City Council Holds Its Regular Meet Last Night

Will Not Push Steps to Tear Down Perkins House—Recreation Head Would Create Skating Pond.

The city council last evening held their closing session for 1938 in the semi-arctic atmosphere of the city hall and proceeded rapidly to the handling of the routine matters that demanded their attention.

A communication was received from the L. W. Egenberger Agency, official handlers of the city rental property, the report showed that \$227 had been collected and \$64.83 used in repairs and the balance \$162.17 turned over to the city treasury.

The League of Nebraska Municipalities notified the city of the annual dues and on motion the sum of \$20 was approved for membership in this organization.

The League of Nebraska Municipalities also had a lengthy communication regarding the plan proposed for the taxing of salaries of municipal officers and employees under the income tax and also the taxing of municipal and state bonds, now exempt. The proposed income tax provision would cover all salaries from 1926 to the present time. After some discussion of the matter it was decided to have the city attorney write the congressmen and senators to oppose the bill as it would have a very bad effect on the market for municipal securities.

Police Judge C. L. Graves reported that for the week of December 15th there had been three arrests and these prisoners had been sentenced to work on the streets.

Councilman Webb of the tax and property committee, reported that there had been much sentiment expressed against tearing down of the Perkins House building and accordingly it would be left intact.

Chairman Tippens of the streets, alleys and bridges committee, reported that the street work was now well caught up and ready for winter.

Mayor Lushinsky in discussing removal of dirt from the new Chicago avenue sewer job, stated that several private parties wanted dirt but that they would have to pay the cost of loading and hauling the same from the avenue.

Chairman Schutz of the fire and water committee, reported that he had ordered the securing of chains for the new fire truck so that they could use the truck on the hills in the snowy and icy weather that

might be expected from now on.

Mayor Lushinsky stated that Elmer Sundstrom, recreational director, had asked permission to use Athletic park as a skating pond, proposing to have it flooded and placed in shape for skating use for the young people of the community. Many of the councilmen pointed out that the work would require real cold weather and also that it would be necessary to see the water corporation for use of the water. It was voted to allow the request of Mr. Sundstrom as far as the city was concerned, he to take the matter up with the park board.

Councilman Webb stated that one of the residents of the city had suggested in the event the Perkins House was torn down that a city swimming pool be created there on the site.

Councilman Vroman asked that a probe be made of why the radiators on the second floor of the council chamber failed to function and see why the radiators did not carry the necessary hot water to heat the council chamber.

It was voted to have someone hired to go around and check the electroliner globes to see that they were all securely fastened as two had been blown off in the high wind of Monday.

The members indulged in a short discussion of the matter of the sale of the Iowa-Nebraska Light & Power Co. to the hydro interests of the state, but there was nothing that could be done at this time to more adequately protect the city's interests.

Mayor Lushinsky presented the name of Ed J. Meisinger as a member of the city cemetery commission to replace Rev. G. A. Pahl, removed from the city. Mr. Meisinger was confirmed by the unanimous vote of the council.

The council had a very lengthy discussion of the claim of the Turk-Summerville Insurance Co., over the unpaid compensation which covered firemen in the service of the city. Mr. Summerville was present to discuss the matter but no agreement was reached and the matter will again be taken up with the company to look to a settlement of the claim.

The following bills were ordered paid by the council:

Where Quality Counts

Christmas Day is Extensively Observed Here

Two Day Holiday Makes Possible Many Home Gatherings and Reunions.

The Christmas day of 1938 in this city found ideal conditions in weather and a two day holiday made possible a great many home gatherings, large numbers coming here to join their relatives while many of the local people took advantage of the occasion to visit with their relatives and friends at distant points.

The festivities opened Saturday evening with the Sunday school programs in many of the churches, the Methodist, Presbyterian and Christian churches all having excellent programs arranged and participated in by the young people of the school and church. There were several Christmas playlets given by the pupils of the Sunday school as a part of the evening program. In each case the youngsters had the pleasure of a visit from Santa Claus at an appropriate hour in the evening.

The religious services at the local churches opened with the Saturday night observances at the St. Luke's Episcopal church at 9:15 and at the midnight masses held at the St. John's and Holy Rosary Catholic churches where large congregations were present to attend the mass and to receive communion. The sermons carried impressive messages of the Christmas season and the birth of the Savior.

During Christmas day there were many beautiful and impressive services held at the Christian, Presbyterian, St. Paul's Evangelical and Methodist churches where the Christmas message was presented in the sermons and the musical program provided by the choirs. At the Methodist church a new plan was used at the morning service in which the Sunday school hour was absorbed into the regular church service and which permitted the services to be closed at 11 o'clock and giving ample time for all to reach their home in time to prepare for the Christmas dinner festivities without haste.

Carol singing was enjoyed by the young people of the community at an early hour Sunday, they visiting several sections of the city to carry the story of the nativity in song to the residents of the community.

FIRST LADY GIVES UP HIGH HAIR

WASHINGTON, Dec. 28 (UP)—Mrs. Franklin D. Roosevelt has given up that modified high hair-do that brought so many protests from her friends.

The curl-rolls right in the middle of her forehead and over her ears have disappeared. Instead, her hair is now parted on the right side, with soft waves back over her ears, somewhat fluffier than her hair-do of last winter. The back hair is drawn into a soft small knot at the nape of her neck.

THEATER HAS "CRY" ROOM

DUNKIRK, O. (UP)—Mothers who bring their babies with them to the newly remodeled Dunkirk theatre no longer need to leave the show when junior starts to cry. William Day, owner and operator of the theater, has installed a sound-proof observation room to accommodate mothers and their infants.
