Heeren Home Saved By Telephone.

Midday Farm Blaze Conquered By A Bucket Brigade.

Mr. and Mrs. Henry Heeren and son Harry are happy today because they still have their telephone and the home in which it played an important role last Friday shortly after noon.

As the family was seated for dinner, Mr. Heeren noticed smoke outside the house and discovered the wash-house, located eight feet west of the dwelling, in flames. The fire had gained so much headway it was impossible for him to enter the small building. He rushed to the telephone and gave the alarm. "I carried only three buckets of water before help arrived and in fifteen minutes fifty men were on the job," said Mr. Heeren, and continued, "two full stock tanks provided plenty of water and we soon had the blaze under control".

A brisk northeast wind was an added threat and only because help came quickly did they save the home and its entire contents.

Mr. Heeren was liberal in his praise for the telephone operator who so efficiently handled the call and to the neighbors for their able assistance.

"Our telephone saved us much more than we have ever paid or can hope to pay for it" was Mr. Heeren's comment.

MORE PEOPLE BOUGHT CASCO LAST WEEK THAN ANY WEEK IN OUR HISTORY!

There's a reason for this growing popularity of Casco Butter . . . and that reason is the fact that in state scoring tests made regularly, Casco holds a place near the top of the list. Even your own taste tells you Casco is far superior to plain-wraps selling for a cent or two less, and every bit as good as those selling for several cents more.

Farmers: Increased demand for Casco increases our need for Cream and enables us to pay top prices. Bring your cream to us, where you may see it graded and weighed. Help keep up this growing demand for a Cass county product. You can get Grasshopper Bait here at the new low price of **25¢** a bag.
