

Council Prepares to Submit Projects to the People

First Resolution Is for PWA Aid in a Municipal Auditorium—Discuss Light and Power Situation.

From Tuesday's Daily—

The city council at their session last night took up the matter of consideration of projects which the city planning board suggested and one of these, that of a municipal auditorium, was ready for consideration while the others will be taken up later and all be ready for submission to the people at an election to finance the same.

A communication was received from the trustees and officers of the American Legion building and post, in which it was stated that the post would turn over to the city of Plattsmouth, its building on Vine street, representing an investment of \$17,000, providing the city would supply the \$3,000 to pay off the remaining indebtedness on the building and securing PWA funds to complete the structure. The Legion asked only that the post and the Auxiliary be allowed a meeting room and that the auditorium remain rental free for memorial day service. This was received and placed on file.

A communication was received from the planning board in which it was stated that under a PWA proposed grant of forty-five per cent of the amount needed could be secured to complete the building and as the American Legion was willing to turn over their investment to the city, it was recommended that application for a PWA grant of \$17,398 be made for the completion of the building. The city to submit to the voters the matter of the raising of funds for the city's share.

Councilman Webb stated that he was of the opinion that the city should not take a position either for or against any of the projects suggested, but go ahead and if desired take such steps as would place the matter up for the consideration of the voters as a bond issue would be necessary to raise the city's share of the project costs.

It was explained by Mr. A. L. Tidd of the planning board that the proposed structure was only a one story building to be erected on top of the present legion building which is a half basement.

After some discussion a resolution was presented in which the mayor was authorized to sign for the city an application for a grant from the PWA for a municipal auditorium. On motion of Rehal, seconded by Vincent, the resolution was adopted. Mr. Tidd said that it was expected to get the Chicago avenue paving proposition in shape for action at once so that this too might receive consideration. He also favored the creation of a sewer at the same time, but felt that these might be better carried out under the WPA project plans.

Mayor Lushinsky pointed out that the sewer when built should be adequate and ample to carry off the water from the heavy rains.

Grant Use of Streets A communication was received from the King Korn Carnival committee of which L. W. Niel is secretary, asking that the committee be allowed the use of Fifth street from Main to Vine, also that the fire department had stated that they could use the east entrance to the fire station in case the street was occupied. It was also asked that permission be granted to erect a band stand at Fifth and Main streets. On motion of Comstock, seconded by Vroman, the permission was granted.

Councilman Schutz suggested that detour signs be placed out for highway No. 34 during the carnival when the highway is closed during parades. There was some discussion and it was suggested that in putting up detour signs that the permission of the state highway department be secured. Mayor Lushinsky stated that he would have special traffic directors out for the short time that it would be necessary to clear the highway.

A communication was received from the Nebraska League of Municipalities announcing their meeting at Kearney on October 12 to 14 and urging the Plattsmouth city officials to attend.

City Clerk Albert Olson reported that in August his office had collected \$189.65 and which had been turned over to the city treasury.

Chief of Police W. M. Barclay reported that eight arrests had been made for August and cash fines and costs of \$31 collected and some given work sentences.

City Treasurer M. D. Brown reported that the city funds at the first of the month represented the sum of \$15,718.17 and which was

deposited in the Plattsmouth State bank.

The Plattsmouth Volunteer fire department had a number of communications before the council. One was that of the list of officers recently elected and the members of the department; a communication asking permission to have a small club room made in the south part of the old hose house, permission for which was granted. The department also asked that 200 feet of one and a half inch double jacketed hose be purchased as well as couplings. This was referred to the fire and water committee to secure prices.

A communication was received from property owners in block 59 between 7th and 8th street and Marble and Rock streets, asking that the alley, running east and west through the block be opened. The petition was headed by Mrs. Maybelle Gorder and others. On the motion to have the alley opened it was carried.

Chairman Tippens of the streets, alleys and bridges committee, whose committee has been kept on the rush in recent weeks, reported that the battle was on clearing up the dirt streets that were rutted by each rain and that maintainers had been out gradually getting the work completed. Mr. Tippens asked that the chief of police be notified to arrest persons found dumping debris, grass or other articles into the waterways of the city.

The question of weed cutting was given an airing by the meeting and after an examination of the city ordinance on the matter it was decided to have the city street department cut the weeds where needed.

