

Music Theme at Meeting of the Auxiliary

Attendance Below Par Due to County Fair—Child Welfare and Rehabilitation Planned.

From Saturday's Daily—With many attending the county fair at Weeping Water yesterday, attendance at the monthly American Legion Auxiliary meeting was cut to fifteen members, one local guest and two guests from the Greenwood unit. The latter two were Mrs. Mildred Comstock, county president, and Mrs. Downing.

The meeting was held at the home of Mrs. Max Vallery, in the country. Associate hostesses were Mrs. Dave Pickrel, Mrs. R. T. Cuthrell and Mrs. Frank Rice.

The ladies discussed at their business meeting the banner they expect to have completed before the date of the district convention here,

membership, child welfare activities and rehabilitation work. A sale of extracts has been sponsored to provide funds for the child welfare program, and when completed, the public will be advised of the amount realized.

Each year the unit collects discarded and broken toys, having them repaired and repainted, and distributes them, along with other gifts, to the children of all needy families in the community. This work is carried on with aid from the picture show and employees of the Recreation Service.

To carry on the rehabilitation work all members are asked to save woolen materials of any kind and color for the making of comforters. The unit has two on hand now and expects to make at least three more at Kensington meetings during the early fall season. These will go to the more needy families of service men in this community.

Material for the unit banner is being procured and several all-day Kensington sessions will be required to get it and the accompanying

fringed American flag ready before the date of the district convention. In addition the ladies expect to make overseas caps to be worn by the members while similar caps of different color will be worn by Junior Auxiliaries at the convention and on other ceremonial occasions.

"Music" is the theme of September Auxiliary meetings throughout the country, and the program was in charge of Mrs. Wiley Sigler, music chairman of the local unit.

Mrs. Henry Nolting rendered several piano-accompaniment selections that were greatly appreciated and Mrs. Sigler spoke briefly on the importance of music in the home and elsewhere.

Mrs. Comstock, county president, advised that the fall county-wide meeting will be held on October 27, at Weeping Water.

Mrs. C. A. Marshall, chairman of the Year Book committee presented the members present with copies of same, which list the places of holding each month's meeting, names of the hostesses and program themes.

October meeting, on the 21st, will also be held in the country, at the home of Mrs. Ed Tritsch.

Plans are gradually being formulated for the district convention here in the late fall and for a chicken pie supper which the organization will sponsor on Armistice eve.
