

Little TVA to Purchase Iowa-Nebr. Co.

Utility Company Asks Federal Power Commission for Authority to Sell Its Extensive Holdings

Deal would Not Include Gas Properties, Transmission Line Over Missouri Here or Iowa Distribution Systems.

TRI-COUNTY TO GET ALL SOUTH OF THE PLATTE

While Loup River District Would Take All North of Platte, with Total of 108 Towns and Two Steam Generating Plants Involved in the Transaction.

WASHINGTON, Dec. 6 (UP)—The Iowa-Nebraska Light and Power company of Lincoln, Nebraska today asked the federal power commission to authorize sale of its utility system to the so-called "Little TVA" in Nebraska.

The company, which has \$14,000,000 in stock, operates a utility and natural gas system in 27 Nebraska counties and six towns and cities in southwest Iowa.

Attached to its petition were accountants' schedules listing its earnings for three years. Its proposed sale price would be set by representatives of the private utility and the Central Nebraska Public Power and Irrigation district, the petition said.

The Nebraska "Little TVA" is one of the largest power projects financed with PWA assistance.

LINCOLN, Dec. 6 (UP)—Application of the Iowa-Nebraska Light and Power company for permission to sell its Nebraska properties to the public power districts was regarded by observers today as the most important step since the plan to create the nation's first state wide publicly owned power grid was announced some 18 months ago.

The request for authority to sell at a price of \$29,195,991 was directed by the Iowa-Nebraska to the federal power commission at Washington, whose jurisdiction the company challenges. L. R. King of Lincoln, president of the company, confirmed details of the proposed transaction but declined comment.

Under provisions of the plan the Central Nebraska (Tri-County) Public Power and Irrigation district would buy the company's electric properties south of the Platte river for \$1,737,112 and the Loup River Public Power district would pay \$2,825,879 for the Iowa-Nebraska properties north of the Platte.

Properties to be sold included two steam generating stations at Lincoln and one at Norfolk, having a total capacity of 40,000 kilowatts; 1,344 miles of transmission lines and distribution systems serving 43,000 customers in 108 eastern Nebraska communities. Excluded from the proposed sale were Iowa-Nebraska gas properties in Nebraska, its 66,000 volt transmission line crossing the Missouri river at Plattsmouth and its Iowa properties. The company said the price was recommended by J. D. Ross of Seattle, appraiser for the public power districts. It is uncertain how soon the purchase might be consummated. The federal power commission usually holds public hearings before granting permission to sell. A possible barrier is the attitude of the Lincoln city council which has served notice that if the purchase is made it desires to buy the Lincoln distribution system of Iowa-Nebraska and combine it with the present municipal system.

Rubber Stamps, prompt delivery, lowest prices. All sizes at the Journal office.

It speaks well in buying power in trade and business. Invested Unwisely, you can hear it say "Good bye."

Death of Mrs. I. D. Clarke in Florida

Member of Pioneer Family of Sarpy County and Well Known in This City.

Mrs. I. D. Clarke, 71, a member of one of the pioneer families in Sarpy county, died Monday afternoon at Fort Meyers, Florida, as the result of an auto accident that occurred on Sunday, November 25th while she was out driving with friends. Mrs. Clarke was injured when the door of the car came open and she was thrown out onto the highway and suffered a concussion of the brain from which she never recovered.

She was the widow of I. D. Clarke, the second generation head of the A. W. Clarke Banking House of Papillion, oldest institution of its kind in Sarpy county and one of the oldest in the state. Mrs. Clarke was a native of Bellevue of which settlement her father was one of the founders.

Mrs. Clarke was the president of the Clarke banking house in which Karl Brown, well known here, is vice-president and Robert Clarke, the cashier.

The survivors are her son, Robert, two daughters, Mrs. William F. Becker of Papillion and Mrs. Grace Clarke Davidson of Omaha.

Cremation will follow services at Fort Meyer and the ashes brought to Papillion for burial.

