THE EDITOR WINS THE BADGE.

The Plattsmouth Wheel Club Hold Their First Meet and Contest For the Club Badge--Hicks Predicts a Rain--Other Notes.

The members of the Plattsmouth Wheel club had their first go for the new gold medal emblematic of the club championship at the fair grounds race track last night and an exciting race it was, to be sure. The admission was free, and although the participants fully expected their efforts would be watched by a large audience, they had no idea that the first race would attract so many sight-seers as were on hand. The large attendance simply went to prove that bicycling is a popular sport. But the race.

There were eight entries. Dr. Marshall fixed the handicaps and they were announced as follows: Will Hyers, 2 minutes; Walter Thomas and C. S. Sherman, 1:30; J. K. Pollock, 1:15; Louie Thomas, 1 minute; Fred Lehnhoff and E. H. Schulhoff, 45 seconds; Tom Patterson, scratch. The start was made at 7:45, and it was full of interest from the very first. The distance was three miles, or six turns of the track, and after three laps had been run, the riders were so well bunched that the outcome was really in doubt to the very last. First place and the medal fell to C. S. Sherman, whose actual time was 10:02. J. K. Pollock second and Fred Lehnhoff third. The latter went the three miles in a trifle under 9:25, and thus scored the best time in the race.

The handicapping, aside from the fact that the scratch man was placed too far behind the other riders, was well done, and at the finish less than one hundred feet separated the winner and the fifth man in the race.

It is the intention of the club to have a sort of racing carnival every week, and in addition to a race for the medal, a quarter and half-mile dash will be had previous to the principal event. The admission will be free for all of the meets.

Hicks Says a Storm.

Today has been one of the most torrid we have thus far experienced this season, the thermometer registering around about the hundred mark in the shade. Rev. I. L. Hicks, "the storm prophet," has successfully called the turn on the heated term, and says: "From 17th to 22d will prove a 'heated term' which state will continue up to and through the reactionary 25th and 26th, unless abated by storms about 18th or 19th, or 25th or 26th. The month will end in the midst of great heat, with a threatening barometer, and possibly active storms moving from the west. Look out for drought in following months." Col. Hicks' weather forecasts are rather obtuse and conditional, but let us hope that his storm will put in an appearance on schedule time, as successfully as did his "heated term."

Bar Meeting Postponed.

Owing to the fact that a number of attorneys are absent from the city, the bar meeting called for this evening at Judge Ramsey's office has been postponed for one week, until Thursday, July 29th.

An Unwelcome Child.

The body of an infant was taken from the Missouri river about eight miles below Nebraska City on Tuesday evening. The body was badly decomposed and wrapped in a bundle of old clothing. Coroner Karstens went down from Nebraska City and viewed the remains, but there was nothing by which the body could be identified. It was probably an unwelcome child and had been summarily disposed of.

The probability is that the Union Pacific will not be opened to Butte, Mont., without a hard fight. There are nearly 5,000 miners in charge of the town, and they are running everything to suit themselves. A railroad man just returned says that bridges have been burned and tracks torn up. Pullmans are left five or six miles from the town and one requires a passport to get in. The strikers have nearly 2,000 pounds of dynamite and are determined to hold the town. United States regulars are being massed, and it is confidently expected that there will be a killing before the road is opened through.

The executive committee of the Nebraska free coinage league will meet in conference at Lincoln today, and the Lincoln News, in mentioning the session, adds the following: "It is understood that the meeting will be held in the government building, unless President Cleveland or Secretary Morion should hear of it in time to prevent such a flagrant desecration of the structure."

The Glenwood Times is worried almost beyond endurance over the pretended fact that Plattsmouth is on the decline and cannot recover. Plattsmouth wants no sympathy from the Times. Our merchants are doing a substantial business, despite the general depression. That free ferry across the Missouri—which allows people to journey hither to trade, where more and better bargains are offered in a year than in Glenwood were the town to live a century—is the cause of the enmity of the Glenwood papers toward Plattsmouth. This town has no quarrel with Glenwood. The latter village is really too insignificant to deserve any notice.

Did you notice that the winner of the gold medal and the winner of the time prize in last night's club championship race both rode Rambler wheels? Ramblers speak for themselves, and isn't it rather plain that if you are contemplating the purchase of a wheel that the Rambler is the one to buy. No question about it—they ride easier than any in the market. Lehnhoff Bros. have the agency. Better see them as to Rambler prices.

