OLD RESIDENT VISITS CITY

Mr. Linch is now nearing his eighty-ninth year and is a man very vigorous for his age and appears much better than many far younger. Mr. Linch states that he came from his boyhood home in Iowa in 1869 with his parents, the father settling on a homestead near Alvo where he has since lived. When Mr. Linch came to this section the Burlington line was just completing their railroad line into Pacific Junction and he made the crossing of the Missouri river here on a ferry boat and thence by team and wagon to where Alvo is now located. The two were here in the Alta Linch estate hearing in the county court.

Liquor Runner Given Stiff Fine and Loses Cargo

William Dunbar Makes Guilty Plea to Transporting Liquor Through State Without Stamps.

Friday afternoon in the county court William Dunbar, charged with transporting a cargo of liquor without proper containers of stamps required by the state of Nebraska, was arraigned and made a plea of guilty to the charge.

The cargo carried in the coupe driven by the defendant, comprised 49 cases of liquor and alcohol which was valued at \$749 according to the bills for the liquor. This amounted to 147 gallons, according to the estimate of the representatives of the state liquor commission and on which a tax of 80c a gallon should have been paid.

The law provided a court might confiscate liquor under this charge and that the penalty enacted would be double the amount of the tax levied by the state, which in this case amounted to \$240.90.

The court also imposed a fine of \$300 on the defendant which with the tax penalty and costs must be paid.

In regard to the disposal of the liquor Judge Duxbury asked of the state liquor commission representative as to the general methods of handling this as the statute is not definite on the matter of disposal. The representatives stated that it had been the rule that liquor so taken could be sold after the county had bought stamps and placed on the same, that it would have to be sold to a wholesale or retail dealer and not to an individual, that the county must report the sale as also the purchaser must report the purchase to the commission. This matter was taken under advisement by the court before entering an order as to the final disposition of the cargo.
 This morning Dunbar was released from custody on the payment of the sum of \$540.90 for the fine and the tax penalty levied on the liquor. The money was sent here from Quincy, Illinois, for the release of the defendant and he was allowed to return to Quincy.

Cass county has no bonded indebtedness, as, like the state, we have paid cash for our hard surfaced roads and other improvements as we went.

TRY PARALLEL PARKING

The streets in the business section of the city are being repainted for parking spaces and in accordance with this the street department has their force of workers busy.

There has been a great deal of criticism of the narrow condition of Sixth street from Pearl to Vine and along which highway No. 75 with its heavy traffic is routed. With diagonal parking, sometimes of trucks, it made the roadway for traffic so narrow that passage sometimes was difficult and especially when a large oil transport or bus was passing through the traffic.

The street department will try the experiment of parallel parking on the west side of Sixth street for the two blocks to see if this will relieve the traffic problem and the criticism of highway officials as to the congestion.
