

A MISSOURI TRAGEDY.

AN EDITOR KILLS HIS WIFE AND TAKES HIS OWN LIFE.

While Visiting at the Home of His Father-in-Law He Cuts the Throats of His Wife and Child, Following It With Suicide—A Well-Known Newspaper Man of Caldwell County—The Tragedy Planned by Field and His Wife.

Murder and Suicide.

KINGSTON, Mo., July 9.—S. A. Field, until recently editor and proprietor of the Post at Polo, in Caldwell county, murdered his wife and infant daughter and committed suicide at Meadville, Mo., yesterday afternoon.

Field and his family were visiting at the residence of his father-in-law near Meadville, when he asked his wife to go into the garden back of the house to talk. She accompanied him, taking along their little girl, about 3 years of age. When they reached the garden Field cut the throats of his wife and child with a razor, killing them instantly, and then ended his own miserable life in the same manner. The dead bodies were found by a member of his father-in-law's family and \$300 were found in Field's pocket.

Field was a lawyer by profession and was about 35 years old. He had resided at Polo about ten years, and during that time was editor and proprietor of the Post, a newspaper independent in politics, although the Democratic party. Some years ago he attempted to practice law, but his failure in that profession greatly disheartened him, and until recently he had confined his labors to his newspaper, which a few weeks ago he sold to Mr. Culver, the present editor. In person Field was small, dark, with a very large head. He was of a melancholy temperament and often fancied slights from his best friends and grieved over them when no offense was dreamed of. Field was married four years ago to a young lady school teacher of Linn county, Mo., a very estimable woman, who did all she could to comfort and reclaim him from his fits of melancholy. During these attacks he was unaccountably jealous of her without the slightest cause. They had no children except the infant daughter whom Field sent into eternity along with his mother and himself.

Over two years ago Field had a few unpleasant words with his wife at dinner one day and on his arrival home at night he found her absent, she having gone with her child to visit a neighbor lady, and, as she said at the time, had forgotten the little quarrel. He returned to his printing office and threw himself out of a second story window, but escaped injury, and got up and began to bump his head against the brick wall of the building. Dr. Joseph Frazier, who had seen him fall from the window, came up at this time and caught him, when Field told the doctor that his wife had taken her child and left him and returned to her father's and that he did not care to live longer.

Field had begun very poor but had made money through hard work as editor and printer and some law practice; he owned his paper and a pleasant residence in Polo, with money ahead besides. Field was a man of unexceptionable habits and character in every respect, and was kind, courteous and particularly dignified in his intercourse with everyone, and his rash act comes with a great shock to those who knew him.

A note was found on Mrs. Field's body, saying that everything she had was to be left to her mother. It seems that Field and his wife had planned the tragedy, for she went into the house after they went out and put on an old dress and then returned to the pasture.

An Outbreak Threatened at Any Moment in the Canadian Northwest. TORONTO, July 6.—The braves on the Blackfoot reservation near Gleichen are reported to be in an ugly mood, even going so far as to threaten to murder all whites on the reservation. This is the reserve on which Frank Skinner, the ration distributor, was killed last winter. The trouble has been breeding since the shooting of his murderer.

Will Rival the Dalton Gang. OKLAHOMA CITY, Ok., July 6.—Both the Christians, the desperadoes who escaped from the jail in this city, Sunday, killing the chief of police while doing so, have reached their old resort, on Little river, and are collecting a band of men as desperate as themselves to wreak vengeance on their enemies. Will Christian was shot in the neck while escaping. The band now being organized by the Christians will rival the Dalton gang in its palmy days and promises to become a terror for such men as Dick Yager, Jake Kechi and Lawrence Barnett are connecting themselves with it. Startling developments are expected.

BOSTON'S BLOODY FOURTH

One Man Instantly Killed And Many Others Injured—A. P. A. Emblem.

Boston, July 6.—The Fourth of July parade of the patriotic societies of Boston and vicinity, at East Boston, ended in a pitched battle between some of the paraders and the spectators, in which sticks, stones and revolvers were used with fatal effect. John Willis, a laborer of East Boston, one of the spectators, was shot and instantly killed; Michael Boyle, of East Boston, had his head split open by a club, and now lies dying in a city hospital. A young man named Stewart had his nose cut off with a saber, in the hands of one of the paraders. Patrick Kelley sustained a severe scalp wound, whether from a club or a bullet is not known, and Officer A. S. Bates was hit in the mouth by a brick, thrown by an unknown person, and lost several teeth, besides suffering from severe lacerations. It is claimed that the trouble all resulted from the persistence of those who had managed the parade in introducing as a feature a float representing the "little red schoolhouse," which, from its association as the emblem of the American Protective Association, has become obnoxious to many persons, especially those who do not sympathize with the A. P. A. movement.

The Fourth of July committee refused to permit this feature to appear in the parade, and those desiring to prevent it tried to have an order passed by the board of aldermen, but failed. So great was the interest excited by this controversy and the expressed determination of the paraders to display the schoolhouse, July 30,000 visitors gathered at East Boston. The police officials, in anticipation of any hostile demonstration, had a special squad of 350 men, in addition to the East Boston force, on duty, but they marched at the head of the procession. At several points the feeling of the crowd was given vent in hisses at the 1,500 paraders and the schoolhouse, but no further demonstration was made until the rear of the parade reached Putnam street, when the crowd tried to overturn the last carriage. Word was sent to the front for police assistance and a squad of twenty officers was sent back. A skirmish followed between the crowd and the officers. When the parade broke up, and those who had participated were proceeding in companies to the ferry a group of between sixty and seventy was surrounded on Boarder street by a crowd who commenced hooting and throwing stones. A dozen revolvers were drawn, and in response to the fusillade of stones, eight or ten shots were fired. The firing of the revolvers brought a large body of police to the spot and the mob was soon dispersed. As the scene was cleared the officers found John Willis dead in the street, with a bullet hole in his right side, and Patrick A. Kelley lying seriously wounded about the head. It was learned later that several other persons had been slightly injured, all of whom had been taken away by their friends.

