VASS

tion

Th

Some two weeks ago the statement was exclusively made in these columns that H. A. Booth, through his attorneys, was preparing to make a demand on the county county commissioners that they set aside the county bridging contract, recently let to J. R. Sheely & Co., of Lincoln at \$3.85 per foot, and readvertise for bids. The correctness of THE JOURNAL'S statement has been proven in the fact that Mr. Booth's demand was presented to the county board yesterday and the latter body promptly refused to heed the notice, whereupon notice was given that mandamus poceedings would be instituted before Judge Chapman on April 10 to compel the board to set aside the contract. Booth. it will be remembered, was a bidder for the work and his attorneys, D. O Dwyer and Byron Clark, set up as a cause of action that the advertisement for bids for the bridge work was not done in conformance with the statutes. A recent decision of the supreme court on a bridge muddle into which Saunders county was drawn, is said to rebuilt when the estimated cost of the structure will exceed \$100. The advertisement on which the recent contract | MARVIN, wholesale druggists, Toledo, was let, failed to set out the different | C bridges which the board will order constructed, and for this reason Booth and his attorneys hope to impress the commissioners that they erred in the letting of the contract. The case promises to be warmly contested.

#### Bill Is Too Expensive.

The board of county commissioners have arrived at the conclusion that the keeping of Murderer Harry Hill is costing the county of Cass entirely too much money. Since his case has been appealed to the supreme court, and his execution deferred until next October. he will probably be taken to Lincoln and confined in the state penitentiary. His confinement in the county jail requires the employment of guards for when it comes to prices on wall paper, night and day service, and the expense and it is the same way with drugs, of boarding and guarding him is in the neighborhood of \$5.00 per day. It would cost the county much less to have him kept at the penitentiary. The board intended to go to Lincoln today to make arrangements for his dress box 459, city. transfer, but changed their plans and

# Morgan Spading Harrow

### HAS PROVEN TO BE A MOST REMARKABLE MACHINE

And fills a long-felt need -something you have long been locking for, viz: A machine that will put in oats in standing stalks when the ground is wet, do a nice jeb and not clog. For pulverizing fall or spring plowing or sod it has no equal. They were sold all over the east last year and, although introduced late in the season, had an enormous sale and gave unended satisfaction.

Jacob Falter, jr, is the first farmer in this community to invest in the "Spading Harrow" and, although he has only owned it for a short time, he cannot praise it too highly.

### The Morgan Spading Cultivator

Is also just as much of a success as the Spading Harrow. It has no equal in the implement market. MEISINGER & LOHMANN, of Plattsmouth have the exclusive agency for these two machines for this territory, and Cass county farmers are requested to call at our headquarters at Plattsmouth, on Sixth and Pearl streets, and give them a thorough inspection. These machines are all we claim for them-THE VERY BEST IN THE IMPLEMENT MARKET.
