

Regular Session of City Council Monday Night

Receive Protest on "Flophouse," Plan Action of Tax Certificates and Let Heating Contract.

The city council held its regular session last evening at the city hall and with all of the membership ready for the starting bell at 7:30 and to take up the large amount of routine business that confronts them.

The council received a letter of appreciation from Fontenelle chapter of the Daughters of the American Revolution, thanking them for the assistance in placing the memorial boulders over the city.

A communication was received from a large number of the residents of block 33, located on Main street, protesting the condition of the premises located on the west half of lot 4, block 33. The communication asked that the board of health take some action to have the place cleaned up and the present condition eliminated. This was referred to the board of health and fire department.

Protest Unsanitary Condition.

The city also received a communication from the state board of health and in which was set forth the sanitary requirements of the city, the sewerage regulations required, water-works, swimming pools, public drinking fountains and cups and other regulations that must now be complied with.

Mayor Lushinsky of the board of health reported that the fire department had made an inspection of the city and its buildings and made suggestions and recommendations that would later be placed in the hands of the property owners.

Chief O. Sandin of the fire department reported a fire on October 19th of a car belonging to Hubert Dew and which was a \$50 loss.

Police Judge C. L. Graves reported that for the week of October 13th there had been one arrest and fines and costs of \$8.25, for the week of October 20th, one arrest and the fine to be worked out.

Councilman Rebal inquired as to the proposed project of ordinance revision, and which had been expected to be started by October 17th. It was stated by the mayor that the matter had been delayed owing to the fact that George Mann, attorney had been unable to get organized for the work.

Plan Tax Foreclosure

Chairman Webb of the tax and property committee discussed the status of some fourteen tax sale certificates held by the city and which must have action started soon or the proceedings would have to be all renewed. It was decided to have some twenty pieces of property placed in an action for foreclosure and that the city secure Attorney J. A. Capwell to conduct the suit for the city.

Councilman Tippens of the streets, alleys and bridges committee, reported that the street work was being wound up as rapidly as possible. In the last rains the streets were badly cut up and it had been necessary to have the county maintainer and a double force of men on to try and get them in shape. This had cost considerable and would make necessary the curtailment of other work. The fill on highway No. 34 had also proven a costly job.

Mayor Lushinsky asked that ten

Thomas Walling Company Abstracts of Title Phone 324 - Plattsmouth

or twelve loads of dirt be hauled on the new tennis courts and which was approved by the council.

Chairman Vincent of the license committee, presented the report of the committee recommending the granting of an "on sale" beer license to George J. Stoll, Jr., to operate a tavern in the Hotel Plattsmouth building. This recommendation and the resolution granting the license was approved by the council.

Mayor Lushinsky announced that he had been notified by the state liquor commission that costs in the hearing of complaints against the Hoffman tavern here, were unpaid and the license which was to be restored October 25th, must be held until the costs were cleared up.

Extend Heating Plant

Chairman Tiekotter of the parks and improvement committee then presented bids for the extension of the heating plant from the city hall to the new fire station and also for other repairs to the plant. Bids were received from Bestor & Swatek, \$178; George Hall, \$165.87; Kroehler Hardware, \$188. These were referred to the committee and after checking the bids the contract was awarded the lowest bidder, Mr. Hall.

Chairman Comstock of the lighting committee reported that purchase had been made of bulbs for the city electroliters and from the lowest bidder, Bestor & Swatek.

Chairman Vroman of the police committee reported that the matter of fees for the police for use in operating their cars on duty had been called to his attention. In 1933 it had been voted by the council to pay the night man on the force \$10 for gas money and he to use his car in line of duty. At the time the resolution was passed the chief of police was without a car. At this time the present chief of police has his car on the street in the daytime and has made a great many trips and answered calls on city business, which had led to the suggestion that the gasoline money be divided. After some discussion it was voted that the \$10 be continued for the night police and that the chief of police be allowed \$5 for the day use of his car.

It was also recommended that two additional men be placed on the police force for Hallowe'en night.

The members of the council had a very interesting report and side-lights on the state meeting of the League of Nebraska Municipalities at which there had been present the mayor and several of the members of the council. All of the members had gained a great deal of inspiration and information from their attendance.

The following bills were ordered paid by the council:

Table listing bills ordered paid by the council, including items like Frank Enearl, kerosene, Franklin Kief, street work, Harry Gouchenour, same, D. L. Ramel, tractor work, George Taylor, street work with team, Elmer Gouchenour, st. work, John Kubicka, same, Ivan Taylor, same, Albert Olson, stamps, City officials at Municipal League, mileage and expense, Bestor and Swatek, electric light globes, J. Loveless, same, L. W. Egenberger Agency, insurance, Recreation Center, allotment, C. A. Hula, WPA project.

Dr. Frank Smith Speaks on the Frontier of Time

Rotary Club Hears Very Fine Address on the Subject and Need of Learning to Live.