CELEBRATES BIRTHDAY

Mr. and Mrs. Frank R. Gobelman were at Sidney, Iowa, Sunday where they spent the day with Mrs. David Hiatt, mother of Mrs. Gobelman. Who was celebrating her eighty-fourth anniversary.

Mrs. Hiatt is a daughter of the late Mr. and Mrs. Ivan White, members of the early pioneer settlement of Rock Bluffs and where the family made their home for many years, Mrs. Hiatt growing up in that community. In the later years she has resided at Sidney and where she has won herself a large circle of friends.

In honor of the birthday anniversary of Mrs. Hiatt she was remembered by a large number of letters and messages from, the old friends in Cass county and especially from the community where the Hiatt family had formerly resided.

Your courtesy in phoning news to No. 6 is appreciated.

Woman's Club Enjoys a Very Fine Meeting

Motion Pictures Shown by Emil Weyrich of Many Interesting Parts of the United States.

From Tuesday's Daily—The Plattsmouth Woman's club met last night at the home of Mrs. J. C. Lowson. Emil Weyrich showed several reels of motion pictures, the first two picturing the very beautiful scenery of the Rocky Mountain National park, the Grand Canyon and Yellowstone park. There were also some very interesting pictures of the animals of Yellowstone. Other reels gave the history of travel from the primitive methods of the Indian and the pioneer to the time of the railroad and its progress. On the floor of the ocean, Niagara Falls and in Old China were also given. The pictures were partly in color and were very much enjoyed.

A very beautiful piano number, "Embers," by Joe Sanders, played by Miss Kathryn Kimsey concluded the program after which the business meeting was held. Mrs. William Baird gave the devotionals using the 121st Psalm. Miss Alice Bennett and Miss Helen Dieter, both of the senior class, were the high school guests for the evening.

Dainty refreshments were served at the close of the meeting. Hostesses were Miss Selma Diehm, Mrs. William Heinrich, Mrs. Karl Grosshans, and Mrs. Kelley.

REESE HASTAIN ILL

The many friends in Cass county will regret to learn of the serious illness of Reese Hastain, former Louisville banker and prominent American Legion leader here for many years. Mr. Hastain is now living in Omaha and a few days ago was taken with a very serious attack that has made his condition very grave and it is necessary for him to be kept in bed and very quiet.

ATTEND GARDEN CLUB MEET

The state council of garden clubs met Tuesday at Lincoln with a fine representative group from the garden clubs of the state and especially large delegations from the clubs in this part of Nebraska. Mrs. Fred Grousmann, of Omaha, state president, presided. In the election all of the old officers were re-elected. Many interesting talks were given by representatives from the state university and other garden club officers.

Plattsmouth sent a large delegation to the meeting who enjoyed the occasion very much. Among those from here were: Misses Mia and Barbara Gering, Mrs. William Schmidtman, Jr., Miss Sophia Kraeger, Mrs. Luke Wiles, Mrs. J. C. Woest, Mrs. L. W. Egenberger, Mrs. E. H. Westcott, J. A. Pitz and daughter, Pauline.

RETURN TO OMAHA

Mr. and Mrs. William Kriskey and little daughter, who have been visiting here at the home of Mr. and Mrs. Thomas Kriskey, returned Monday afternoon to their home in Omaha.

The Delinquent Tax Law

Which permits the payment of taxes, both real estate and personal, without interest, except from March 19, 1937, to date of payment,

Expires Dec. 31, 1938

If you have allowed your taxes to become delinquent, it means a big saving to pay under the provisions of this law.

