Local People Home from Trip to California

Mrs. Emil Lorenz and Son, Jack, Return Home Thursday After Vacationing in West.

Following a three months' vacation period spent on the west coast, Mrs. Eleanor Lorenz and son, Jack returned to their home here Thursday.

The Plattsouth couple left twelve weeks ago for California and spent two months with their daughter and sister, Miss Emily Lorenz, who is employed as a personal secretary in the Nelson & Williams Insurance company offices at Long Beach. "The company is one of the largest in Long Beach," states Mrs. Lorenz in an interview this morning. Following the visit with Miss Lorenz the couple went to Burbank, California and spent the remaining month with the son and brother, Edward Lorenz. Edward is employed at the Lockheed Aviation company in that city. During their visit in Burbank, the Lorenz family enjoyed an airplane tour of the cities by one of the test pilots of that company.

While in California Mrs. Lorenz and son enjoyed a sightseeing trip around the many cities and small towns surrounding Long Beach and Burbank. In Glendale, California they toured the Forest Lawn Memorial cemetery and saw the tombs of many of the former actors and actresses. Among these was the mausoleum of Miss Jean Harlow. In the Hollywood cemetery they saw the tomb of Rudolph Valentino.

Hundreds of former Plattsouth people, many of them old-time and close friends of Mrs. Lorenz, were seen by the two. In Los Angeles she visited with an old friend and classmate, Miss Grace Howard. She spent a day with Miss Howard.

At the close of a very successful summer vacation trip the two left California and arrived last week. Jack resumed his school work at the high school this morning, where he is enrolled as a freshman.

Serve Veal Cutlets Cooked in the Continental Fashion

Try them Hungarian style—they're juicy, tender and savory as chicken

• Have you had difficulty with veal drying out and losing flavor while cooking? Then you'll welcome this recipe for Hungarian Veal Cutlets! They're easy to prepare—and so flavorful and juicy that you'll be proud to serve them to your most critical friends!

In preparing the cutlets, dip them in bread crumbs, then in egg, and again in crumbs. Then brown the cutlets quickly in an all-vegetable shortening like Spry. This seals in the juices and flavor; and the cutlets will be easy to digest. There'll be no smoke or unpleasant odor either, when you brown them in this pure shortening.

If you want a real "Continental" flavor, cover the cutlets with sour

Packing Plant is Operating at Full Capacity

Great Corn Pack Followed by Rush of Orders for Pork and Beans Made Famous by Norfolk Pack.

The Norfolk Packing Co. plant in this city is now being operated at full capacity despite the fact that the seasonal runs of peas and sweet corn have been cleaned up and one of the best packs in the history of the plant recorded.

The plant is now operating on canning pork and beans, and incidentally if you have never tasted the Norfolk brand of this staple, you have missed a good bet. This is the first season that the plant has been forced to operate at its full capacity in handling this line as usually the pack has filled in much of the winter season.

Orders are streaming into the plant and as the result there will be a double shift put on the pork and beans pack, keeping some 150 busy at the plant when usually after the seasonal run the force is something like 80.

The success of the plant is very pleasing to the community and a recognition of the fine brands of canned goods that the Norfolk company is placing in the hands of the wholesale houses of the great middle west.

Parades to be Big Feature of Korn Karnival

Farmers Parade Thursday, Great Merchants and City School Friday; Rural Schools Saturday.

The glamor of a parade is one of the features that makes American fests outstanding and this feature will be emphasized in the King Korn Karnival of 1939.

This year there will be no Wednesday parade, all efforts being stressed for the coronation, the main event of the day.

The Farmers parade will be held on Thursday and this has the promise of being bigger and better than ever, with a fine display of floats of all kinds, showings of agricultural products and a showing of the fine stock of the Cass county farms. The residents of this nearby community that participate in this parade each year are assurances of the parade being something just a little bit better than the one previously given.

The Thursday evening program will be marked by the Mardi Gras parade in which the participants on foot will stage a comic and fancy dress group and in which each individual can express to their fullest imagination the characters that they may wish to represent.</
