Let's remove the "BLACK SPOT" from the "WHITE SPOT"!

FREE from debt, nuisance taxes and other such restrictions on business, Nebraska—the White Spot has become the envy of the Nation.

But there is still one blot upon the whiteness of our public policy. We are needlessly penalizing our State Banking System and thereby stifling business in many of our small towns.

State Banks, in Nebraska, are still subjected to double liability—although State Banks can insure deposits, the same as National Banks which have no double liability. This is an unfair handicap on our State Banks and discourages the conducting of a State Bank.

A Bank is necessary to growth and development of any community. These small towns cannot maintain a National Bank but they easily could maintain a State Bank. Double liability is keeping them from having a Bank.

State banking systems of thirty-five states have no such burden.

At this coming election we can repeal this unnecessary and harmful law.

Let's stop penalizing our State Banking System—Let's be fair to our people who need the advantages of a Bank—

Let's keep the "White Spot" white!
Vote "FOR" repeal.

This Proposal about State Banks Will Be on a Non-Political Ballot and Will Read as Follows:
