

# A MEETING CALLED

For Next Friday Evening at the Court House.

## LOOKING OVER THE YARDS.

The B. & M. People Will Consider the Request of Their Trainmen to Make Plattsmouth a Division Point—Notes.

### Citizens' Meeting.

A meeting of all citizens interested in the welfare and prosperity of our city is called to meet at the court house on next Friday evening. The meeting will consider an important proposition, looking to the location of a large manufacturing establishment at Plattsmouth, and it is desired to have a large attendance. By order of chairman of committee, GEO. E. DOVEY.

### Looking Over the Yards.

Two or three weeks ago the trainmen on the Burlington running between Creston and Lincoln complained to the management of the road that the run between the two points was too long for one division, and asked that Plattsmouth be again made a division point, so that their runs would begin and end in this city. Pacific Junction was formerly a division point, but the train men do not want to return to the Junction for the reason of lack of residence accommodations, and prefer this city as a place of residence. As is usual in such cases, no intimation has been given by the railroad company concerning what action may be taken by them, but that they are giving the matter consideration is evidenced by the fact that an examination of the yards here was made last week, probably for the purpose of finding out what could be done in the way of increasing the trackage and what additional room could be secured in the yards, so it is within the range of possibility for Plattsmouth to again be a division point on the road.

### New Burlington Extension.

Mike Elmore, the Black Hills railroad contractor, was Tuesday awarded the contract for filling in the big bridge across Anna creek and other bridges on the Spearfish extension of the Burlington & Missouri's Black Hills line. The price is understood to be about 33 cents per yard. Kilpatrick Bros., James Ryan and W. S. Heckert were the other bidders. This will complete the work on that part of the road. It is through the section where the recent labor troubles have occurred, and 100 men receiving \$2 and over per day were forcibly prevented by the Miners' union from digging ditches for a mining company, the union alleging that they should receive \$3 to \$3.50 per day. No trouble is anticipated in keeping railroad laborers at work at reasonable wages.

### A Row in the Third Ward.

Report reaches this office concerning a bloody row which occurred up in the Third ward last Saturday afternoon. It appears that a man, name unknown, while passing the residence of Uncle Walker, the colored man, living at the corner of Ninth and Granite streets, made some insulting remark to one of the women of the household, whereupon three husky darkeys appeared on the scene and gave the white offender a severe drubbing—so severe, in fact, that hereafter he will have a date in his calendar by which he can recall subsequent events. This paper has no use whatever for a man who would offer insult to a woman, be he or she white or black, and believes that in this case the offender received exactly the punishment his offense deserved.

### Ward Is Bound Over.

The case of the State vs. W. S. Ward, charged with disposing of some mortgaged corn, heard before Justice Archer last Saturday, resulted in the defendant being bound over for trial in the district court, and his bond was fixed at \$300. When his case was first called and continued, Ward was allowed to go and his personal recognizance taken for his appearance when wanted. But upon the day set he failed to appear, resulting in an expense of several dollars to the county. Now he will have to put up a real bond to the value of \$300, or remain in custody.

### Looks Bad For Parker.

The people from this city who were called to Fremont Tuesday as witnesses in the trial of the state vs. Bert Parker report that the outlook is first-class for Parker serving the state for a term. The evidence against him is positive, as he was taken in the act of burglarizing a freight car on the Union Pacific at Fremont. The eloquence of Attorney Gering may pull him through however, at least lessen his punishment.

And still Plattsmouth is minus a democratic postmaster. When! oh, when I will be satisfied in this everlasting longing?

D. O. Dwyer, lawyer, Plattsmouth.

## AROUND THE COURT ROOMS.

### DISTRICT COURT.

Hans Hendrickson vs. W. H. Pool, Jos. M. Beardsley, S. W. Orton and J. T. Ritchey is the title of a suit filed in the district court. Hendrickson alleges that by reason of Mr. Pool's failure to properly record a mortgage, while the latter was register of deeds, he was damaged in the sum of \$2,500. Messrs. Orton, Beardsley and Ritchey were Mr. Pool's bondsmen, and for that reason are made party defendants to the suit.

### COUNTY COURT.

License to wed was issued in county court Friday to Mr. Wm. D. McClure and Miss Anna Miller. The parties came from Omaha.

Judge Ramsey has issued a marriage license to Mr. A. C. McCullough and Miss Elizabeth Sporer. The parties reside in the vicinity of Murray, and the ceremony will be performed this forenoon at 11 o'clock.