Mrs. M. A. Dickson gave a sumptuous luncheon at her residence on Third street yesterday afternoon, between the hours of four and six. The dining room and table were tastefully decorated with the choicest flowers and our national flag. Among those present were: Mesdames Manchester, Malon, Baxter Smith, Golding, Chet Smith, Steinkler, Booth, Hilton, A. Adams, Blake, Wheaton, J. W. Campbell, Coursey, J. Tighe, Longenhagen and others whose names we did not learn.

The wheel club members have secured the right to construct a new racing track on the old Chicago avenue base ball park, and work will be commenced on the grading at once. It is hoped to have the track ready for the next race for the club's gold medal. The track will be a third of a mile in circumference, and, owing to its proximity to town, will make the club's races more popular than ever.

Freight business along the line of the B. & M. is picking up somewhat, and it is not an unusual occurrence to see an "extra" pass through nowadays. The present prospect for good crops along the entire line of the B. & M. is especially pleasing to Plattsmouth people, because prosperity for the road means prosperity for Plattsmouth.

"Snapper" Kennedy, the lad who held down third base for the Plattsmouth state league team in '92, is now playing with the St. Joe team in the western association. Lack of practice has made "Snapper" rather seedy in fielding, but in batting he is as strong as ever. In time, however, St. Joe will conclude that in him they have secured a prize.

Things are humming down at Nehawka. The stone company have commenced to run their crusher night and day. They have large contracts for crushed rock and only by running night and day can they be filled. The lime company also has on hand a large amount of wood, and is prepared to burn 20,000 barrels of lime this season.

Max Lemm, the restaurateur, received a fresh shipment of bass, croppies, shrimps and lobsters today and is ready to serve the public with any of the above delicacies at a moment's notice. Max is running a really first-class restaurant and deserves a liberal patronage.

A sad case is reported from Omaha of the suicide of a member of one of the leading families. In an evil moment he purchased a suit of white duck clothes, but was so mortified over the fact that he was seen wearing them in public by several young lady

The small-pox epidemic at and near Pacific Junction is now a thing of the past, and the railroad company are again making that place the terminus for their dining cars, which have been brought over here during the continuance of the scourge.

Peter Elingson, the painter, has just completed two elegant sign-boards for A. H. Weckbach, the grocer, and Dr. Mason, the dentist, which reflects great credit on Peter's skill as a wielder of the brush.

Dave Reynolds of Nehawka and Geo. Bailey, a farm hand who lives some thirteen miles south-west of this city, are to race five miles on their bicycles next Saturday at Nehawka for a purse of \$100.

Money to Loan.

The Livingston Loan and Building association will have money to loan at their meeting tomorrow, Thursday night. HENRY R. GERING, Sec'y.

The body of a man was taken from the Missouri river near the U. P. bridge at Omaha yesterday forenoon. It was in an advanced state of decomposition, bearing evidences of having been in the water for several days, and was that of a man about fifty years of age, six feet in height, with gray mustache, bald head and was attired in dark gray clothes. The shoes and socks were missing. The only article found on the body was a letter signed "Lulu," and addressed to "Dear Papa," from 1233 Curtis street, Denver, dated April 29th.

Monday night Frank Brethaupt, of Oxford, was shot twice by an unknown man and his recovery is doubtful. He returned about 10 o'clock from fishing and was feeding his team, when a shotgun load from over his shoulder put out his left eye and immediately another shot tore a furrow across his back. Brethaupt is eighteen years old, and recently had an altercation with William Blauvelt about a love affair. Blauvelt has been arrested on suspicion.

The German Evangelical congregation of this city will have missionary services on Sunday next, July 22, at the Christian church. The Rev. G. Ven Luteran of Osage and J. Ramser of Syracuse will preach. Morning service begins at 10 o'clock, afternoon service at 2:30. All German Presbyterians of Plattsmouth and vicinity regardless of denominational differences are cordially invited to attend these services.

The colored people of this city have decided to celebrate the 22d of September (Emancipation day) in grand style. They will run excursion trains from all over the state to this city and expect to have the biggest crowd of colored people here that has ever gathered at any point in this state. They will make all the necessary arrangements for the proper entertainment of their guests.—Nebraska City News.

friends that he drank three glasses of soda in quick succession, dying in horrible agony. Thus we see how a man may be led into the paths of vice, which end only in death, first by the white duck suit habit, and, secondly, the deadly nature of the malady when combined with the soda-water craze.—Lincoln News.

Jack Crawford was arraigned in police court this morning on the usual charge—drunkenness. Judge Archer assessed a fine of \$5 and costs, and Jack will board out the amount in the city bastille.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J.
