HELP STOMACH DIGEST FOOD Without Laxatives and You'll Eat Everything from Soup to Nuts

The stomach should digest two pounds of food daily. When you eat heavy, greasy, coarse or rich foods or when you are nervous, hurried or carelessly eat, your stomach often fails to do its job. Your food doesn't digest and you have gas, heartburn, nausea, pain or sour stomach. You feel sour, sick and upset all over. Doctors say there is a laxative for stomach pain. It is dangerous and foolish. It takes those little black tablets called "Dix-Lax" for indigestion to make the excess stomach fluids harmless, relieve distress, in no time and put you back on your feet. Relief is so quick it is amazing and the package proves it. Ask for Dix-Lax for Indigestion.

# Socony Convoy Arrives Here at an Early Hour

High Stage of Missouri River and Swift Current Makes Necessity Change in Handling.

From Tuesday's Daily— The Kansas City Socony, towing a cargo of gasoline for the Socony Vacuum company, arrived here this morning shortly after 5:30 with two of the barges which they have had as part of the tow of 800,000 gallons of gas up the Missouri river from Kansas City.

The tow boat reached the local dock and had the two barges tied up here as it returned down the river to bring up the other two barges of the convoy which the swift and fast current had made necessary to tie up down the river and later return to bring up.

The river is at a very high stage low and the current very strong and hard to battle with the four barges and it was necessary to divide the load and join the convoy again at this point.

The boat reached Nebraska City on Monday morning and has been battling up the river since that time to reach here today.

# MEN LOVE GIRLS WITH PEP

If you are peppy and full of fun, men will invite you to dance and parties. BUT if you are cross, listless and tired, men won't be interested. Men don't like "quiet" girls. When they go to parties they want girls along who are full of pep. So in case you need a good general system tonic, remember for 3 generations one woman has told another how to get "peppiness" with Lydia E. Pinkham's Vegetable Compound. It helps build up more physical resistance and this aids in giving you more pep and lessens distress from female functional disorders. You'll find Pinkham's Compound WELL WORTH TRYING!
