HELP STOMACH DIGEST FOOD

Without Laxatives—and You'll Eat Everything from Soup to Nuts

The stomach should digest five pounds of food daily. When you eat heavy, greasy, coarse or rich foods or when you are nervous, hurried or over-worked—your stomach often fails to do its job. Your food doesn't digest and you have gas, heartburn, nausea, pain or sour stomach. You feel sour, sick and upset all over.

Doctors no longer take a laxative for stomach pain. It is dangerous and foolish. It takes these little black tablets called Bell-co for indigestion to make the excess stomach acids harmless, relieve distress in no time and put you back on your feet. Relief is so quick it's amazing and one 25c package proves it. Ask for Bell-co for indigestion.

Richard Cole Attends 4-H Club Camp at Seward

Conservation Camp Held as Reward for Honors Awarded as Club Week Attendant.

Richard O. Cole, son of Mr. and Mrs. S. W. Cole, was one of the 100 Nebraska young men and women to enjoy the 5th annual 4-H club Conservation Camp held in the beautiful park of Seward, Nebraska, August 8 to 11.

Richard was one of 50 4-H club members who attended the Conservation Camp as a member of a prize trip. His was given by the Lever Brothers and was chosen for the honor of having been a well groomed Club Week attendant while at Lincoln last June.

This camp was made possible by Mr. Charles L. Horn, Minneapolis, Minn., conservationist and friend of 4-H clubs, who financed registration and travel for 40 club members and 10 local leaders.

The camp opened at 8 o'clock Tuesday morning with registration, and the theme for the day being "Water and Soil." At 11 o'clock, a program of camp was given by F. B. O'Connell, state game forester who stated that \$50,000 was spent every year for game wardens and preservation of wild life. Following this W. H. Brokaw spoke on "What Conservation Means to a 4-H Club Member." At noon a most delicious dinner was served on the park tables.

Every meal thereafter was served in this beautiful park.

In the afternoon Erwin Hutchinson spoke on "Saving Our Soil is Fundamental" following E. G. Maxwell told "How Trees Are Being Used in the Scheme of Conservation."

Every afternoon of each day recreation was held at 2:45. The members were divided into four groups and alternately each day so as to give everyone a chance of participating in the different recreations. Group 1—being "Rifle Shooting with Mr. Tucker" state game forester; Group 2—practiced "Bait Casting" with Mr. G. E. Ling of Elm Creek, Nebraska who is state game warden; Group 3—learned "Trapping" from Mr. C. L. Licking who is from Omaha, game forester; and Group 4—went "Hiking with Mr. E. G. Maxwell, Jr., extension forester of Lincoln to study "Trees and Plant Life."

At 3:15 each day was held a discussion period to discuss the topics taught in the day's program. At 4 p. m. every member of Conservation Camp had the thrill of swimming in Seward's municipal pool. Every evening at 6 p. m. supper was served after which vesper services were held on the west bank of the park at sundown. After vesper services Mr. G. W. McCulloch representing Mr. C. L. Horn gave "Conservation Pays Dividends." At the close of the program, colored pictures of nature in her beauty were shown by H. W. Wheeler, chief lecturer of the U. S. Forest Service.

At 6 o'clock Wednesday morning the theme "Bird Day" was opened by "An Hour with Nature." Hikes were taken before breakfast and "Bugs" were studied with Mr. Bare, "Trees" with Mr. Maxwell and "Birds" with Mr. Sharp. Following the hikes all returned for breakfast after which Mr. Ward Sharp gave a lecture on "Birds, Our Friends." At 9:45 recreation was carried on in the group form, followed by E. H. Hoppert who lectured on "Trees for Beauty." He told of the uses and proper places of native trees and shrubs in landscaping the farmstead.

After dinner Mr. V. C. Conover gave an illustrated lecture on "Ducks" which was very interesting. At 2:30 Mr. Lloyd Vance spoke on "Game Propagation." This included the food and shelter for quail and prairie chicken and distribution and protection of pheasants to all part of the state. A new game fowl called "The Chucker" is being introduced into Nebraska to take the place of the quail which is becoming extinct. After recreation, group discussion on the day's topics was held at 3:15. At 4, swim; 6 p. m. supper; 7:15 vesper services; and at 8 o'clock moving pictures of "Nebraska the Beautiful" and "Bird Travelogue" were shown.

On Thursday all went to Lincoln at 8:15 a. m. in autos furnished by the Seward community. Interesting tours were made through the Pioneer and Antelope parks, where the animal life was studied. Dinner was served at 12 noon at the Antelope

park shelter. At 1:45 Miss Marjorie Shanafelt conducted a tour through Morrill Hall, the University Museum.

On these tours attention was called to the species of the wild life that especially needs conservation at this time.

