

IN AND AROUND THE TOWN.

A ton of diamonds in the rough is only worth \$35,000,000. We'll take a ton, please.

J. S. Latta of Keenesaw has returned to this county and will work the Latta farm near Murray.

H. H. Carroll of Elmwood was in town Saturday getting ready for court. It will be remembered that he is having a legal tussle with J. S. Ritchey.

D. W. Foster of Union was in town attending county court Monday. He is one of the leading populists of the county, and is a veteran of the late war.

Thos. E. Cavin of Omaha, deputy supreme regent of the Royal Arcanum in Nebraska, is in the city doing some missionary work on behalf of that excellent insurance organization.

L. G. Todd of Union precinct was a Plattsmouth visitor Saturday. He is probably as much in favor of free silver and against national banks as any man in the county.

Fred Latham, local agent at the Burlington depot, is again on duty after a six week's wrestle with pneumonia, and the many patrons of the company are pleased at his recovery.

John W. Savage, who has been sick for some weeks is again able to be out. He has had a serious time of it. Any one having an odd job of work to do will find him a faithful man.

A. Donaldson, a Saunders county farmer living six miles northwest of Ashland committed suicide late Saturday night by shooting himself through the breast. The cause was due to domestic trouble.

THE JOURNAL is informed that some of the Christian people in town contemplate acting on the suggestion of this newspaper with reference to opening a place of resort that is not contaminated by the saloon influence.

A couple of crooks who refuse to give their real names were captured at Nebraska City yesterday by the police. They are thought to be the parties who robbed a jewelry store at Red Oak, Ia., on Friday night, as they had a lot of jewelry on their persons.

Ives and Schaefer, the champion billiardists of the world, will be in Omaha on the night of Feb. 21st, and give an exhibition in Lentz & Williams' billiard parlors. Several Plattsmouth people have already signified their intention of witnessing the performance.

Mrs. E. E. Goodwin of the precinct, who manages a farm and does her own marketing, not only takes the WEEKLY JOURNAL herself, but sends a copy to a friend in the east. She was in town Friday and paid for both copies a year in advance—an excellent example, by the way.

Chris. Mockenbaupt is home from Lincoln and reports that his brother, John, who was injured some ten days ago while endeavoring to manipulate the elevator at the Hotel Lincoln, shows continued improvement and will be able to return to his labors very shortly. The boy certainly had a close call.

Hon. Erasmus M. Coryell, president of the Nebraska senate in 1893, is not expected to recover from a complication of heart trouble, which has confined him to his home at Hebron for two weeks. Mr. Coryell is editor and proprietor of the Hebron Journal, one of the best-known republican organs in southern Nebraska.

County Commissioner Hayes of the third district was an agreeable caller at this bureau of information, and he reports the affairs of the county in good shape. He speaks very highly of the gentlemen who, with himself, constitute the honorable board—especially is Mr. Young a gentleman of stability, integrity and retrenchment in the financial affairs of county. Cass county has a splendid board of supervisors.—Elmwood Echo.

Information from Lincoln is to the effect that Mrs. W. B. Shryock of Louisville, this county, has won her suit against the Modern Woodman Accident Insurance association. The jury was out forty-five hours and finally returned with a verdict in the plaintiff's favor for \$3,513.13—the full amount sued for. The same suit was tried in Lincoln a few months ago, but the jury disagreed. Judge Sullivan of this city conducted Mrs. Shryock's suit.

The editor of the Tabor (Iowa) Beacon, it is quite evident, does not believe in the fashion of the ladies wearing their hats in church. Hear him: "As we sat in church last Sunday evening, striving as best we might to see around a dozen bobbing heads and wavering plumes, in order to get a glimpse of the pastor's face, we thought what a blessing it would be, and what a large amount of hard feelings would be saved, if some dear sister, with more thought for the comfort of others than for the states of custom or fashion, would inaugurate the plan of sitting during church services with uncovered heads, the same as the 'men folks' do! We honestly believe, if some brave spirit would lead, the others would follow. We can hardly believe that all the women are consciously selfish, but in wearing those spreading, sky-scraping affairs in church, they certainly do a great wrong and rob those who must necessarily sit behind them of a greater part of the good that might otherwise be obtained from the service. It is a time for a reform movement to be begun, and we would suggest that possibly the Ladies' Missionary Union might profitably discuss this question at their Friday afternoon meeting."

Railroads May Agree.