Tuesday at their weekly luncheon the members of the Rotary club had the pleasure of a visit from Dr. Frank G. Smith, noted Omaha divine minister and who brought them a thrilling message of "Frontiers of Yesterday and Tomorrow." Dr. Smith is one of the noted orators of the west and in his message left much food for thought in the needs of human understanding and friendly relationships in the future years.

Dr. Smith took up the gradual conquering of the territorial frontiers, the first landing of the peoples from the old world on our shores and gradually the forcing back westward of the frontier, first the states of the great lakes and the south, then westward across the Mississippi, the opening of the great plains territory, in this he giving a great deal of Plattsmouth and Nebraska history as this was one of the chief points of the westward migration of the hardy men and women of the late forties and fifties. When these territorial frontiers had been swept aside and a great nation now exists, it was up to the men and women to face the frontiers of the tomorrow, the chief of which man must learn to conquer, that of human relations, the knowledge of how to live, the betterment of relations between individuals as well as nations, between employer and employee. Only in this way can the last great barrier of a world of peace and usefulness be secured.

The meeting was in charge of E. J. Richey as leader and who presented the speaker and members of the visiting party. There were some ten from Omaha here as well as visitors from Nebraska City.

John Tidball and Joe York, high school students who have been the

members for October, gave their impressions of Rotary in a fine manner and expressed their appreciation of their pleasant associations.

MANY ATTEND RECEPTION

From Wednesday's Daily— One of the largest crowds that has been gathered at the American Legion auditorium was present last night at the reception and dance for Mr. and Mrs. William C. O'Donnell, whose marriage occurred Tuesday morning at Omaha.

The hundreds of friends joined in the congratulations and well wishes to the happy young people and to enjoy the dance that had been arranged by the family of the groom in honor of the newlyweds.

Charley Kucera and his orchestra of Omaha, furnished the music for the dance and their tuneful melodies were much enjoyed by the large crowd that filled the hall.

During the evening refreshments were served to add to the enjoyment of the large group of friends of the young people.

SECOND CROP POTATOES

From Monday's Daily— Joseph Jelinek, one of the old residents of the city, has a second crop of potatoes maturing in his garden on west Vine street. Mr. Jelinek brought several specimens to the Journal today as proof that Nebraska this year is capable of being a two crop state.

RETURNS FROM IOWA

From Tuesday's Daily— S. S. Gooding returned home this morning from Marshalltown, Iowa, where he has been on a visit to an aged aunt. The aunt has not been in the best of health for a number of years and Mr. Gooding has visited her quite often.

VISIT HERE SUNDAY

Charles Byers, Jr., and wife of Sioux City, Ia., Mrs. Charles Byers, Sr., Walthill, Neb., were visiting Mrs. Mary Burnett Sunday and Mrs. Burnett and Walter Byers went to Walthill for a visit with relatives.

It's Still "March 5, 1933" IN MANY SMALL NEBRASKA TOWNS

YOU remember March 5, 1933—the "Bank Holiday"—

That morning—when it dawned upon you that the small change in your pocket was all the money you had, all the money you could get—to live on... remember how you felt? How dazed and dumbfounded, how stunned?

And you remember, too, that during those few days of "bank holiday," business suffered... jobs ended for many persons... confusion and uncertainty prevailed!

You realized then, from actual experience, what lack of Bank service means to a community... how helpless we are without it.

In many small towns of Nebraska there has been no end to "bank holiday." No bank has reopened; no new Bank started. In these communities of our State, business is still handicapped and people are still inconvenienced by lack of a Bank!

LET'S BE FAIR This condition is no fault of our small towns. They may not be able to maintain a National Bank; they easily could maintain a State Bank. But an old Nebraska law imposes double liability on stockholders, which is now

unfair to State Banks and discourages people from operating a State Bank. State Banks can insure deposits, the same as National Banks. So double liability is no longer needed.

Let's be fair to our small towns that need a Bank. Be sure to vote on the proposal about State Banks—and vote "FOR" repeal.

BOTH PARTIES HAVE ENDORSED IT For the good of Nebraska, BOTH major parties have endorsed repeal of the unnecessary and harmful double liability law.

Regardless of your politics, your party asks you to vote on this proposal at the coming election—and vote "FOR" repeal.

COMMITTEE FOR REPEAL of Double Liability

VOTE "FOR" REPEAL Here is the proposal as it will appear on the non-political ballot: [FOR] repeal of Section 7, Article XII, Constitution of Nebraska, fixing individual liability of stockholders in banking corporations or banking institutions, and [AGAINST] repeal of Section 7, Article XII, Constitution of Nebraska, fixing individual liability of stockholders in banking corporations or banking institutions.

FORMER RESIDENT ILL William Lewis, 73, a former resident of this community, and who has been making his home at Laurel for some time, is at Omaha now where he is receiving treatment as he has not been well for some time and it is hoped that the treatment at the hospital may relieve his condition. Phone news items to No. 6.
