

Broke the Record. Although the fast mail has made some remarkable runs of late, all previous records were smashed Tuesday—the distance of 105 miles between Creston and the U. P. transfer being covered in two hours and five minutes.

Burial of Mrs. Wheeler. Mrs. William Wheeler was buried in the beautiful cemetery at this place Monday. Mrs. Wheeler was the widow of the late Hon. Wm. Wheeler, whose death took place in Glenwood several years ago.

Everton Schlegel Wins. The following mention in yesterday's Lincoln News pertains to a former Plattsmouth boy: "E. M. Schlegel, one of the proprietors of the Roberts-Martin 'Faust' company now on the road, was married to Miss Viva Castle, a daughter of ex-Congressman Castle of Minnesota, last week at Lamars, Iowa.

Out at Kearney a band of desperadoes are robbing freight cars which contain provisions and clothing for the western sufferers. Jerry Splain, a fellow living in that town, was arrested Thursday night for breaking into a car loaded with relief supplies.

A resident of Bertrand writes that the young ladies of that town are not so unanimously in favor of suppressing the weed as that petition sent in on the 21st would lead one to believe. It is feared that about nineteen of the twenty names are forgeries perpetrated by one emancipated woman whose only object is to make the opposite sex as unhappy as it has made her.

The Lincoln News delivers itself of the following at the expense of our old friend and townsman, Capt. H. E. Palmer, now of Omaha: "Capt. H. E. Palmer, that genial Omaha insurance man, so succinctly referred to by Rosewater as Holdrege's man Friday, consumes a column and a half in an Omaha paper to assure the public that there is no insurance lobby at this legislative session. The captain should certainly consult an oculist. They are sticking out in almost every hotel lobby, from the second floor of the Windsor and the Capital downwards."

The Burlington management says that it will be necessary to put on the long expected additional tourist sleeper between Boston and Los Angeles in a few days. The present weekly tourist car between the two points is crowded every trip, and it is believed there is sufficient travel to warrant the placing of the additional sleeper. The through sleeper between St. Louis and Billings, put on by the Burlington Sunday, is having good patronage, particularly between Omaha and Burlington, Keokuk and St. Louis.

Fast Mail Will Surely Run. The report is being circulated, with every reason for believing it to be authentic, that the Burlington is planning to take another slice off of the time consumed by the fast-mail train which runs between Chicago and Lincoln, and which passes through this city at 2:12 p. m. According to the report, the schedule will be reduced a full hour and a half, thus bringing Chicago papers into this city shortly after noon. It was first rumored that the change was to be made next Sunday, but circumstances will now hardly permit the contemplated revision of the schedule until Sunday after next.

A Prominent Wholesale Grocer of Omaha, Neb., Writes: To the afflicted: Several years ago I discovered a slight falling and bleeding of the lower bowel which increased and became very distressing. I made inquiry as to the nature of the disease and learned that I had a somewhat aggravated case of Hemorrhoids or Piles. Was told of several remedies and used them as directed, obtaining thereby some temporary relief. Not being satisfied with such slight relief I cast about for a permanent cure; when a friend directed the use of the famous MAGNET PILE KILLER. I used it. Immediate relief from pain followed, and soon a complete cure was effected.

A Naughty Newspaper Man. A dispatch to the Lincoln Journal from Nebraska City says: "Frank Childs was until recently publisher of the Douglas Enterprise at the village of Douglas Otee county. But he isn't any more. News reaches this city that he has skipped, after beating every one who would be beaten. He appropriated funds of the Modern Woodmen, also of the city, giving checks wherever he could get money on them. His father promises to make good all amounts. Childs deserted his wife and child. He was a ranting populist and at one time pop candidate for county attorney."

Editor Robinson, of the Glenwood Opinion, has taken a partner unto himself in the person of Emerson B. Brown, county auditor of Mills county, Iowa, for the last nine years. Mr. Brown has had some experience in newspaper work, is an excellent gentleman, and the new firm has every prospect of gaining new friends for their paper and ultimately make it a complete success.

