MONOPLANE GLIDERS OFFERED TO PLATTSMOUTH BOYS AND GIRLS
Grocers Will Explain Full Details of This Offer

The PLATTSMOUTH JOURNAL, thru the courtesy of the Quaker Oats Company is offering every child in Plattsmouth and the surrounding trade territory the latest model Wright-Dayton Monoplane Glider (as pictured above). And what fun the kiddies will get out of this wood constructed glider. Launched with a rubber band it will fly far and high ... loop-the-loop ... bank ... glide ... and land like a big plane. Furthermore, every boy and girl can be an ace pilot of this Monoplane Glider because of its self-operating feature. For example—in one of the stunt performances this feature permits the plane to automatically adjust itself from a straight-away flight into a loop. Then it straightens out and glides to the ground. But in addition to having loads of fun with this glider boys and girls can really learn the fundamental principles of the man-sized plane. For this glider was designed by one of the famous Wright Brothers. Information on how to get the Monoplane Glider free with Quaker Oats trademarks is available at all grocers.
