

Report of 4-H Club Weeks by Nehawka Girl

Interesting Account of Visits of Club Members to Places of Many Varied Interests.

The most inspiring thing for 4-H boys and girls is 4-H club week, which is held each year on the agricultural college campus for members and their leaders. I feel that club week is a great benefit to every one who attends, because it is educational, you meet many people who have the same interests (4-H club work) and it is lots of FUN.

Monday morning the girls had the honor of hearing Mrs. R. L. Cochran talk to us on books. She said that reading is one of the most valuable hobbies, as the world is brought to us through books. Mrs. Cochran gave

us a special invitation to visit their mansion.

"Our Responsibility to Our Rural Heritage" by W. H. Brokaw was very much enjoyed Monday afternoon. The following day the groups discussed this talk which included tree planting, irrigation, 4-H achievements and our social life. James Hansen of Omaha directed the Douglas county band, which was composed of sixty-eight 4-H club members.

The livestock loss prevention team composed of Eugene and Myron Gustafson of Hamilton county, gave a demonstration Monday afternoon. After the demonstration it was easily understood why the boys won first at the state fair and second at the international.

The high point of Tuesday's program was a talk by Mrs. Nettie Sims on "Youth of the World." Mrs. Sims has traveled all over the world and she brought to us much information. In Italy she said the black-shirted Fascist youths are taught only war and obedience. They must obey

Their motto is "All for One"—one old, selfish man. In Germany, Hitler makes the German youth worship him as God. Their motto is "Strength Through Joy"—strength to fight.

In England, they are taught all sorts of trades. The French youth are working, hoping, praying not to have war. On the way home, Mrs. Sims talked with four Italian boys. They told her about the slavery of Fascism. Here's to America, the greatest country in all the world. The most beautiful statue in the world is the Statue of Liberty, which is in New York. This statue means freedom!

Tuesday afternoon we visited the capitol and Antelope Park. At the park we had a picnic supper, which was served to us by the University 4-H club. Vesper services were held, games were played and then we went back to the college, where we all gathered around a huge bonfire and sang.

"Rural Home, a Place to Live," by Mrs. Alvin Gard and "Important Decisions," by Chancellor Boucher were the main topics Wednesday morning. There is just as much refinement in the country as there is in the city, they said.

Twelve of the Crete Mill winners went to visit the mill Tuesday afternoon, while the rest of us toured the city campus and visited the fire department. The boys group then went to the coliseum and the girls to the dormitory and the museum or stores. At five-thirty we all gathered at the Lincoln Chamber of Commerce for another lovely banquet and program.

Dr. A. B. Graham, father of 4-H clubs talked to us on the topic "Happy as the Happiest" Thursday morning. He says that to keep young we must not make children fearful of us, but to have the time of our lives with them. We may grow old spiritually but we need not have any sharp curves spiritually.

We have a wonderful world to live in—a merry-go-round on which we travel, 577 million miles a year.

After dinner, we all enjoyed seeing the campus and its activities. The agricultural college banquet was one of the nicest banquets held in our honor, and they furnished good entertainment.

Bright and early Friday morning the 4-H delegation left on a chartered train for Omaha. Arriving in South Omaha, we visited the livestock industries. The groups were divided so there was about the same number going to each—Swift, Cudahy and Armour packing plants. Our guides took us through the different parts of the plants, including the killing, cutting, packing and refrigerator rooms. The refrigeration room in Swift's was ten below zero.

We were noon guests of the Livestock Exchange where we had our dinner and were entertained by Lyle DeMoss and a group of cowboys. After the program we took a train for North Omaha where we attended a show "East Side of Heaven." We were guests of the Omaha Chamber of Commerce at a banquet in the evening.

Every day we had a session of singing which was led by Mrs. Tullis, and Mr. Diers. Mr. Diers composed the song "My Nebraska" and Mrs. Tullis composed all of the college songs. Recreation periods were held each day under the leadership of Ralph Copenhaver.

Everyone had their share of fun, and wished that club week would last longer. Here's to Mr. L. I. Frisbie state 4-H leader who has helped to make club week possible.

