Misses Mia and Barbara Gering returned home Thursday afternoon from a very pleasant outing that has covered some 6,000 miles and took them to the west coast and the strangely fascinating land of the southwest.

Misses Mia and Barbara Gering returned home Thursday afternoon from a very pleasant outing that has covered some 6,000 miles and took them to the west coast and the strangely fascinating land of the southwest.

The ladies had arranged their trip so that the journey took them to the places of greatest interest, great scenic wonders and the great structures of man's handwork, among the latter the great Boulder dam in Nevada and the two bridges that span San Francisco Bay and the Golden Gate.

Among the great scenes of natural beauty visited by the ladies was that of the Zion park and Bryce canyon in Utah, which in recent years had proven two of the most attractive spots in the west for the tourists and seekers after the true beauty of the

mountain country, they also visited at the Grand Canyon of the Colorado.

The ladies are enthusiastic over the great city of San Francisco and its many places of interest and while there they had the opportunity of visiting the magnificent Huntington library, one of the greatest in the United States. They also motored along the seventy mile ocean drive to see the varied beauty of California and at Mt. Carmel, California, had the pleasure of a visit with Mrs. Joseph Klein, a former Plattsmouth lady who has made her home on the west coast for many years.

Traveling to Sacramento, the ladies enjoyed the varied scenery in that part of the west, motoring to Lake Tahoe, located in the mountains and one of the most beautiful of the spots in that section. At Sacramento the ladies also met Mr. and Mrs. Monte Streight, old Plattsmouth residents, with whom they had a pleasant visit and who assisted in showing them the sight of that part of the country.

A pleasant feature was the drive over the Mother Lode road, a highway that was used for many years for the transport of the gold and silver from the mines of California and Nevada.

Turning southward the ladies spent several days in Los Angeles to visit with the old friends and then a journey into old Mexico where they found many places of interest and in viewing the scenes and customs of the residents. On the way toward the homeland they stopped at Tombstone, Arizona, one of the vivid places in the history of the southwest in the days of the bad men and hard living, and as the name indicates, a habitat of the gunmen of the 70's and 80's. While in Arizona they stopped at Wilcox, near where they visited Mrs. E. L. Siggins, who lived here a number of years ago and now has a most attractive ranch.

After a stop at El Paso and a short trip into Mexico, the ladies turned their way northward and stopped at Oklahoma City for a visit at that city with Mr. and Mrs. Henry Herold and family and then on home. With the many places of interest visited, however, the ladies found the most alluring that of their own home on North Sixth street in good old Nebraska.

### PASSES CHORAL TESTS

ST. CHARLES, Mo., Oct. 13.—Miss Jean Knorr, of Plattsmouth, Neb., has passed the tests making her eligible as a member of the choir at Lindenwood College, which she entered this fall. There are 50 student voices in the choir, under the direction of Miss Doris Gieselman of the faculty. Their duty is to sing at several important events of the year, and also every Sunday night at the vesper services in Roemer auditorium. An outstanding occasion will be Founders' Day, Thursday morning, October 27, when Miss Knorr will assist in the rendition of the "Gloria" from Mozart's "Twelfth Mass." At this program the Founders' day address will be delivered by Mrs. Hiram C. Houghton, director for Iowa, General Federation of Women's clubs, who will speak on "The Challenge for a New Day." It will be the 112th Founders' Day for Lindenwood.

Other freshmen from Nebraska who are singing in the Lindenwood choir are Miss Elizabeth Meyer of Grand Island, and Miss Maxine Courtney, of St. Paul, Neb.

### PARENTS OF NEW DAUGHTER

Friends here have received announcements of the birth of a daughter on October 8th at San Francisco, of a fine five pound daughter to Mr. and Mrs. Otto Soennichsen. The little Miss has been christened Virginia Trudy Anne, and with the mother is doing nicely.

Mr. Soennichsen is a former resident here where he graduated from the local high school in the class of 1929, but has for the past several years made his home on the west coast and where he has a very fine position.

### Railroads Picture Pay Cut as Recovery

Conclude Testimony on the Matter of Wage Reduction as Aid to Recovery Program.

WASHINGTON, Oct. 15 (UP)—The railroad industry, in concluding testimony before President Roosevelt's wage board, today pictured its proposed 15 per cent wage cut as a possible boost to recovery.

Dr. J. H. Parmelee, chief statistician for the association, challenged testimony before President Roosevelt's wage board, today pictured its proposed 15 per cent wage cut as a possible boost to recovery.

