

IN AND AROUND THE TOWN.

It always happens that hens lay the most when eggs are the cheapest.

Senator Allen will be tendered a banquet by his friends at Lincoln on the 20th inst.

Frank Beeson and his two sons, of Creston, are visiting with the family of Allen Beeson, Esq.

The lawyer or doctor that is most successful is rushed with patients or clients without the seeking.

Elisha Carroll departed Tuesday for far off Washington with a view of permanently locating in that western country.

Clothier Joe Klein is home from his trip to Chicago and will soon have his store in the Waterman corner stocked with a full line of spring clothing and furnishings.

Wm. Stadelman, an old-time resident of Plattsmouth, passed through town Tuesday on B. & M. No. 5 en route to his home in Omaha from a trip to Chicago.

The supply of seeds from the government, of which notice was given, has been exhausted already. It is remarkable how soon our advertisement of the seeds spread round.

Oscar F. Johnson is suffering from a severe attack of rheumatism of the heart. Watching at the bedside of his son so long and anxiously seems to have greatly depleted his vital energies.

City Clerk John Langston was one of the three boys who went out of the shops Wednesday as fireman. He works in the Lincoln yards this week and then expects to go on the road.

Mrs. John Waterman left this city on Thursday last for Ottawa, Ill., called there by a telegram announcing the serious illness of her father, who is quite aged and is not expected to much longer survive.

The Lehnhoff Bros. evidently propose to do their share of the bicycle business for '95. The season has not yet really commenced, but this firm has already disposed of three bicycles, with bright prospects for the immediate future.

March 19th Hon. W. J. Bryan will arrive at his home in Lincoln. It happens that that is his thirty-fifth birthday. The Jefferson club of Lincoln has engaged the Funk opera house and will tender him a reception befitting the occasion. An invitation is extended to everybody.

F. J. Kramer of Alliance, A. B. Pirie of Wymore, C. W. Hedges of Lincoln and C. A. Dixon of McCook, master mechanics and travelling engineers in the employ of the B. & M. were in town Tuesday for their regular monthly meeting at the office of Sup't of Motive Power Hawksworth.

The Coming Nation says: "Sleepy Eye, Minn., owns its own electric plant. It costs \$7,500. It furnishes arc lights to its citizens for \$50 a year, and not only lights its streets free, but actually puts money into the town treasury. Compare these figures with private ownership and see how they look."

Walter Stump, an eighteen-year-old youth living near Falls City, while hammering on a brass gun shell with a heavy pocket knife the other day, exploded it, throwing the knife up to his ear and cutting it off. The knife was found sticking in the ceiling to the depth of an inch. A physician sewed on the ear.

Some of Iowa's country newspapers are incorporated and find that under the new law they will have to pay an income tax. As "freedom shrieked when Kosciusko fell," so will an oppressed and long-suffering public now shriek their approval of this beneficent law that is thus forcing the rich and powerful of the land to bear their just share of the country's taxes.—Glenwood Opinion.

About as verdant a couple as ever visited this city was the one that registered at the Watson yesterday and hailed from Sidney, Iowa. He wanted the porter and pulled the electric button from off the wall. He wanted the radiator shut off because it was getting too warm "was afeared the darned thing might bust," and used up nearly a box of matches trying to light the gas before turning it on. They returned home last night.—Nebraska City News.

The grand jury, having completed its business, adjourned Wednesday. Following are the indictments returned, all the parties being in custody: Chas. Carroll and Ed McCurdy, for burglary; Ed Williams, obtaining property by false pretense; Guy Vinson and Ida Coombs, adultery; W. H. Remington and Stella Erwin, lewdness; Clay Connor, Sherman Hill, John Shafer and Frank Beals—the latter four for illegal liquor selling at Pacific Junction.—Glenwood Opinion.

The jury in the Lindsay-Robbins murder case in Plattsmouth promptly returned a verdict of manslaughter. The testimony was pretty strong to the

effect that the defendant's defensive tactics in the prize fight were calculated to "kill off" his antagonist, literally as well as figuratively. It was a combined shoulder and elbow punch in the stomach and abdomen, whereby blows were effectively administered "below the belt," and it was this vicious play in violation of ring rules that caused the death of Robbins.—Lincoln Journal.

