RETURN FROM OUTING

Miss Verna Leonard has returned from her vacation trip to the east which she took with Mr. and Mrs. J. E. Worley and Robert of Lincoln. They had a delightful time visiting at the home of Professor and Mrs. L. G. Worley, a son of Mr. and Mrs. Worley at Manhasset New York.

They also visited New York City, only a few miles from Manhasset, and surrounding points of interest. They visited Radio City music hall, Trinity church and the American museum of natural history. In Boston, Massachusetts, they visited Bunker Hill and went through Harvard university, viewing the display of glass flowers, the only such collection in the world. They also visited Brooklyn university, where Professor Worley has a chair. They visited Mrs. L. G. Worley's parents at Southampton, Massachusetts, and then visited many points of interest in Washington, D. C. They especially enjoyed the ocean bathing.

On the way east they went through the floods in the Connecticut valley which was a little hazardous but they had no trouble to mar the memory of the fine trip.

AN OLD TIME RESIDENT

He then came to Plattsmouth and has since resided here, harrng two years at working in the local Burlington shops. He has been in business for himself until his retirement was made necessary by advancing years. Mrs. Beal died ten years ago and also a son and daughter preceded the mother.