He cited a speech made by Interstate Commerce Commissioner Joseph B. Eastman in Chicago last April warning railroad labor to be cautious in its wage demands.

These benefits might accrue from a wage reduction, Parmelee said:

1. It would permit railroads to call back furloughed employees and thus reduce rail labor unemployment.
2. Railroads could "enlarge their building programs."
3. The carriers would be able to increase their maintenance forces.
4. The aggregate purchasing power of railroad employees might be maintained or even increased through recall of employees now without jobs.
5. Industry as a whole would be "stimulated" by the purchases of materials and machinery which the railroads would be in a position to make.
6. Credit of some railroads would be improved so they could pay bills and acquire new credits for maintenance and other improvements.

### VISCOUNTESS DENIES STORY

MANCHESTER, England, Oct. 15 (UP)—Viscountess Astor said in a speech last night:

"I have been very much maligned by sections of the press as leader of the Cliveden set which believes in Fascism, Nazism and every other ism. There is not a word of truth in that communistic fable. I am a complete and whole-hearted democrat."

The so-called Cliveden set was named after the Astor country estate near London, where, it has been alleged, pro-German policies have been discussed by guests of Viscount and Lady Astor.

### ARREST GAME LAW VIOLATORS

LINCOLN, Oct. 15 (UP)—The state game commission today "cracked down" on hunters who failed to heed the legal opening hour at 7 a. m. to start their duck hunting.

Secretary Frank B. O'Connell said Peter Humlicek and Zola Carper, both of Lincoln were arrested for shooting geese at 6:19 a. m. on the Platte river near Schuyler. They were fined \$20 and costs by County Judge William H. Roeter at Schuyler.

O'Connell warned that all state conservation officers had been advised to be on watch for premature duck hunters. He reported that hunters were finding plenty of birds in the Lincoln area.

### RICHEST CHINESE LAUNDRYMAN IN WORLD DIES

NEW ORLEANS, Oct. 15 (UP)—Charlie Tung, the richest Chinese laundryman in the world and a leading citizen, died last night.

He came here from Canton in 1911 and opened a hole-in-a-wall laundry. But he was acutely aware of his times, and investing his savings in machinery, soon was operating a modern laundry. This has since grown into the largest laundry chains here and one of the largest in the south.

Tung was best known for the elaborate parties he gave for his son, Edson. A year ago he rented for one night a hotel room and entertained social and political leaders. He was reputed to have donated a fortune to the Chinese government to help finance its war with Japan. His fortune was estimated to be far in excess of \$1,000,000.

Tung was 45. He died of a cerebral hemorrhage.

### TECH STAR INJURED

OMAHA, Oct. 15 (UP)—Tech beat Benson in football yesterday 13-7, but lost the services of its stellar fullback, Eddie Dygert who in trying for a tackle in the first period, suffered a broken neck. His condition was "fair" at Immanuel hospital this morning.

Dr. Edward Thompson who examined the boy on the field found the youth had broken a vertebra in his neck. A police ambulance took Dygert to the hospital.

The accident was the first serious one of the football season here.

He is the son of Ed Dygert, state skeet and trap shooting champion. His mother was on the sidelines at the time he was injured while his father was out-state hunting.

The quick action of a physician on the field probably saved the boy's life.

### PAINTER ELECTROCUTED

MALVERN, Ia., Oct. 15 (UP)—W. F. Austin of Malvern was electrocuted here yesterday afternoon while engaged in painting steel framework to the substation of the Iowa-Nebraska Light and Power company. Oscar Finkle, assistant dispatcher who was working with Austin suffered burns on the arm.

### TO ONE WHO HAS SERVED

Sunday, October 16, 1938, Mr. C. A. Rawls will be 82 years old. He was a child of rugged pioneer parents. His mother—early widowed—never wavered in her faith in God and devotion to her family.

She taught her children that reverence for God and devotion to the church were of first importance and that the great commandment was to love ones neighbor as ones self. Loyalty to ones country in peace and war was instilled into their lives. Mr. Rawls has served the church, his country and this community with integrity and devotion.

### DEBTLESS CITY

This year's League of Nebraska Municipalities meeting has the distinction of being held for the first time in a debtless city. Kearney recently paid off its last penny of bonded debt. The school district has considerable bonded debt, however, so the tax rate there is not as low as one might inspect. Then, too, the town is doing much WPA work on the streets and in park improvement. They have one of the finest parks that will be found anywhere in towns of that size and Kearney residents all advise, "Don't fail to see our park before you go home."
