ASK DELAY ON TRAIN ORDER

LINCOLN, Sept. 1 (UP)—Burlington railroad officials today asked for a slight delay in hearing of the line's application to discontinue operation of passenger motor trains 97 and 98 between Nebraska City and Beatrice which run daily except Sunday.

The Burlington asked that the hearing, originally scheduled before the state railway commission October 1 be set ahead "some time within the following week" so that railroad men might attend the Veterans Association of the Burlington meeting in Kansas City, Missouri, on that date.

The two motor trains in question serve, in addition to the terminal points, Crab Orchard, Vesta, Tecumseh, Johnson, Auburn, Nemaha and Brownville. The Burlington claimed total monthly revenue from the trains "cut by private transportation means" was \$1,044.88 which despite "careful and efficient management" left an average deficit of \$160.42 monthly.

TRAINS OUTRACING AUTOS

BOISE, Ida. (UP)—E. T. Spencer, state traffic safety director, has issued a plea for motorists "to give up the old idea" of trying to beat trains to the railway crossings. In six given cases so far this year, the train got there first, with a total of 11 casualties.

APPROVE PWA GRANT

APPROVE RULO BRIDGE

FALLS CITY, Neb., Sept. 1 (UP)—Charles W. James, president of the Falls City Chamber of Commerce, received a wire from Arthur J. Weaver, former governor of Nebraska, late Wednesday stating that President Roosevelt had approved the Rulo bridge.

More details of the \$726,000 span over the Missouri are expected by officials who now presume that a grant of \$325,000 is assured by virtue of the presidential approval.

Former Governor Weaver left for Washington Saturday in hopes of securing PWA approval of the bridge. He represented Falls City and St. Joseph Chambers of Commerce and other Missouri and Nebraska communities and organizations.

BACK TO REFORMATORY

LINCOLN, Sept. 1 (UP)—Corry Mayhugh, 30, of Falls City was back in the state reformatory today for violation of his parole.

He was arrested at Falls City for allegedly driving a car while intoxicated and causing an auto crash. Mayhugh was paroled last July 1 after serving about 18 months of his one to five year term for auto theft.

Blair Man is Seriously Hurt in Auto Wreck

Chevrolet Coupe and Rock Truck Sideswipe on Highway No. 75 North of Plattsburgh.

George Morris, of Blair, is at the St. Joseph hospital at Omaha as the result of very severe injuries suffered in a car-truck crash on highway No. 75 north of this city, Friday night.

The accident occurred as Frank Krejci, local trucker, was coming south on the highway with a part load of building rock, while the coupe of Mr. Morris was going north.

The car and truck sideswiped near the Elliott farm and as the result of the impact the truck was overturned and rock scattered around the highway. The left side of the coupe was damaged.

Mr. Morris was apparently driving with his arm partially out of the window when the accident occurred and the left arm was badly shattered and broken in two places. It was also thought that a skull fracture was sustained and the man apparently in very serious condition as he was taken to the office of Dr. L. S. Pucelik. He was later taken on to the St. Joseph hospital at Omaha for treatment and care, being taken there in the Horton ambulance.
