### IN AND AROUND THE TOWN.

Geo. Sayles and Geo. Horn of Cedar Creek were in the city Saturday.

Mrs. Ed Fitzgerald and sister, Mrs. Jos. Tighe, of Bradshaw, were Omaha visitors Friday.

The state banking board has issued a certificate to do business to the Livingston Loan and Building association of this city.

Will H. Miller of Ferris, California, is in the city enroute home from a visit at his former home at Newton, Ia., and will be here for a few days.

June Black was able to be down town Friday for the first time in several months, and his many friends were pleased to see him around again.

Norfolk people are building high hopes on the possibility that the B. & M. road will be extended from Schuyler to that place when the ground hog thaws out.

Col. J. W. Barnes, of York, and a former Plattsmouth citizen, has donated the major part of his fine cabinet of geological collections to the York high school.

Dick Stetcher, a former sub-foreman in the local B. & M. shops, is a candidate on the citizens' ticket at Havelock for a membership on the village board of trustees.

The Filbert habeas corpus case is still unsettled, the state supreme court having adjourned without passing on the matter. The people of Cass county would appreciate a decision.

Bishop Worthington, of Omaha, was present at the confirmation services at St. Luke's Episcopal church Friday, and a class of twenty-six persons were confirmed. This is the largest class in several years.

The proprietors of the weekly Herald have purchased material to replace that destroyed by the fire, and will resume publication this week. They may conclude to publish a daily edition in the near future.

The postoffice at Mynard is now in running order, and several of our weekly readers have ordered their papers sent to that place instead of Plattsmouth, Murray and Eight Mile Grove. Some of the residents of the village facetiously refer to the place as Draperville.

Mrs. H. L. Oldham, postmistress at Murray, Friday presented Kelly Fox with a pair of goose eggs, as an Easter gift. But Kelly believes the goose eggs have some remote connection with the outcome of the postoffice contest, in which he was supposed to have an interest.

Wm. Herold & Son have on exhibition in their show window a portrait of George Washington woven in silk, which is a very artistic piece of work. The original portrait cost nearly \$8,000, as it is woven in shaded silk and not printed. The copy on exhibition is valued at \$150.

Hempel Bros. have purchased the coal business and yards of Timothy Clark, located on Third street. It is the intention of the new proprietors to continue the coal business formerly carried on by Mr. Clark, and their feed and transportation business will be conducted at the old stand on Sixth street, where coal orders will also be taken.

Hans Frahm, living on North Eighth street, lost his smoke-house and contents and several outbuildings by fire at an early hour Sunday morning. He was smoking meat in the smoke-house, and it is supposed the fire communicated to the building. The flames were extinguished by the assistance of several neighbors, the fire department not being called out.

The free ferry is proving a decided success. One of our merchants informs us that thus far his trade with the people who have crossed on the free ferry has been sufficient to offset his contribution to the ferry for a whole year. It is also a decided advantage to the Iowa farmers, as it affords them a better market for their products.

The morning papers say that J. R. Waugh, E. D. Scott and T. C. Buttery of Nebraska have passed successful examinations for admission as

cadets to the U. S. military academy at West Point, and will be admitted next June. The "J. R. Waugh" referred to is known hereabouts as Dick Waugh, and is a son of Samuel Waugh. THE JOURNAL congratulates Dick on having passed a successful examination.

Fletcher Robbins, a former Plattsmouth boy, but now of Streator, Illinois, is lately coming into prominence as a boxer, and from a late Streator paper we glean the information that he is winning every boxing match in which he participates. Several of the local sports have taken the matter in hand and will endeavor to arrange another boxing tournament, to conclude with a ten-round set-to between Fletcher and Prof. Geo. Middleton for points. The affair would certainly draw a large crowd.

At a meeting of the Associated Charities held Friday afternoon the following reports were made: H. J. Streight reported that he had expended for provisions the sum of \$45.00, leaving about \$20.00 on hand. Mrs. Jones reported that \$31.80 had been expended for shoes, leaving a balance of \$8.20 in that fund. Mr. Windham reported that five and one-half tons of coal had been distributed since February 4th, leaving twelve tons on hand. Mr. Wescott reported employment found for two men and two women.

**A Skeleton in the Closet.**  
How often do we hear of this in domestic life at this day. But what is more appalling than the living body made repulsive with skin and scap diseases, salt-rheum, tetter, eczema and scrofulous sores and swellings. Dr. Pierce's Golden Medical Discovery is the positive cure for all these diseases. It taken in time, it also cures ring-scarfola, commonly known as Pulmonary Consumption. By druggists.

**KEYSER, N. C.**  
DR. R. V. PIERCE: Dear Sir—When about three years old I was taken with mumps, also had a fever, finally I had that dreaded disease Scrofula. The most eminent physicians in this section treated me to no avail. I had running scrofulous sores on left side of neck and face. I was small and weakly when eight or nine years old, and in fact was nearly a skeleton. Six bottles of Dr. Pierce's Golden Medical Discovery wrought marvelous changes. Although the sores were healed in eight months, I did not quit taking it until I was sure it had been entirely routed from my system. The only signs left of the dreadful disease are the scars which ever remind me of how near death's door I was until rescued by the "Discovery." I am now eighteen years old and weigh 148 pounds; and have not been sick in five years. Yours respectfully,  
HARVEY M. HOLLEMAN,  
Agt. for Seaboard Air Line.

For constipation and headache, use Dr. Pierce's Pellets.

In his application to the supreme court for a new trial for Harry H. Ill, Attorney Matt Gering gives as one of the reasons why he ought to have it that the punishment inflicted (death by hanging) is excessive and unusual. There may be a difference of opinion between him and the court on the question of whether or not the punishment is excessive, but they will cordially agree as a matter of fact that hanging is very unusual.—Lincoln News.

**Beware of ointments for Catarrh that contain Mercury.**  
As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free. Sold by Druggists, price 75c. per bottle.

When you hear a man telling what a paper should do or say, just look him over and ask how much support he gives that paper, or if he would not get rather wrathful if the publisher of said paper would tell him how to conduct his business or private affairs. It's a poor rule that don't work both ways.—Nebraska City News.
