Four Square Club
The 4-Square club met at the home of Mrs. O. H. Miller, March 20th, with all members but three present.

Miss Verna Lau gave a resume of Mr. Farnsworth Crowder's article, "Stains on America's White Spot." Four stains on Nebraska are: Insufficient Relief, Dilapidated Institutions, Starved Education and Overburdened Farmers. This resume followed the one, "Nebraska, the White Spot of the Nation," previously given before the club.

While all were not in accord with Mr. Crowder's statements, the article brought much to the members to be thinking about.

Mrs. L. C. Unland reviewed the article, "The Negro You Never Know" by Morrison Colladay in the July 14th issue of "Ken." After listening to examples of occurrences in the south, pertaining to the management of the lower classes of the colored race, one can only feel greater satisfaction in our own environment.

Discussion followed the reading of both these articles and proved most interesting.

Mrs. H. H. Lawton gave a concise review of Bess Steever Aldrich's serial, "Song of Years," appearing recently in the Saturday Evening Post.

Former Residents Here to Celebrate Golden Wedding

Mr. and Mrs. Isaac Newton Bowen to Observe Anniversary on West Coast at Seattle.

The golden wedding anniversary of two Plattsmouth residents of many years ago is being celebrated at Seattle, Washington, on March 28th, when Isaac Newton Bowen and Ada Althea Sage Bowen observe the half century of wedded life.

The announcement of the golden wedding was received here by old friends from Rush O. Fellows, veteran newspaper man and printer, who is now located at Seattle, where despite his very advanced years he is still engaged in the printing business and operating a job printing establishment. The letter gives a sketch of the bride and groom of many years ago:

"Mr. Bowen was for some years employed in the Burlington shops in Plattsmouth as a blacksmith while Mrs. Bowen is a cousin of my late wife and a sister of the late James Sage, long a resident of Plattsmouth. She was a compositor in the Herald office during the early eighties, in which office I also held a position under John A. MacMurphy during the year 1873, as job and news printer, continuing until 1880 when I bought a paper in Sheridan, now Auburn, Nebraska, and I have had my fingers in the printer's ink practically ever since.

"After their marriage, the Bowsens took Horace Greeley's advice, and started for the West. They stopped first at Alliance, then to Lead, South Dakota, then to Los Angeles and finally, over thirty years ago, landed in Seattle, and they have decided that if they move again it will have to be in another direction, as the Pacific is too cold, salty, and a trifle too wet to continue on to the west. They have recently rented their city home and have built a home on, and are developing, a tract of timber land about 30 miles distant in the foothills of the Cascade mountains, where they are raising chickens, berries, and garden. Their eldest daughter lives in eastern Washington near the great Coulee Dam, one son in California, the younger daughter lives in Seattle, while the other son is at home, except when cooking on a cannery tender following the fishing fleet, which gathers up tons of halibut, in Alaska waters.

"Mr. Bowen did blacksmithing for many years, both privately and in the ship yards in the employ of the City Light company, and still does such work as is needed in that line, on his own place. Incidentally, Mr. Bowen is one of the few men living whose father fought in the War of 1812.

"Both Mr. and Mrs. Bowen are possessed with the pioneering spirit which has enabled them to establish themselves and build a home among strangers, and have a host of friends and neighbors who will greet them on the great occasion of their golden wedding."

This review was given the closest attention by everyone present. The humor and pathos of the story became a part of the listeners for many of them know the author.

Our music period, under the direction of Mrs. H. A. Schwab almost proved a concert as the voices were well balanced and we were permitted to sing the songs of our own selection since this was the last club meeting of the year.

All members are looking forward with much pleasure to the banquet on April 11th. This annual banquet is the custom of the 4-Square club since its organization.