Thursday morning about 8 o'clock things were exceedingly lively around the shops. A pin dropped out of the governor gear of the big Corliss engine and the monster was soon beyond control. It was getting up tremendous speed by the time Engineer Hudson could reach it and turn off steam. The principal damage was the bursting of the emery wheel which flew in a hundred different directions. Very fortunately for J. E. Palmeter he was not near enough to receive any injuries.—Havelock Times.

The Burlington weather report yesterday showed that snow fell in considerable quantities all over the system west of the Missouri. The storm extended into Colorado and Wyoming. The snow was heavier east than west. None of the trains were delayed. In this city the air was full of flying flakes all the morning, and the ground was well covered. The snow was accompanied by quite a marked drop in the temperature, the thermometer registering one degree below zero at the B. & M. bridge at seven o'clock this morning.

MAGNET CHEMICAL CO. Gentlemen:—Of the many Pile preparations which I have used I found none to do the work so quick and complete as MAGNET PILE KILLER. Is Tough But True. D. W. Foster of Liberty precinct, in writing to the Nebraska City Independent, pays our neighbor, Col. M. D. Polk, the following well-deserved compliment:

"A few years ago he, Polk, was elected to represent the interests of Cass county in the state senate, at the time the prohibition amendment to the constitution was to come up, and Polk made promises to both parties. So he went to the senate carrying whisky on one shoulder and water on the other, and when the vote on submitting was taken it was found that Polk had gone out to mix drinks, and was not there to vote. Since then Polk has always worked for one side, and where he could get the most boodle."

Death of Ed Donelan. Edward Donelan died at Wymore last evening of pneumonia. His brother, John Donelan of Weeping Water got a dispatch last evening saying he was dying and asking him to come. Later a dispatch came to him saying that the sick man was dead.

Deceased was the oldest son of Dr. J. H. Donelan, formerly of this city. He was born in this city some thirty-three years ago, and lived here most of his life. Some ten years ago he married a Miss McGlynn in this city. At the death of his father he fell heir to quite an estate, but he had no financial facilities, and in a few years his estate was dissipated. He then went to work for the B. & M. railroad and has been in its employ mostly since. He leaves a wife and son.

Funeral services will be held early tomorrow morning at his home in Wymore, and the body will arrive here on the noon train and will be taken directly to the cemetery.

It is the Best Paper.

Notwithstanding the hard times, the Omaha Daily World-Herald continues to show improvement in all departments. This wide awake journal is commanding more attention every day and has become by far the most influential daily in this portion of the west. Its news service, both foreign and local, is better than ever. Lewis of Washington and Clemens of New York are the ablest of eastern correspondents, while every one knows that for state and legislature work, Metcalf outclasses all others in Nebraska. The market reports are reliable because they are carefully revised every day. Taken altogether it is a very satisfactory paper and the publishers are to be congratulated upon its neat appearance and its many pleasing features.

The subscription price is only \$6.00 per year by mail. It is safe to say that there is not another paper in the country, all things considered, that is as cheap, and we are not surprised at the steady growth of their subscription list.

Orders for the World-Herald may be left at this office.

A Prominent Wholesale Grocer of Omaha Neb., Writes:

To the afflicted: Several years ago I discovered a slight falling and bleeding of the lower bowel which increased and became very distressing. I made inquiry as to the nature of the disease and learned that I had a somewhat aggravated case of Hemorrhoids or Piles. Was told of several remedies and used them as directed, obtaining thereby some temporary relief. Not being satisfied with such slight relief I cast about for a permanent cure: when a friend directed the use of the famous MAGNET PILE KILLER. I used it. Immediate relief from pain followed, and soon a complete cure was effected. Very respectfully, OSCAR ALLEN. For sale by Gering & Co.

HUNTSVILLE, Ala., July 23, 1894. A. C. WELLS & CO.—Gentlemen: I write this letter to acknowledge the value of your Shiloh's Cure. I think it is the greatest remedy ever discovered for lung diseases and croup. The life of one of my friends, who for two years was believed to have consumption and whose cough was terrible, was saved by Shiloh's Cure. She is now entirely well. My baby that is now nearly two years old was also saved by Shiloh's Cure. Baby was croupy and would never have survived without your remedy. I had not believed there was such a good croup medicine in the world. I would not be without a bottle of it in the house for ten times the price of it. It has saved me many a dollar in doctor bills. Sincerely, MRS. J. B. MARTIN.
