For Further Particulars Address, F. M. RICHEY, Pres., or GEO. M. SPURLOCK Sec'y.

THE CITY'S HEALTH.

A Bit of Public-Spiritedness Removes a Menace to the Public Health.

DEMISE OF EUGENE L. REED.

Death Comes to a Former Well-Known Cass County Man in a Colorado Mine—Last Night's Wheel Club Race—Notes.

A Case of Public Spiritedness.

That cesspool of filth at the mouth of the city sewer system, just below the B. & M. depot, thanks to the generosity and public spiritedness of Mayor Newell and the B. & M., will soon be a thing of the past, and residents of that neighborhood and employees of the railway company whose health has continually been endangered will now breathe with more ease. From the completion of the sewer system, in 1888, a deep hole has existed at the mouth of the sewer, which has constantly been teeming with the vilest sort of filth and offal. A heavy rain would occasionally wash a portion of the vile stuff out into the river, but during the present summer no relief from that source has been had and the place became a constant menace to the city's health. At the last meeting of the city council the matter was discussed and a committee appointed to take steps to do away with the evil. It was then that the mayor and the B. & M. people came to the rescue. The committee had decided to fill the deep hole with rock and sand-stone, thus allowing the filth to pass out through the regular sand-bar channel without being deposited and retained in the deep hole. Mayor Newell is interested with Atwood & Co. in the stone quarries at Cedar Creek and through him the quarry people donated the necessary stone. The railway company was then approached and the company very promptly offered to haul the stone to this city free of charge. Four cars of the stone arrived yesterday and today were switched down on the track near the sewer mouth, where street commissioner Marshall and a force of laborers at once commenced dumping the stone. It will take several days to complete the work. The mayor, the quarry people and the railway company have the thanks of the entire community for the substantial manner in which they have aided in preserving the public health.

Buy the improved Singer sewing machine. Anton Trillity, local agent, office in Unruh's furniture store.

Eugene Reed is Dead.

A telegram from Blackhawk, Col., was received last evening by H. D. Reed from his brother, Fred, saying that E. L. Reed was killed in the mine late yesterday afternoon. The news spread like wildfire through the town and scores of people waited anxiously for further particulars of the tragedy. His friends, numbered by hundreds, deeply sympathize with the afflicted family. Clint, his youngest son, is here on a visit. He is almost prostrated under the blow that has come upon him so suddenly. At this late date, 2 p. m., no additional particulars have been received.—Weeping Water Eagle, Sept. 5.

A Novel Honey Moon.

A young married couple last week arrived at Reno, Nev., from Chicago, having travelled all the way on the blind baggage. They went from Chicago on the Northwestern and were seen to get off the train at Omaha by a Union depot policeman. He supposed that they had merely ridden over from the transfer, and so said nothing. They were seen to go up town, and that was the last of them. From information received yesterday from Reno the couple accomplished the unique trip in just nine days. The couple were married in July, and the husband, who was a brakeman for the Illinois Central in Chicago, lost his position because of the strike. They saw their savings rapidly disappear and also the little home and furniture. He had friends at Reno and so they determined to go there. They had just enough money left to buy food for the trip and an occasional night's lodging, but not enough to pay the railroad fare. Nothing daunted he suggested the blind baggage and she pluckily accepted the challenge as the only means of reaching Reno. They are now the attraction of the town at Reno and both have secured work and are now on the highway to prosperity.

The opening of the school season finds Lehnhoff Bro. as usual with such a stock of books, slates, tablets, etc., as to make them headquarters for these goods. They call attention of school districts to this fact. We quote lowest figures on chalk. 36-2

Geo. Stohlmann, one of the best known farmers out in the neighborhood of College Hill, took it into his head on a recent warm night to sleep on a porch outside of his house. The porch was a high one, and during his slumbers George tumbled off onto the ground, sustaining bruises which will keep him about the house for some time. Hereafter Mr. Stohlmann will stick closer to his bed.

Retrenchment On the M. P.

Yesterday's Lincoln News says: "The Missouri Pacific is still cutting down expenses. This morning an order went into effect closing the telegraph offices at Sprague, Kramer, Walton, Barr, Panama, Avoca, Glen Rock, Manley, Padonia and Bloomington, Kan. This relieves on an average two operators, the work hereafter devolving upon the station agents. More reductions are slated in the near future."

Two of the stations, Avoca and Manley, are in this county. The handling of grain constituted the entire business at both station, and the big shortage in the corn crop thus makes it mighty tough on M. P. operators.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY, & Co., Toledo, O. Sold by druggists, 75c.

Come Up and Be Convinced.

Plattsmouth will hold a fair (farce) September 18th to 21st. The papers of that city say it will be the best one ever held in the county. That's a whopper.—Harry Race's Weeping Water Eagle.

Come up, Harry, and see the fair.

Don't let your hatred of Plattsmouth get the best of your judgment in everything. The Plattsmouth fair this year will be the biggest and best of any ever held in the county.

Messrs. G. W. Holdrege of the Burlington and Freight Agent Crosby went to St. Paul last night to confer with the Northern Pacific people relative to the traffic arrangement which the Burlington and Northern Pacific people desire to be made when the Sheridan extension is completed to Billings. There has been considerable correspondence regarding the agreement, and matters have progressed far enough to warrant a conference on the subject. An official of the Chicago, Burlington & Quincy will also be present, presumably Mr. Perkins, and the details of the agreement discussed with a view of harmonizing existing differences, if any.—Lincoln News.
