### PEACE IS PROMISED.

Father Corbett's Departure Assures Quiet in Catholic Circles.

GONE TO WASHINGTON.

The Priest Will Continue To Preach the Gospel, But It Will Be Outside of Bishop Bonacum's Diocese-

Various Other Notes.

Father Corbett Leaves Nebraska,

Rev. Martin J. Corbett, says the Lincoln Journal, is no longer a subject of the Lincoln diocese and the bitter ecclesiastical struggle in Nebraska is, as far as he is concerned, at an end. Some time ago he petitioned Bishop Bonacum through Monsignor Satolli for his exeat and the bishop, it is learned, acceded to the delegate's request. Father Corbett departed for Washington as soon as he received his dismissal and, it is said, will probably be sent to some other diocese by the

With the departure of Father Corbett ends a fight which, in Catholic circles, has been unprecedented. It will be remembered that the struggle was brought about by Corbett's refusal to go to Rulo when ordered to do so by the bishop. At that time the trouble is supposed to have been settled by Mousignor Satolli, who came west for the purpose of putting a quietus upen it. His mission was only a partial success, however, for in the course of a year after his departure the trouble was revived and Corbett suspended by Bishop Bonacum.

In order that he might not be outdone the priest had the bishop arrested on the charge of criminal libel, and a week's fight over the case in the civil courts resulted in its dismissal. Father Corbett was sustained in his trouble by several priests who claimed to have grievances of their own and who sought to even up with their ordinary at Corbett's expense.

The dismissal of the case from the civil courts was followed by the excommuncication of Corbett and the order of the bishop for him to repair to a retreat in Canada. This he refused to do, and even went so far as to nail up the doors of the churches in his parish and decline to allow his successor to occupy them. An injunction from the Cass county courts compelled him to recognize the authority of the bishop and he was left with nothing better to do than to either visit the parishes of his sympathizers or calmly sit down and wait for the bishop to relent.

In the meantime, however, he had filed a long list of charges against the such a feeling against him in the dioacts directed against his ordinary, as Archbishop Hennessey refused to entain the charges, and, as a result of the investigation which followed, reported favorably on the bishop to Satolli. This last cast of fortune's dice proved too much for Corbett and he finally decided to seek for a transfer to some other diocese. He petitioned for his dismissal through Satolli and Bishop Bonacum has granted him his exeat, so that now he may seek a parish elsewhere.

#### An Unknown Floater.

Oliver Baker, a resident of Liberty precinct, was in the city Thursday and reports the finding of the body of a little girl on a Missouri river sand bar about due east of the town of Union. The girl was dressed in a blue calico dress and a gingham apron. She was apparently about six years old and had evidently been in the water for some time, as the body was badly decomposed. Nothing was found by which the body could be identified, and the remains were interred on the Iowa side of the river. The authorities have telegraphed the particulars to points up the river, in the hope that prove of great worth to the people of the parents or relatives might be able to claim the body of the poor unfortu- the construction of a Plattsmouth

#### That Douglas County Canal

The county commissioners of Dougas county have decided to submit to the people of that county a proposition to vote \$1,000,000 subsidy to a company for the construction of a canal to bring water power to Omaha. The enterprise has been under discussion for more than a year and many thousands of dollars have been expended in investigations and preliminary surveys. The design of the enterprise is to bishop in the hope that he could arouse create a great water power just outside the city limits, to be brought into didate for congress in this district, arcese as to force the delegate to trans- the city in the shape of electrical enfer him to some other state. In this ergy and sold at a uniform price to all he was unsuccessful, as in all other factories. The rates at which this water power is to be sold have been ception was held in the office of the agreed upon by the company and the county commissioners and they will be on an average chaper than the charge for water power in Minneapolis and other water power centers. The water is to be procured from the Platteriver, some forty miles from Omaha, and will be carried through a canal to a point near the Omaha city limits, where a fall amounting to 135 feet will be secured. At this point there will be developed 24,000 horse power. At this point also an electrical plant will be brought into Omaha and distributed small consumers of electrical power.

The people of Omaha are expected to vote these bonds by a large majority, as there is practically no opposition and \$1,000,000 is considered a small amount to give for securing the advantages of such cheap power for manufacturing purposes. The whole enterprise will cost \$4,000,000, and the company taking it is composed of the richest men in Nebraska.

Plattsmouth is much better situated for canal purposes than Omaha, and the result of Omaha's enterprise will this city who have been working for

## MORTGAGE RECORD.

Cass County Farmers Reduce Their Indebtedness \$15,000.

School Board Find It a Difficult Matter to Accomodate All the Children-A Small Cyclone in Pawnee County-Other Notes.

The Mortgage Record.

Cass county's mortgage record for September, compiled at the court house Monday is a favorable showing. The figures are as follows: Farm property-filed, \$27,635.57; released, \$41,167.50. Town property-filed, \$3,-960.80; released, \$1,547.64. Chattel mortgages-filed, \$7,275.43; released, \$6,086.98. When the farmers of Cass county can reduce their mortgaged indebtedness almost \$15,000 in one month, this talk of hard times and scarcity of money seems the veriest kind of bosh.

City Schools are Crowded.

At the school board meeting on Monday night the vacant room in the west Fourth ward building was ordered repaired, and after Monday next it will be occupied by school children. Miss Maud Foxwell was chosen to teach in the new room. The school board is finding it a difficult thing to provide sufficient room for all the children. The enrollment shows that there are over one hundred more children in the schools for the first month of school than last year. The only way out of the difficulty is the erection of a new four-room building in the Second ward on the same plan as the new building on South Ninth street. The board hopes that the school finances will permit the erection of such a building After a session lasting since yester- next summer, and patrons of the city schools join with the members of the

Bad Storm in Pawnee County

Pawnee county was visited by a small-sized cyclone on Monday night. ary term of court for another trial. It | The storm struck the house of John Nelson, living seven miles south of three for Stull and nine for the rail- Pawnee City. The family of seven were all in bed, when suddenly the house was lifted and completely razed to the foundation. The family were blown into an adjoining field. Six of them were injured. One girl, nine years old, had a board driven through her skull into the brain. The little girl is still unconscious and cannot live. One of the family had a collar bone broken. The path of the storm was northeast. It was a narrow strip, tearing up wire fences and levelling everything in its path. It passed through between a neighbor's house and barn, just missing the corner of his house. A drenching rain of two hours' duration preceded the storm.

Leidigh for Float Representative.

The populist float representative convention for Cass and Otoe counties was held at Nebraska City Tuesday, and resulted in the nomination by acclamation of Mr. Geo. W. Leidigh of Nebraska City. Mr. Leidigh is a fullfledged free silver democrat and was a member of the last house of representatives. His nomination by the populists shows that his course in the legislature meets with approval regardless of party. Mr. Leidigh will also be nominated by the democratic float convention, and his election thereby becomes a certainty.

Was a Former Nebraskan. Luke Lavender, the former Ne-

braskan who lately committed suicide at Florence, Alabama, was until recently a resident of Broken Bow, this Tuesday, and in addition to the regular state, and was engaged in brick makroutine of allowing claims, appointed ing. He was 76 years old. About H. J. Streight as a member of the August 1 he left Broken Bow with a team and about \$25 in cash, with no particular destination in view, he and his wife having separated a short time before. He was a well respected citizen, and at one time was owner of the tract of land on which the city of Lincoln is now located, and he donated a part to have the capital located there. He at one time possessed considerable property, but it is reported that he lost it through the trickery of unscrupulous parties. It is said by some that Mr. Lavender had not been in his right mind for some time past.
