

IN AND AROUND THE TOWN.

Isaac Wiles is arranging to put in a forty-acre orchard.

Fred Murphy's feed barn is doing a right good business.

Some five hundred Iowa farmers have already accepted passes over the free ferry.

A party is making up in town to visit the Mills county orchards while they are in bloom.

The clerk of the weather has quite evidently left the equatorial door open today, and it is warm enough for June.

Atwood & Co., the Cedar Creek quarry and sand men, are employing about thirty-five men in their quarries now.

Patrick Shields, the B. & M. blacksmith, has been laying off because of illness—something very unusual for him.

J. G. Richey departed last Tuesday for Idaho to look after his business interests in that section. He will most likely be absent for two or three months.

It is hinted that there was something significant in the visit of Henry Gering and R. B. Windham to Iowa the other day.

The young men who go fishing over Sunday seem to have the luck to be struck by a high wind every time, so that they can't fish.

Mrs. G. F. S. Burton and children departed for Plattsmouth Wednesday morning, whither she goes to take care of her invalid brother for a couple of months.—Junction Recorder.

Engineer Wm. Sayles has purchased forty acres of the Kennedy farm down near Rock Bluffs. His brother, Tom, will farm the land this summer, and will plant it mostly in potatoes.

D. F. Foster, Agent Latham's obliging assistant at the B. & M. depot, is home from a week's trip to Colorado, whither he journeyed to look after a homestead in the vicinity of Akron.

Prof. F. C. McClelland, superintendent of the local public schools, will depart this evening for Montana, to be absent for a week or more—it being his first vacation during five years of service.

Geo. T. Beck is home from a hurried trip to Chicago, and was accompanied hither by Julius Leede of Minneapolis, who will assist Mr. Beck in his labors on his coal machine at the B. & M. shops, and which, by the way, is virtually completed.

Silas Canton, a very highly respected farmer living in Adams county, died Sunday very suddenly in his carriage while returning from church of heart disease. Mr. Canton was one of the early settlers of Adams county, and a veteran of the late war.

Plattsmouth is a poor saloon town, there being only eight applications for licenses this spring. Nebraska City, which is virtually the same in size as this city, has eighteen applications, and Louisville, only one-eighth as large as Plattsmouth, has five applications.

C. D. Dundas, the well known bridge man was taken to the hospital yesterday suffering from a severe stroke of paralysis.—Lincoln News. Mr. Dundas is a partner to A. B. Todd, of this city in the bridge building business, and is well known in bridge building circles all over the state.

C. H. Parmele has rented out the Henry Merton place, five miles west of town (which he bought at \$40 an acre at the administrators' sale), for \$4 an acre, cash in hand. One of the Meisinger brothers will farm the place. In view of the short crop last year, this is looked upon as a very high rental.

Will Vivian and John Leuchtweis have leased the Woodson natatorium on Sixth street and will be ready for business on Saturday of this week. Boys will swim and if parents will encourage the youngsters to patronize the natatorium instead of the Missouri river, there will be more boys and less funerals.

The German Evangelical Lutheran society in this city have given a call to Rev. F. H. Freund, of Nebraska City, to preach for them, and the gentleman has accepted the same. Until other arrangements are made the society will occupy Waterman hall for services on Sundays—morning and evening—and for Sunday school, Sabbath mornings. Rev. Freund is unmarried, and will stop for the present at the Riley hotel.

The San Francisco Examiner of the 18th, contains an account of the preliminary examination of a man named Armstrong at Riverside for the murder of two men at San Jacinto, and that it was supposed that Harry McCourt, son of Maj. F. McCourt of this city, was a sole witness of the affray, whereat the boy was fearful of injury at the hands of the murderer's friends, but when the trial came off a woman who lived a block away testified that she had also been an eye-witness of the double murder, thus greatly relieving the mind of the young man. The Major is also congratulating himself on the turn that the matter has taken.