The question of where, when and how to "spike" was brought up by Councilman Vincent and led to some discussion but the general opinion was that it was illegal in places that had legal licenses to sell liquors or beer.

Chairman Gabelman of the claims committee reported that a satisfactory settlement had been made of the bill for storage of the fire truck and the sum of \$7.50 for storage and battery had been reached and on motion the amount was ordered paid.

On the suggestion of Councilman Comstock the electrolier globes were ordered cleaned up before the Korn Carnival and at the cost of \$9.50.

Discuss Lighting Problem There was quite a lengthy discussion of the matter of the city securing adequate protection in the event of the sale of the Iowa-Nebraska Light & Power Co., to the Nebraska hydros as has been frequently reported. Chairman Comstock of the lighting committee reported a conference had been held here by the committee, the vice-president of the Iowa-Nebraska Light & Power Co., F. I. Rea, local manager and Mr. Beeles of the Nebraska League of Municipalities, relative to the securing of an agreement that the city would have a ninety day notice of any sale of the power plant. No action had been taken because of the fact the vice-president stated he had no authority to make the agreement and the president, L. B. King was out of Lincoln. Since that time a letter had been received here by the local offices of the company from Mr. King in which it was stated that it was not thought necessary to make the agreement as the sale was not probable. Councilman Webb stated that the city would no doubt be able to secure their current as now under any circumstances but that the question was whether it was desired to have it controlled here or at Hastings or some other place.

It was decided on the motion of Councilman Tippens that the city attorney and the mayor contact the legal representatives of other cities similarly affected to see what might be done in the way of mutual action in case the transfer of the light and power companies were made.

Councilman Vroman of the police department reported that members of the force had been given vacations he understood after only a short time in the department and that the ordinance provided vacations

only after a year of service. He had not been consulted in the matter or that of placing of the extra relief man on the force.

To Revise Ordinances

Chairman Rehal of the judiciary committee presented a communication from George Mann, of Lincoln, noted municipal law expert, who had met with judiciary committee members and other city officials a week ago to consider revision and codification of city ordinances. He stated towns were accepting the WPA proposal to have this work done at a much smaller cost than if by private contract more rapidly than had been anticipated, but a place was being held for Plattsmouth among the initial group of twelve towns to be worked, if the city cared to accept at this time.

A blanket proposal has been approved in Washington for ordinance revision projects in a total of seventy Nebraska towns, with Mr. Mann designated as project supervisor. The setting up of the project here would provide employment for a force of four to six typists, copy readers and checkers from among the so-called "white collar" groups on the unemployment rolls with an expenditure of several hundred dollars to local labor. The expense to the city would be \$73.71 for supplies (listed in detail) including several blank books for the recording of historical and appropriation ordinances, and the responsibility of providing 120 printed copies of the new ordinance book. This will be the first book form revision of the ordinances since 1902. The council voted unanimously to accept the WPA proposal and provide the necessary supplies for carrying on the work. After the ordinances have been typed and carefully checked here they will be sent to Lincoln, where the revision and codification will be done in the state office under the personal supervision of Mr. Mann.

Defer Truck Purchase

The matter of the purchase of a truck by the city for use of the street department was discussed at some length, and on advice from the city attorney that the price would be large enough to require advertising for bids, the proposals from the different dealers in the hands of the committee were held in abeyance, until after the published call for bids has been made.

Refund \$16,000 Bonds

The finance committee presented a proposal from Walter V. Raynor Bond Co., of Omaha, to refund \$16,000.00 of Intersection Paving bonds at 3 per cent interest and a premium of \$66. These bonds, issued April 1, 1923, originally bore 5 1/2 per cent interest, which was reduced to 4 1/2 and later to 4 per cent. In the four and a half years the bonds have yet to run, the interest saving to the city would be \$720 at the 3 per cent rate, and the council unanimously supported the committee's resolution to have the bonds called for October 1 payment, and refunded, with the Raynor company paying for the new bonds and preparing the legal history without cost to the city.

