DUEL IN PROGRESS OVER TWO BABES
 (Belden, Neb., Progress)

A heated controversy is on between two fond Belden grandparents as to which one has the most glamorous granddaughter. Since they can come to no decision, it was decided to let some disinterested people settle the dispute. It's this way. John Beuck claims that because his granddaughter, Barbara Beuck of Plainview succeeded in winning her man before she reached the age of four, that that is ample proof of her charm. And it will have to be conceded that she did make a lovely bride in her long white dress with its flowing veil. Still your local editor feels that her granddaughter, Patty Anne Pickens, of Plattsmouth, surely must be the glamorous one, for she was selected for the star in a two reel technicolor movie at the age of four months! She not only played the leading part but has her own private producing company, with her father as technician and operator and her mother as the sole director and designer of her wardrobe.

Now it is up to you to decide which is the more thrilling, to be a bride at a Tom Thumb wedding or a baby in a private moving picture!

Mrs. C. A. Jones, editor of the Belden Progress, is mother of Mrs. Everett Pickens of this city and well known to a large group of friends over Cass county.

LEAVE FOR MISSOURI
 Mr. and Mrs. John Woest and family and Mrs. Augusta Haupt are leaving for St. Louis and Herkan, Missouri, where they will visit with relatives and old friends.

Second Oil Convoy on Way Up the Missouri

Kansas City Socony Bringing Up Four Barges of Gas Aggregating 800,000 Gallons.

The second of the convoys of barges carrying gasoline for the Socony Vacuum Oil Co., is now on its way from Kansas City to Omaha with a much larger load than that which was used in the initial trip that inaugurated the opening of river traffic after a seventy year period.

The second of the convoys will consist of four instead of two barges and which will carry 800,000 gallons of gasoline, destined for the port of Omaha, where large storage tanks are maintained by the company.

The weight of the barges and the heavy load will make the journey up the river much slower than the initial trip, the convoy leaving Kansas City Tuesday and will reach Omaha late Saturday or Sunday, it is thought.

The barges with the heavy load are making a little over two miles an hour this trip while on the first trip they averaged four miles an hour against the current of the river.

How Women in Their 40's Can Attract Men

Here's good advice for a woman during her change (usually from 38 to 52), who fears she'll lose her appeal to men, who worries about hot flashes, loss of pep, dizzy spells, upset nerves and moody spells.

Just get more fresh air, sleep and if you need a reliable "WOMAN'S" tonic take Lydia E. Pinkham's Vegetable Compound, made especially for women. It helps Nature build up physical resistance, thus helps give more vivacity to enjoy life and assist calming jittery nerves and those disturbing symptoms that often accompany change of life.