MISS VIOLET HADLEY

SELECT NEW TEACHER

From Thursday's Daily—
The board of education at their session this week selected an additional teacher for the high school for the coming year. The teacher will be used to relieve the situation in a number of classes that have a heavy enrollment.

The new teacher is Harold J. Huestis, of Lincoln, who comes to the local school highly recommended. The new teacher has a master's degree from the University of Nebraska and has taught for two years in the Alvo school system. He will handle a number of subjects during the school year as conditions may demand.

It is hoped that the additional teacher will relieve the overcrowded condition of a number of classes in the high school.

ATTEND CONFERENCE

Mrs. J. C. Lowson and Mrs. R. B. Hayes were at Omaha Friday where they attended a conference to arrange for the appointment of committees for the district meeting of the Topeka branch of the Woman's Foreign Missionary society of the Methodist church. The meeting will mark the seventieth anniversary of the founding of the W. F. M. S. Mrs. M. E. Gilbert is the general chairman of the meeting.

All Patrons Should Attend School Meetings

Will Be Held Monday, June 12 in Various Rural Districts Over State of Nebraska.

The annual school meeting is the opportunity that all patrons have to participate in the maintaining of good school privileges in each of the 7,209 rural school districts in the state of Nebraska.

The annual school meeting of each school district is held at the school house on the second Monday of June of each year, as provided by Article II, Section 79-201 of the Nebraska School Laws. The annual meeting this year will be Monday, June 12.

All patrons should be interested in the annual report of receipts and expenditures and in the election of at least one school board member. In every county superintendent's office, as well as in the office of the state superintendent, there are many personal calls and personal letters resulting from dissatisfaction in regard to certain procedures in certain school districts. Nearly all of this dissatisfaction could be avoided if all of the patrons who are interested in good schools would be present and would take an active part in the school meeting on June 12.

COURT HERE MONDAY

The opening of the June term of the equity court will be held by District Judge W. W. Wilson on Monday morning. The first case to be taken up will be that of H. A. Crozier vs. L. J. McLaughlin, an action on a note. There will also be a number of other matters taken up by the court that have been pending for some time.

SUFFERS A FALL

Anton Svoboda, who resides at 1514 Granite street, suffered a severe fall Wednesday evening when he fell in the yard of his home while about his duties. Mr. Svoboda suffered a broken hip, which at his advanced age of eighty-five years, makes his condition very serious and his recovery a slow process. He was given immediate medical care by Dr. L. S. Pucelik.

ASHLAND VISITORS HERE

Mayor B. F. Balder and City Attorney H. V. Nolan of Ashland, were here Friday to attend to some matters of business, being here to look into the methods used in the handling of the sale of city tax properties and the clearing up of the delinquent properties on the tax rolls. The city of Ashland is meditating similar action to clean up delinquent properties there.

AN OPEN LETTER

To the Members of the Eastern Nebraska Rural Public Power District

For more than ten years I have worked for Sears Roebuck & Co., having served in numerous capacities, as Clerk, Dept. Manager, Assistant Manager of Retail Stores, Merchandise Manager, and as Wiring Supervisor. Always I have endeavored to save my customers money and to give them the best possible service.

In the past three years, devoting only a portion of my time to the R. E. A., I contracted and supervised the installation of hundreds of Farm Home Wiring Jobs—always saving my customers money. I sincerely believe that I save you from 25% to 50% on your Wiring Job. I UNCONDITIONALLY GUARANTEE THAT THE WIRING INSTALLATIONS I CONTRACT WILL BE THE BEST YOU CAN GET—Co-operating with the State Fire Marshal's office and the R. E. A., striving to give you the best and save you money. I have opened an office in Syracuse, where I will be able to give my customers better service, and where you can come in and select your fixtures from a wide assortment—also see the material used in wiring your farm home—so that you can compare it with others and be convinced of the tremendous savings I have to offer you.

ALL THE WIRING SUPPLIES AND FIXTURES SOLD BY SEARS ARE APPROVED BY THE R. E. A., and are listed by the Underwriters Laboratories as standard.

I have installed numerous wiring jobs in Project 3 so that the many customers yet to be wired can see these completed jobs—(Inspected and Passed by the State Fire Marshal's office) and are now ready for service.

I Save You Money—My Estimates are Free SEND LETTER OR CARD TO