Claims Allowed

The following bills were ordered paid: Iowa-Nebr. Light & Power Co., street lights \$250.95; Bates Book Store, supplies 1.30; Walter Burke, burying 1 dog .60; F. R. Gabelman, painting sign 5.00; F. G. Fricke, supplies police 1.00; Ofe Oil Co., gas, fire truck 18.49; H. M. Soennichsen Co., red cloth .84; Platts. Water Corp., hydrant rental 483.96; Iowa-Nebr. Light & Power Co., light city hall 2.61; Stewart Cafe, meals to prisoners 11.00; E. J. Markham, truck rental -- 38.85; Tidball Lumber Co., cement -- .75; Ofe Oil Co., kerosene -- 16.34

AGED LADY INJURED

From Tuesday's Daily— Mrs. F. S. White, 93, was injured last evening in a fall at her home on North Sixth street. Mrs. White had been out on the law of the home with some friends and started into the house, suddenly falling and before she could be reached had struck the walk. She was assisted into the house and medical aid called. Dr. R. P. Westover found that it was probable that she had sustained a slight fracture of the hip and she was accordingly hurried to the infirmary at the Nebraska Masonic Home where she is being cared for. It is not thought that the fracture is severe, but at her very advanced age it makes the case more serious. She was reported this morning as resting very comfortably.

ENGINEERS DEFEAT ATLANTIC

From Tuesday's Daily— The local U. S. Engineers softball team defeated Atlantic, Iowa, last evening at Malvern, by a score of 5 to 0. The Engineers started early in the game to score, getting five runs in the opening frame, and then played flawlessly behind the excellent hurling of their ace, "Chuck" Nelson. Nelson had the help of his favorite catcher, hustling Fay Spidell, and gave up but one lone single, and allowed but two men to reach base, one by virtue of a harmless error. "Chuck" whiffed seven of the last year's tourney champs. This was the Plattsmouth entry's first tournament contest, the second game being scheduled for this evening, weather permitting.

LEAVE FOR THE EAST

From Monday's Daily— This morning Clemens and Herbert Sundstrom department for the east where they are expecting to visit with relatives and to possibly locate as they have completed their educational work at the University of Nebraska. They will visit at Pittsburgh with their uncle, Bert Jacobson and at Providence, Rhode Island with another uncle, Paul Jacobson and look over that section of the east. Vincent Sundstrom, the youngest son of the family, is leaving today for Lincoln where he takes up his second year in the University of Nebraska.

AN ODD TREE

A cone from a monkey puzzle tree is being displayed at the Plattsmouth public library. This is a very odd tree and although it grows into a very large tree every limb and the trunk are of equal size. Each year's growth is shown by a joint of the tree. The monkey puzzle tree is a native of Africa, although the cone displayed here was brought back from a tree in Washington by Miss Olive Jones, librarian.

LOCALS

From Monday's Daily— Mr. and Mrs. George Rieke of Union were visiting in Plattsmouth Saturday.

A. F. Thomas of Pueblo, Colorado was attending to business Saturday in Plattsmouth. Mr. and Mrs. T. J. Wurdeman of Omaha spent Sunday with Mrs. Fannie Crosser and Miss Etta Nickles. Mr. and Mrs. James Bridgewater were in Peru Sunday where they spent the time visiting with relatives and old friends.

From Tuesday's Daily— Miss Alberta Timmas left this afternoon to begin her second year at the University of Nebraska.

Miss Nadine Naeve left Sunday for Peru where she will attend Peru Normal school. Miss Virginia Trively also left Sunday to resume her studies at Peru.

From Wednesday's Daily— Mrs. George Trotter spent the day in Omaha today.

Miss Sophia Kraeger and Mrs. William Schmidtman were in Omaha yesterday where they attended the garden center classes held at Elmwood Park there.

VISIT RELATIVES HERE

Rev. and Mrs. C. A. Arinson, of Douglas, Nebraska, have been here as guests at the home of Rev. and Mrs. J. C. Lawson for the past few days. Rev. Arinson is a brother of Mrs. Lawson and with Rev. Lawson was attending the Methodist conference at Omaha the past week and today.

SOCIAL WORKERS FLOWER CLUB

The Social Workers Flower Club met at the country home of Mrs. Sam Gilmour with Mrs. James E. Wurga and Mrs. J. L. Stamp hostesses.

After the business meeting Mrs. George Mumm had charge of a very interesting program which was enjoyed by all. Several guests were present.

A delicious two course luncheon was served at the end of the program. The next meeting is Oct. 12.

BIRTH OF DAUGHTER

From Monday's Daily— The home of Mr. and Mrs. Robert Jacobs was made very happy last night by the birth of a fine 8 1/2 pound baby girl born at 11 o'clock at their home. The mother and daughter are doing fine.