### JUSTICE ARCHER'S COURT.

James Cavanaugh, a stone mason from Nehawka, was taken in out of the cold in an intoxicated condition Tuesday. Judge Archer thought the kind act on the part of the police was worth a total of \$7.80, and Cavanaugh drew a sight draft on Nehawka friends for the amount. Pending the arrival of the funds his presence at the jail furnishes security.

### COURT ROOM NOTES.

Miss Margaret O'Rourke, who has served as deputy in the register of deeds office for the past four years, severed her connection with that office Friday. The young lady has made a most competent official.

County Superintendent Farley was holding his monthly examination of prospective teachers at the court house Saturday, and the following were in attendance: Giralda Hayes, Lucy Hylton, Elmwood; Grace Chevront, Greenwood; Emma Sans, Rock Bluffs; Charrie Butler, Weeping Water; Stella Norris, Nehawka; Nellie Satchell, Carrie Holloway, Isabel Wiles, Plattsmouth.

The Missouri Pacific railroad company has filed a petition in the supreme court asking for reversal of a judgment of \$2,500 obtained by John F. Tietken at the last term of district court. The company alleges that some thirty-four errors were made in the trial, and strongly insinuate that Mr. Tietken was intoxicated when injured at Weeping Water.—Nebraska City News.

### Morton House Receivership.

Yesterday John C. Watson went to Plattsmouth and made argument before Judge Chapman asking that a receiver be appointed for the Morton house. David Brown was appointed, with Robert Lorton and W. L. Wilson as sureties. It is understood that an effort will be made to rent the house and have it run for the benefit of the creditors.—Nebraska City News.

### \$100 Reward.

I beg to advise my patrons and neighbors that there are several peddlers traversing the country claiming to be Mr. Hirschberg, or connected with an inferior class of Spectacles and Eye-Glasses for Hirschberg's Diamond and Non-Changeable Spectacles and Eye-Glasses. Do not be deluded by such impostors. Their representations are false. My goods are not handled by "Peddlers," as we have local agents. A reward of \$100. will be given to any one securing the name and whereabouts of such parties. Respectfully,  
PROF. H. HIRSCHBERG,  
629 Olive street, St. Louis, Mo., and  
30 E. 14th street, New York.  
Carruth Jewellery Co., sole agents for Plattsmouth, Neb.

If you want something nice, lovely and sweet go to Meisinger & Lohman.

Phil Sauter and the insurance adjusters completed their labors on the fire-scorched stock of harness and saddlery belonging to the former, and Mr. Sauter is preparing to remove into the Martin building, where he will sell off the stock in a fire sale at away below actual cost. In the meantime his former room will be repaired and plastered and Mr. Sauter will be doing business at the old stand in a few weeks with a new stock throughout.

### Vest's Eyes.

What the Hon. George G. Vest says in regard to the superiority of the Hirschberg diamond and non-changeable spectacles:  
"I am using glasses which I purchased from Prof. Hirschberg, and they are the best I ever tried. It affords me great pleasure to recommend Prof. Hirschberg as an excellent optician, and his glasses are simply unequalled in my experience."  
"G. G. VEST."

These glasses are for sale by Carruth Jewellery Co., agents for Plattsmouth, Neb.

The present cold snap is just the stuff to insure a first-class ice crop. H. C. McMaken will commence cutting and shipping from Cedar Creek today. He has also fields at Ithaca and Milford and expects to pack eight thousand tons for his retail trade and the B. & M. The local ice dealers will continue their harvest as soon as the weather moderates.

Dr. Marshall, DENTIST Fitzgerald block.

## The State Turnbezik.

The annual business meeting of the Nebraska Turnbezik was held in Fremont on Sunday, delegates being present from Omaha, Plattsmouth, Sioux City and Milwaukee. It was decided that the annual turntag be held in Plattsmouth in the latter part of April or the first part of May next. The turnfest is to be held in Omaha about the first of July. Delegates were elected to the national convention at Denver as follows: Philip Andres, Omaha; John P. Sattler, Plattsmouth; Emil Hoffmeister, Fremont. The headquarters of the state association will be held in Fremont for the coming year, offices to be chosen by the society of that city.

Music committee—S. P. Holloway, Geo. Poissall, W. S. Porter.

### Continues to Claim Credit.

Geo. W. Young returned home from the county seat Wednesday, the commissioners having completed their work at this time. Mr. Young has made a good record at the beginning of his term of office, and it was largely through his influence that the order was given for cleaning up the old county jail, the letter of the other two members of the board in the News to the contrary notwithstanding.—Nehawka Register.