General Passenger Agent Francis of the Burlington, speaking of a recent dispatch from Chicago to the effect that the Rock Island and Burlington had agreed to lift the boycott against the Union Pacific, said: The lifting of the boycott is only conditioned upon a like action on the part of the Union Pacific. We are agreeable to any compromise and would go more than half way to have this matter settled, although the question of compromise did not come from either the Rock Island or the Burlington, but it is distinctly understood. We have suggested arbitration, which has met with little encouragement. We have stated that if the Union Pacific would open its gateways, which it closed to us, the roads mentioned would withdraw the boycott on round-trip tickets, and we have later gone so far as to suggest an agreement without abandoning the boycott. We are contending for a principle, but we do not propose to yield everything in the settlement of this question. Mr. Lomax understands our position perfectly and it rests with him whether he will meet us half way. As to the Rio Grande Western, I am not in a position to say anything. As I understand it, Mr. Bennett has demanded certain consideration as to round trip rates which Mr. Caldwell informs me can be easily adjusted when the general passenger agent of the Rio Grande Western meets the other representatives in Chicago. I see no reason for doubting that an agreement will be made."

After the Railroads.

Aside from the bill in the Wyoming house to reduce the fare per mile on the railroads from five cents to three cents, there is another bill to appoint a board of railroad commissioners. People in Wyoming express the opinion that they are being robbed by the railroads under the guise of rates and they are clamoring for a reduction of both freight and passenger rates. If the bill becomes a law there will unquestionably be a complete overhauling of all rates and the railroad managers say that it will work a hardship upon the roads and that it will react upon the state, for at the present rates the roads are barely keeping above ground, and that a reduction would be ruinous.—World-Herald.

A Sand Blockade.

Friday's World-Herald says: The train crew of Union Pacific No. 6 say that never in the history of Nebraska has the railroad had such weather to contend with. Brakeman Joe Williams, who has run on the Union Pacific for thirteen years says that the sand was simply frightful between Grand Island and Kearney. Frequently the train had to stop and the crew was forced to get out and with shovels clear the track of sand that had drifted upon it. Mr. Williams said that the sand was drifted over the track like snow and that it was almost impossible for the train to proceed. At Grand Island the way through the yards had to be shoveled out, the sand forming big drifts. At other points the sand was piled up on the tracks in drifts as large as tobacco hogheads.

Meandering of the Big Muddy.

By the order of the Mills county board of supervisors, and in the interest of owners of land abutting on the Missouri river, Surveyor Dean is now at work on a new survey of the river line across this county. Such a survey has not been made since 1885, and in the intervening years the silted old stream has swiped a good many acres of rich Mills county soil and carried it across and down the river. In a few places land has been formed on this side—notably in the north part of Plattville township, and it is to enable the assessors to get proper descriptions of the land that the new survey was ordered. Mr. Dean has not yet completed the work, but estimates that the result will show that the county has four or five thousand acres less than it had ten years ago.—Glenwood Opinion.

A Prominent Wholesale Grocer of Omaha, Neb., Writes:

To the afflicted: Several years ago I discovered a slight falling and bleeding of the lower bowel which increased and became very distressing. I made inquiry as to the nature of the disease and learned that I had a somewhat aggravated case of Hemorrhoids or Piles. Was told of several remedies and used them as directed, obtaining thereby some temporary relief. Not being satisfied with such slight relief I cast about for a permanent cure; when a friend directed the use of the famous MAGNET PILE KILLER. I used it. Immediate relief from pain followed, and soon a complete cure was effected. Very respectfully, OSCAR ALLEN. For sale by Gering & Co.

Prominent Druggists of Blair, Neb., Write: Magnet Chemical Co. Dear Sirs:—The goods which we bought through your salesman are sellers; the MAGNET PILE KILLER especially sells good and gives excellent satisfaction. THE CENTRAL COMPANY, 77 MURRAY STREET, NEW YORK CITY

BUNTSVILLE, Ark., July 23, 1894. S. C. WELLS & Co., Gentlemen: I write this letter to acknowledge the value of your Shiloh's Cure. I think it is the greatest remedy ever discovered for lung diseases and coughs. The life of one of my friends, who for two years was believed to have consumption and whose cough was terrible, was saved by Shiloh's Cure. She is now entirely well. My baby that is now nearly two years old was also saved by Shiloh's Cure. Baby was coughy and would never have survived without your remedy. I had not believed there was such a good cough medicine in the world. I would not be without a bottle of it in the house for ten times the price of it. It has saved me many a dollar in doctor bills. Sincerely, MRS. J. B. MARTIN.