After returning to Seward in the late afternoon all enjoyed a swim at the municipal pool and then supper at 6 o'clock, vesper services and closing the day with the moving pictures, "CCC and Conservation" by E. H. Doll.

At 6 o'clock Friday morning a fishing contest was held at the lake which had been stocked with fish from the state fisheries. During the contest 268 fish were caught. At 8 o'clock breakfast was served.

A fish exhibit was explained by Mr. J. M. Merritt and he talked on "Why Is a Fish a Fish." At 10:45 "Bugs" was the subject given by O. S. Bare and after dinner Mr. Bare gave a very interesting talk on insects and their control. After the recreation, discussion period, and swim, the day closed with a delicious fish supper.

At 7 o'clock another camp was history. Mr. L. I. Frisbie of the agriculture college at Lincoln had full charge of the camp activities and programs. He made it possible for every member to get the most out of his time spent in camp.

AN OLD SUBSCRIBER

George Albert, of Sidney, Montana, writes to the Journal to renew his subscription as he has been a subscriber for the past thirty-five years. He is a son of Mrs. John Albert of this city. Mr. Albert states that this has been the busiest summer since living in Montana, as the state water board has been building an irrigation ditch on the south side of the Yellowstone river which covers 400 acres of his river bottom land. While there is a lot of work preparing the ground for irrigation, the residents were pleased to see it come as feed had been quite a problem to the Montana farmers in the last few years. Mr. Albert is principally engaged in raising cattle and the residents of that section were menaced this spring by the threat of grasshoppers which pests were very numerous, but spreading poison ton after ton has helped clear up the menace, the government and local people co-operating in this work. Two airplanes were used in scattering poison over a wide area and the hoppers were either poisoned or left that section. With considerable rain the grass and grain has done well altho the late grain has shrunk considerable owing to ripening too fast.

RIVERVIEW CLUB

Riverview club held their regular meeting at the home of Mrs. Arthur Sullivan on Tuesday, August 8. The meeting was presided over by Mrs. Robert Patterson as our president. Mrs. Greely Bell was absent and Vice President Mrs. Slagle has been absent for several meetings on account of illness. The meeting was opened by singing "Love's Old Sweet Song." The business was taken care of and minutes were read and approved. Roll call was answered by nine members present and four visitors, they being Mrs. Merle Rainey from New York; Mrs. Frank Cross from Chicago; Mrs. Herman Tiekotter from Plattsmouth and Mrs. Ralph Sullivan from Plattsmouth.

After the business the meeting was turned over to Mrs. Creamer, entertainment leader for August meeting, she having each one read different articles, and playing bingo. Mrs. Rainey from New York won the most games and the prize. The meeting adjourned to meet with Mrs. Creamer Sept. 12. A delicious lunch was served by our hostess.

TRUCK TURNS OVER

Late Tuesday afternoon as the Bond bread truck was coming north on highway No. 75 near McConkey hill, it was turned over, but fortunately the driver was not injured or the truck seriously damaged. The truck was coming down the hill, at the same time two cars coming and trying to pass and the driver of the truck brought his truck onto the shoulder of the paving to avoid a collision. The truck slid on the mud and water and turned over onto the paving. It was soon righted and sent on its way.

MAKE A QUICK TRIP

Monday afternoon Mrs. Flora Wells with Mr. and Mrs. Wayne Wells, arrived from Los Angeles, called here by the death of Mrs. George Alwin, sister-in-law of Mrs. Flora Wells. Carlsons Have a Fine Trip to Eastern States

Return This Morning From Visit to New York Fair as Well as Pennsylvania and Washington.

From Wednesday's Daily—This morning Mr. and Mrs. Charles Carlson returned home from a trip of several weeks that had taken them into the eastern states where they visited many places of interest.

They had made the New York fair one of the main objectives of the trip, finding this great exposition and its theme "The World of Tomorrow," a wonderful experience in the wonders of all lines of human activities and development of invention and electrical and machine age features.

Mr. and Mrs. Carlson also had a very interesting visit in Pennsylvania as they stopped at Philadelphia to look over the Independence hall and other landmarks so closely connected with colonial history of the nation and its birth of freedom, also visiting at York, one of the attractive cities of historic Pennsylvania. They also stopped at Harrisburg, state capital and then on to the Gettysburg battlefield, a mecca of the eastern traveler and where one of the greatest chapters of American history was enacted in 1863, marking the apex of the civil war as far as the south was concerned.

Their visit at Washington was filled with interest and among the most interesting spots visited was Mt. Vernon, the home of George Washington and where he is buried.

They report the weather as hot and dry and the eastern states having one of the driest years on record, causing losses to crops and water courses drying up over the states of Pennsylvania, New York and New Jersey.