Constitutional Amendments. The late legislature decided to submit a dozen amendments to the constitution. These amendments will be voted on by the people at the general election of 1896. The amendments cover many important subjects and if adopted will materially strengthen the organic law of the state which has largely outgrown since it was framed twenty-two years ago. They are: Investment of the permanent school fund. This amendment was submitted in 1890, but failed to get the necessary votes for adoption. Authorizing the state legislature to fix salaries of state officers. Authorizing the merging of county and metropolitan city governments. Providing that two-thirds of a jury may render verdicts in civil cases. Authorizing the creation of an appellate court. Increasing the number of supreme court judges from three to five. Providing for an elective railway company of three members. Granting legislative power to fix the salaries of judges in district and supreme courts. Authorizing the legislature to abolish any office it may create. Authorizing the legislature to increase one each four years the number of judges of the district and supreme courts. Authorizing the use of voting machines at elections. Empowering cities or counties to issue bonds to aid internal improvements. A special bill provides that these amendments shall be printed on a separate ballot. They will be voted on at a time when there will be a county, state and presidential campaign in progress, which is unfortunate, for they will thus fail to receive the consideration which their importance warrants.

The U. S. government has begun the work of protecting the east bank of the Missouri river opposite Omaha and will expend the sum of \$75,000 on the job. Plattsmouth people have a very distinct recollection of \$50,000 being appropriated several years ago for the purpose of making a permanent channel in front of this city; but the river commission "hogg it up" or used it at Omaha. The new work is to be done solely for the benefit of the company that owns the new bridge at East Omaha, and smacks very strongly of using public funds for private ends.

Notice is hereby given that the partnership heretofore existing between the undersigned doing business under the firm name of Oliver & Ramage has been dissolved by mutual consent, neither member desiring to continue the business. E. A. OLIVER, FRED RAMAGE. March 1, 1895.

A Prominent Wholesale Grocer of Omaha Neb., writes:

To the afflicted: Several years ago I discovered a slight falling and bleeding of the lower bowel which increased and became very distressing. I made inquiry as to the nature of the disease and learned that I had a somewhat aggravated case of Hemorrhoids or Piles. Was told of several remedies and used them as directed, obtaining thereby some temporary relief. Not being satisfied with such slight relief I cast about for a permanent cure; when a friend directed the use of the famous MAGNET PILE KILLER. I used it. Immediate relief from pain followed, and soon a complete cure was effected. Very respectfully, OSCAR ALLEN.

ESTRAY NOTICE.—Taken up as an estray by the undersigned at his residence on section 28, town 11, range 14 east, in Cass county, Nebraska, one sow hog marked with left ear off and a small fork in right. Is black with some white spots, and weighs about 160 pounds. I. S. WHITE. March 28, 1895. 14-5.

MAGNET CHEMICAL CO. Gentlemen:—Of the many Pile preparations which I have used I found none to do the work so quick and complete as MAGNET PILE KILLER. It is a "quick relief and positive cure," as you say. Very gratefully yours, ALPHEUS M. PRICE, Traveling Salesman, Maryville, Mo. For sale by Gering & Co.

Especially Selected. Having secured a large amount of hams and bacon before the advance in prices, I am able to sell same at 10 and 12 1/2 cents per pound. Your patronage respectfully solicited. J. C. PETERSEN.

HIS BETTER HALF. Would doubtless be better pleased if she could persuade him to buy ALL of his clothes of us. As our cut shows, he buys the Better half of his wardrobe of us, which only goes to make the poorer half look worse. Where did you obtain the idea that we sold only high-priced clothing? Don't you know that the "week day" clothes, and not the "Sunday" clothes, are the test of a clothier's stock? OUR BUSINESS SUITS ARE "CRACK-A-JACKS" THIS SPRING. See our West Show Window for Spring Neckwear, just received, at MORGAN'S, The Leading Clothier.