Prominent Druggists of Blair, Neb., Write: Magnet Chemical Co. Dear Sirs:—The goods which we bought through your salesman are solders; the MAGNET PILE KILLER especially sells good and gives excellent satisfaction. We have re-ordered through our jobbers several times.

William Holden, the York butcher who disappeared from South Omaha during the strike last July and was supposed to have been murdered, has been located at a town in Iowa, where he is well and hearty. In the meantime his family have lived in York and but for assistance rendered by the county would have starved. Holden's desertion is a most cruel one.

Mrs. Francis McCourt, accompanied by three of their seven children, who departed Thursday for California, will make their home on a fruit farm the major bought some time ago near San Jacinto, Riverside county. Mrs. McCourt goes in order to benefit her health, if possible.

The Lincoln Journal says: "Mart Howe sent Eddie Walker, a ten-year-old boy, to his parents in Kansas City Tuesday night. The boy was brought to this city and deserted by his aunt, who lives in Cass county. He was picked up by the police. He told them that his parents were poor and unable to send for him." Howard of Sarpy talks a good deal for a boy, but he does it to some purpose at times. Thursday he prevented the passage of a bill prohibiting base ball and various other forms of entertainment on Sunday. His idea was to let a man's conscience dictate what he should do on Sunday.

President of the Gosney Live Stock Company Writes: Magnet Chemical Co. Gentlemen:—I have for months been a sufferer from Itching Piles, and tried numerous so-called remedies which did me no good. I procured a box of MAGNET PILE KILLER, and I confess the first application gave me great relief, and while I feel I am not entirely cured, I believe that before I have the entire box used I will be well. To every one suffering with this unpleasant disease I sincerely recommend MAGNET PILE KILLER.

J. E. LaRue, the genial agent for the Adams and American express companies in this city for a year past, has been offered a position in the general offices of the Adams company at Omaha and will accept. He expects to take his departure within a few days. Mr. LaRue is a competent and obliging express agent and his promotion is deserved, although his departure from this city will be a matter of general regret. His successor at the local office has not been named.

The Union Pacific railroad has agreed to bring in free ten car loads of the New Orleans relief shipment from Kansas City. The remaining ten cars will be brought in by the Missouri Pacific. Secretary Ludden of the state relief commission has received a check for \$5,500 from Louis Klopsch of the Christian Herald, and Rev. D. C. Huntington of the Methodist relief bureau was presented with \$1,000 more.

This morning's dispatches tell of the foundering of the ocean steam-ship, Elbe, off the coast of England. Over three hundred passengers were on board and according to all accounts all but some twenty who put off in a boat, went down in the luckless vessel. Carl Hoffman of Grand Island, this state, with his wife and child, were on board. Hoffman was saved but his wife and child were lost.

The infant child of Mr. and Mrs. Shuldice, whose demise occurred Tuesday after a brief illness with pneumonia, was buried this afternoon, the funeral services being held at the family residence. Mr. Shuldice is an employe in the B. & M. coach shops and his fellow workmen gave evidence of their sympathy by attending the services in a body.

The Bohemian who was injured in the B. & M. car shop yesterday by falling off a freight car onto the handle of a maul, is not so badly hurt as at first supposed. It was reported last evening that the man was dying, but it has developed that he was up and about today and will be able to return to his labors in a few days.

W. S. Purdy, who has been so ill for the past several days as to render his case almost hopeless, rallied yesterday and his family and friends have reason for believing that there is now a prospect for recovery. The public will join the wish that their hopes may be realized.

Deafness Cannot be Cured. By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free. F. J. CHENEY & Co., Toledo, O. Sold by druggists, 75c.

S. C. WELLS & CO.—Gentlemen: I write this letter to acknowledge the value of your "Shiloh's Cure." I think it is the greatest remedy ever discovered for lung diseases and croup. The life of one of my friends, who for two years was believed to have consumption and whose cough was terrible, was saved by "Shiloh's Cure." She is now entirely well. My baby that is now nearly two years old was also saved by "Shiloh's Cure." Baby was croupy and would have survived without your remedy. I had not believed there was such a good croup medicine in the world. I would not be without a bottle of it in the house for ten times the price of it. It has saved me many a dollar in doctor bills. Sincerely, Mrs. J. B. MARTIN.
