

**WEeping WATER NOTES.**

From the Eagle.  
Tom Perrionet, who has been conductor on the Missouri Pacific freight between here and Lincoln for years, has been shelved at last, receiving his g. b. at Union last Saturday night. He has been on the payroll of the company for eighteen years.

Ducus Tecum was called before the grand jury last week to testify in regard to the operations of the can-can that has been in operation at Plattsmouth for some time. Ducus made his ignorance of its existence manifest to the jury by saying that he had often heard of the canning factory at that place, but had never known where it was located until the jury informed him.

A. B. Gibson's boy got severely injured by a mule yesterday. The boy undertook to ride the animal from the field to the barn. While mounting he slipped and got tangled in the harness, the mule, which was sharp shod, kicked him several times in the thigh, inflicting some ugly wounds. The family feel thankful that it is no worse, for the animal was a vicious one and might have killed the boy.

**Poor Old Glenwood:**  
The Glenwood Opinion, to offset our free ferry, makes the following appeal to the merchants of Glenwood:

"A good road, during all seasons, to Glenwood from the Missouri valley would insure the farmers coming here to trade even if Plattsmouth has a free unreliable small ferry. Iowa temperance people are not going to cross the turbulent Missouri even if free when roads are good to their own county seat and they can dispose of produce and purchase merchandise at the prices heretofore and now given. Our merchants, as a rule, give better bargains than are obtained in Plattsmouth."

That dreaded pest, the Russian thistle, is reported to have gained a foothold in the court house lawn, and thereby threatens to exterminate the blue grass, which, through Janitor Hempel's watchful care, had become a veritable garden of loveliness. The

janitor has been advised to ask an appropriation from the commissioners to fight the pest.

**Guilt of Larceny.**

The jury in the criminal prosecution against Oswald Schubert and Ed. Robinson, tried on Friday in district court, decreed that the lads were guilty only of petit larceny, as it could not be clearly proven the breaking into of the car was committed on this side of the river. The verdict fixed the value of the stolen goods at \$24. Judge Chapman accordingly sentenced the boys to thirty days in the county jail and to pay the costs of the prosecution. Henry Sitzman was called up and after pleading guilty to participating in the affair was fined \$15 and costs.

**The Morgan Spading Harrow**

**HAS PROVEN TO BE A MOST REMARKABLE MACHINE**

And fills a long-felt need—something you have long been looking for, viz: A machine that will put in oats in standing stalks when the ground is wet, do a nice job and not clog. For pulverizing fall or spring plowing or sod it has no equal. They were sold all over the east last year and, although introduced late in the season, had an enormous sale and gave unended satisfaction. Jacob Falter, jr., is the first farmer in this community to invest in the "Spading Harrow" and, although he has only owned it for a short time, he cannot praise it too highly.

**The Morgan Spading Cultivator**

Is also just as much of a success as the Spading Harrow. It has no equal in the implement market. MEISINGER & LOHMANN, of Plattsmouth have the exclusive agency for these two machines for this territory, and Cass county farmers are requested to call at our headquarters at Plattsmouth, on Sixth and Pearl streets, and give them a thorough inspection. These machines are all we claim for them—THE VERY BEST IN THE IMPLEMENT MARKET.