Example

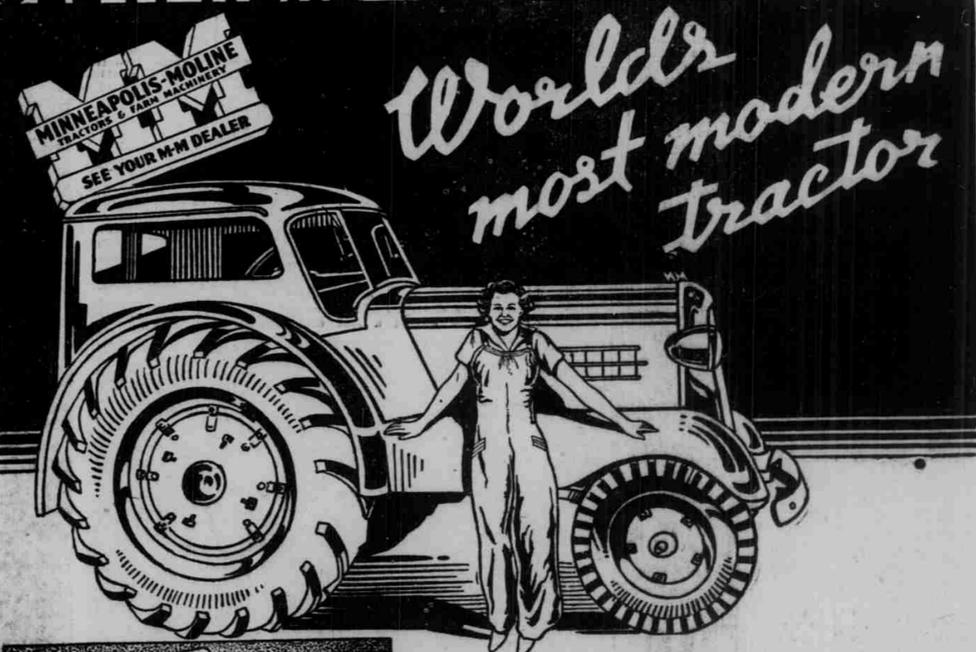

John Doe owns a residence in Plattsmouth upon which the taxes are delinquent since 1932:
If paid under this law the tax figures... \$553.07
If allowed to run until Jan. 1, 1939... 618.87
SAVING \$ 65.80

Take advantage of the saving and clean up your taxes before the law expires. Call Co. Treasurer for figures.

World's most modern tractor

Again MINNEAPOLIS-MOLINE steps ahead and OPENS THE DOOR to a revolutionary advance in farm tractors. OPENS THE DOOR and seats the farmer in a cab as comfortable as that of his modern automobile. Of course, the MM is more than a tractor with a cab—it's a "COMFORTRACTOR" with a cab as much a part of it as the cab on an automobile. There are comfortable cushion seats for two in the roomy air-ventilated and temperature controlled cab with a hot water heater in cold weather and air circulation in hot weather. COMFORTABLY seated away from the dust and elements, the farmer has at his command FIVE SPEEDS forward—from a crawl to 40 M. P. H. Gears can be shifted "on the go". The variable speed governor is controlled like a footfeed. Before the operator are the speedometer, ammeter, oil pressure gauge, and water temperature gauge. Almost any convenience he may name is at his command including such luxuries as a radio and a cigar lighter. A self-starter and powerful electric head lights obey his touch. For night work there is a powerful spot light controlled from the cab that can be turned in any direction. Naturally, POWER and UTILITY have not been sacrificed to modern conveniences, and the new Special DE LUXE Model MM Tractor promises performance records as astonishing as its comfort features. SAFETY, TOO, has been a watchword—the Cab is made of Steel. Safety glass has been used throughout. Vision is excellent.

Tested and proved for several years in the Mohave Desert and under many other tough farming conditions we offer you this modern MM tractor that has every modern feature of the modern automobiles. Windshield wipers, and an electric horn respond to a touch. Big Bendix "self-energizing" brakes and smooth action clutch are foot operated. See the heavy duty bumper, fenders, front and rear, and many other features you'll want to read all about. HIGH COMPRESSION for using regular "leaded" gasoline is standard equipment for this 3-4 plow tractor with speed and power for every need on belt, power-take-off and on the drawbar in the field and on the highway.