In a conversation with a newspaper correspondent recently Justice Post of the Nebraska supreme court expressed himself very favorably to the commission. He believed the commission was of more value to the interests having business before the court than an increase in the membership of the main court, for the reason that the time of the court is largely taken up with the routine work of the regular sessions, such as listening to arguments and passing upon motions. The commission is hampered by none of this routine work and is thus enabled to give its entire time to the consideration of cases placed in its hands by the supreme court. The operation of the law for nearly a year has convinced the court of the value of the commission.

The regular occasional prize fight occurred at West Lincoln Saturday night, when Lou Gardner, colored, and the "Denver Kid" met in fistie array. They fought six rounds in pretty good spirit, the Kid getting slightly the worst of it. At the end of that round he explained that he had just come out of the penitentiary, had enjoyed no chance to train and was not in good trim. He said he would fight one more round and quit, whether he was knocked out or not. The seventh round was a draw and they divided the money. Then someone who had put up money on the Kid swiped him a lick for luck and a free fight ensued in which an attack of a P street hardware store laid out a number of aspiring puns with neatness and dispatch.—Lincoln News.

### Cheap Coal.

WATERMAN & SON.

It is reported that an order has been received at the B. & M. shops here to vacate the round house building, which has been used for a freight car repair shop. Just what this order means is not known, but it means that the division will be returned to this point or that the company wants the building to store the locomotives now lying idle at Havelock and other points along the line.

Constable Chas. Spence of Louisville was in town Tuesday. He reports that the Louisville gold-fund is actual. He himself was a skeptic until Tuesday, when he was thoroughly convinced that the gold was actually there. The only question is, according to Mr. Spence, whether the yellow-metal can be unearthed in paying quantities. Just at present the prospecting parties find it mixed up with fine sand at a depth of some thirty-five feet. Mr. Spence says that the find will be thoroughly investigated.

### Coal at Clark's.

Plenty of good coal at Timothy Clark's coal yards, for cash only. NO CASH, NO COAL. T. CLARK.

## IN AND AROUND THE TOWN

The Murdock Columbian says: "Hides wanted at the postoffice." Is it possible that the people of Murdock are also afflicted with a republican postmaster?

Dispatches from Washington in yesterday morning's papers bring the information that the democratic administration had decided to allow an increase of pension to Henry Watson of this city. Mr. Watson is a veteran of the war with Mexico.

County Attorney Travis is in receipt of a letter from a cousin, E. E. Fife, who has just returned to his home in Ohio after an absence of five years in India, where he has been doing missionary work. Mr. Fife has been called to Lincoln and after next month will regularly occupy the United Presbyterian pulpit in that city.

Leon Lozier, the Council Bluffs rapist, when he arrived at the penitentiary in Fort Madison, was dressed up in stripes, the regulations of the prison being that prisoners placed there for safe keeping shall conform to the regulations governing other prisoners, except that they need not work. Lozier preferred to work, which is really more than could be said of him before his departure from Council Bluffs.

The fifth annual reunion of the "Nebraska Soldiers' Association" will be held at Omaha commencing January 31, 1894. Arrangements will be made with hotels and railroads for reduced rates. Resident comrades will endeavor to render the occasion one of pleasure and to secure comfort to visitors during the session. Plattsmouth will doubtless send a delegation of first Nebraska veterans to the reunion.

Attorney B. A. Gibson, brother of Dr. Francis N. Gibson, who was hurt in the Burr block elevator at Lincoln a few days ago, says that he thinks his brother will survive his injuries, but will in all probability be a cripple for life. His physician says that he is not getting along so nicely as he should like; that he has rested very little since the day of the accident and has not yet passed the danger line. However, nothing serious has developed thus far.

The priests and laymen who are opposing Bishop Bonacum so bitterly claim to have scored another victory over his reverence. The bishop recently ordered Father Corbett to leave his parish at Palmyra and transfer himself to Rufo. Father Corbett refused, even though he had been informed that another priest from Uca had been sent out to relieve him. The Uca priest went as far as Lincoln, where he was waited upon by a delegation of priests who were opposed to the bishop. There he was informed that the sympathy of the parishioners of Palmyra was so clearly with Father Corbett that they would scarcely brook his removal. The new priest returned to Uca and the Palmyra people are still under the spiritual guidance of Father Corbett.

### \$100 Reward, \$100.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address F. J.
