

City election next week.

There are now 120 women members of school boards in Great Britain.

The river has fallen three feet since Saturday, and it is now clear of ice.

Farmers are sowing their spring grain quite extensively, and complain of a want of a rain.

The Woman's Club has endorsed the ticket nominated by the democrats for members of the school board.

Miss Manota Eikenbury, who is employed as a clerk in the senate at Lincoln, was at home over Sunday, visiting her parents.

Monday evening Mrs. Patrick Donnelly of South Omaha tried to start up a smouldering fire with kerosene oil. An explosion resulted and Mrs. Donnelly was fatally burned.

Now is the time to improve your property, paint your house and barn, fix up your fence and sidewalks, and remodel your property generally. If everyone does this the general effect will be very perceptible.

Trio Lodge, A. O. U. W., elected at their last meeting Messrs. Frank J. Morgan and F. H. Steimker delegates and A. F. Groom and T. B. Brown alternates to the grand lodge which is to meet in Kearney in May.

Wonder if Peter Bates don't wish now he hadn't begun that suit against the city for damages for grading in front of his property? A man who wants to be councilman ought to have at least a little bit of good will toward the public.

Jas. Grace has rented the west side of the "Fitzgerald Forty," and, besides paying particular attention to the growing of fruit, expects to pasture stock during the coming summer on the good pasture land which the tract contains.

Miss Fannie Brower, one of the "hello" girls at the Nebraska City telephone exchange, is soon to be married to Charles Rivet, a well-known society young man at Sioux City. The young woman has given up her place at the exchange.

Sam Gutmann, the former wholesale liquor dealer of this city, but now of Des Moines, Ia., was in town Thursday shaking hands with friends. He will leave in May for a six weeks' visit to his old home in Germany, and is expecting to have an enjoyable trip.

In the declamatory contest at Ashland on Friday night, John Robbins, formerly of this city, was awarded second prize. John's selection was the speech of "Spartacus the Gladiator," being the same that he rendered at the contest in this city a year ago.

A \$20,000 rolling mill in Hastings was destroyed by fire Thursday afternoon. The blaze was an incipient one at first, but a strong gale was blowing and the monster mill was soon wrapped in flames. Fire brands were carried a distance of over four blocks from the mill. The insurance amounts to \$15,000.

The inquest held by Coroner Clements over the remains of H. C. Warner, the M. P. brakeman killed down at Union the other night, resulted in the jury returning a verdict which exonerated the railway company of any blame in the unfortunate affair. The body was taken to Hiawatha, Kas., for burial.

In Franklin county recently a married woman and her married daughter each gave birth to a baby on the same day. Both were boys, same complexion, size and weight. When the neighbors came in they of course took the babies, and in some way got them mixed. Now neither mother can tell which baby belongs to her.

The editor of the News seems to be badly hurt about something, judging by the fact that he is not satisfied with argument, but has fallen into personal abuse of ye JOURNAL man. Calling names is not argument, neighbor. Can you not rise to a higher level? An epithet invented ten years ago by Frank Wilson is getting old.

A Council Bluffs weather prophet says: "Put in your crops as soon as the weather will permit, especially corn, so that it can get out of the way of early October frosts. If April should be a little dry, don't be discouraged, but push right along. We ought to have plenty of rain in June, July and August. The fruit crop will bear close watching to keep it from danger of frost in May."

It is impossible for some people to treat an opponent fairly. When the News asserts that C. D. Cummins favors the closing of the ward schools its editor knew he was stating a falsehood. The fact is that Mr. Cummins is in favor of keeping open every ward school that can possibly be kept open, and would not close any if the money could be had to run them. Why not tell the truth, Bro. Polk?

The surviving children and relatives of the late Philip Horn desire through THE JOURNAL to give such feeble expression as words can convey the sense

of gratitude they feel in their bereavement toward those who so kindly attended upon him during his late illness and to the large number who were present at the funeral. Their hope is that the links of friendship thus strengthened may never be broken.

Some two dozen persons journeyed from this city Friday out in the country to attend the obsequies of the late Philip Horn. The remains were interred in Oak Hill cemetery, just west of town, and were followed to the last resting place by a large concourse of sympathizing friends of the bereaved. Mr. Horn was one of Cass county's earliest settlers and his death is greatly regretted by a host of staunch friends.

The Missouri Pacific management, which sends a train from Lincoln to Nebraska City every morning, returning in the evening, must have money to throw away. If it sent that train to and from Plattsmouth instead, there would be wisdom in it. Two or three times the number of passengers would travel by that train than now patronize the train running into Nebraska City. Let the management try it for a month and they will be satisfied.

Ex-Congressman Bryan has tendered his services to the democratic central committee in Lincoln, and will make speeches in every ward in that city in favor of the candidacy of Judge Broady for the Lincoln mayoralty. Lincoln contains so many partisan republicans and so few of the better element, that Judge Broady will have a tight race to win, but if the people of Lincoln really want a clean, economic administration, there can be no doubt of the result.

The petrified man belonging to Frank Guanello of Council Bluffs, unearthed just north of Pacific Junction some three months ago and which received so much newspaper mention a few months ago, is not making enough for its owner to pay its poll tax. Mr. Guanello has been unable to find a would-be exhibitor who would consent to take it on the road without getting more than the lion's share of the profits, and it lies in the woodshed unused.

James Lindsay, who killed a man in a prize fight at Plattsmouth a few months ago, was recently tried and found guilty of manslaughter. He was refused a new trial and will appeal to the supreme court. If the verdict had been "guilty of murder in the first degree," and Lindsay had been sent up for life, it would have been no more than justice. The sooner all these prize-ring murderers are corralled the better it will be for the public morals. Glenwood Opinion.

A Prominent Wholesale Grocer of Omaha Neb., writes:

To the afflicted:

Several years ago I discovered a slight falling and bleeding of the lower bowel which increased and became very distressing. I made inquiry as to the nature of the disease and learned that I had a somewhat aggravated case of Hemorrhoids or Piles. Was told of several remedies and used them as directed, obtaining thereby some temporary relief. Not being satisfied with such slight relief I cast about for a permanent cure; when a friend directed the use of the famous MAGNET PILE KILLER. I used it. Immediate relief from pain followed, and soon a complete cure was effected.

Very respectfully,
OSCAR ALLEN.
