### COMPLETE "MASS" OPERATION

CALENDAR, Ont., Nov. 9 (UP)—The "mass" operation on the Dionne quintuplets for removal of their infected tonsils and adenoids was completed shortly after noon by Dr. D. E. S. Wishart of Toronto. Dr. Allan Roy Dafoe, the quins' physician, reported the operations were a success. Operating on a dining room table in the main room of the Dafoe nursery which had been transformed into a modern operating room, Dr. Wishart worked slowly and with infinite care on the five babies. Marie, smallest of the five, was first to go under the general anesthetic. She was followed by Annette, Emilie, Yvonne and Cecile in that order. Each operation required about 30 minutes.

### Comparative Food Values **BUTTER & OLE**

The government is giving BUTTER—not Oleo-margarine. Why? Because they know that it takes 20 lbs. of 'Ole' to provide the same amount of food value as one pound of Butter.

USE BUTTER and accept no substitute for Butter. Your grocer sells CASCO that extra fine butter made in Cass county from the cream of Cass county farmers.

If the move is successful young Ames, convicted at Kearney last month of complicity in the murder of Edward J. Billings of Chicago, would become a citizen of Boys Town.

Father Flanagan said both Ames and Edwin Galloway, 21, who confessed firing the bullet which killed Billings told him that Billings had made a degenerate attack on them before Galloway shot him. Young Ames then mutilated the body and tossed it off a freight train on which the trio was riding. In confessing the crime at Kearney neither youth said anything about an attack of Billings.
