling, pus, under the eyes—feel tired, nervous, all sorts of things.

Frequent, smart, or burning passages may be further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body wastes. **Dr. Williams' Pink Pills**. They have had more than forty years of public approval, are endorsed by the country's best medical men, and are sold at all drug stores.

About a month ago, Mr. Blessing drove out and was accompanied back to Elmwood by Mr. Tollhurst. After a visit here, he had expected to go on to his old home in the east, but the condition of his health would not permit and he gradually failed until death overtook him Monday evening.
