Trying to Avoid Postage A business firm in another city, driving through the county, has been depositing advertising matter for his business in the boxes of rural mail patrons without postage. The practice of the postal department has been to pick up the mail so deposited and take the same to the office where it is held for postage. There is considerable of a penalty prescribed for the use of mail facilities without the payment of postage and those doing so are liable for a fine when they are apprehended and the matter proven on them. It looks like a very dangerous piece of business to try to avoid the payment of postage in this manner.