The police arrested Harold Brown and John Ross as the principals who did the shooting.

AFTER SIXTEEN YEARS.

An Ex-Missourian Who Shot a Legislator in 1879 and Flees His Family.

PERRY, Ok., July 6.—Oscar B. Fowler, formerly of Kentucky, once a major in the Confederate army, arrived here yesterday in search of his wife, Mattie J., and his daughter, Gail, whom he had not seen for sixteen years. During the session of the Missouri legislature in 1879 at Jefferson City, Major Fowler, in a quarrel over a game of poker one night, shot and wounded a member of the legislature. He left Missouri immediately and went to Oregon and from there sailed around Cape Horn and went to Liverpool where he remained three years. From there he went to London and obtained a position on the London Times, which position he held a month ago when he left for America in search of his wife and three children. He found a son of the daughter and mother were in Perry and he came here. He learned this morning that his wife was living some miles west of here and went out to join her and the daughter, the latter now 18 years old. Major Fowler was a citizen of Clinton, Mo., when his trouble occurred.

HIS BACK BROKEN.

A Venturesome Man Tries to Ride Down a Long Chute and Is Killed.

COEUR D'ALENE, Idaho, July 6.—James Stewart, a cousin of United States Senator Stewart of Nevada, started yesterday to ride his submarine boat, or barrel, down a 300 foot log chute into Lake Coeur d'Alene, as a part of the Fourth of July display. Two-thirds of the way down there was a slight rise in the incline. Here the barrel jumped thirty feet in the air, struck the ground on end and then rolled forty feet further down the hill. When the barrel was opened Stewart was found jammed closely into the end but was conscious. Dr. Russell of Spokane examined him and pronounced his spinal column broken. He was taken to Spokane, where he died at 11 o'clock last night.

Fourth of July Elopers.

JEFFERSONVILLE, Ind., July 6.—Squire John House of matrimonial fame celebrated the Fourth by marrying nine eloping couples from the neighboring states. Harvey Beck, who lived near Milan, Mo., was run over and killed by a train while on his way to that place to celebrate.

BOODLE LAW MAKERS.

THEY ABOUND IN THE ILLINOIS LEGISLATURE.

Some of the Members Accused of Corruption—Two Chicago Senators and Several Country Members Charged With Receiving Money to Alter and Kill the New Game Bill—Other Crooked Work Seen to be Laid Bare.

Legislative Boodlers.

CHICAGO, July 4.—Early in the regular session of the legislature, a rigid bill was introduced for the preservation of game. It is charged that a member of the house obtained \$700 from the Illinois Sportsmen's association for substituting a section removing the penalty from sportsmen, but placing it on the dealer in game. Then, it is charged, a Chicago senator and other members approached the game dealers and demanded from \$500 to \$1,000 each to work for a change in the law in favor of the dealers, while one Chicago senator offered for \$2,500, to see that the whole bill was killed. This exposure will, it is said, be followed by others.

Evidence has been obtained establishing charges of bribery in the passage of the Miller and Lowenthal bills, the Crawford railroad bill, the bill providing for consolidation of certain corporations, and it is asserted that evidence can be had that money was used to defeat the arbitration bill, that some of the money was paid to members in Chicago, but the larger amount was distributed in Springfield. It is probable that the board of trade may aid materially in furnishing evidence against one or two members of the house in connection with a certain bill in which the board of trade was interested. It is said that sufficient evidence is in hand to indict at least fifteen members of the legislature.

IN BEHALF OF DEBS.

A Mammoth Protest to His Imprisonment Proposed—Labor Day Set Apart.

WASHINGTON, July 4.—Several hundred members of the local Knights of Labor were addressed by Master Workman Sovereign last night at a meeting held to protest against the imprisonment of Eugene V. Debs. Mr. Sovereign denounced the confinement of Debs as an unlawful act of the courts. He asked the workmen to bond together for mutual protection, and announced that he had issued an order to the Knights of Labor of the United States to set apart Labor day, the first Monday in September as a time to make a mammoth protest against Debs' incarceration. At the conclusion of the speechmaking a resolution was adopted demanding of congress legislation which shall give legal protection to organized employes of corporations and secure them in the future from "the arbitrary and unjust application of an injunction under a gross and willful misconstruction of the law."

ON A PRECIPICE'S EDGE.

Congressman Joy of Missouri and His Bride Have Narrow Escapes.

CASADEO, Cal., July 4.—Congressman Joy of Missouri and his bride were driving with a coaching party of twelve on a steep mountain road, with a precipice on one side, yesterday when the coach was overturned. Fortunately it fell toward the mountain instead of over the edge of the road. The bravery of the driver, who jumped between the struggling horses, saved the party from being dragged to death or hurled into the gorge below. Only one person was badly hurt, Mrs. Tompkins' hip being dislocated and she being injured internally.

No More Free Seeds.

WASHINGTON, July 4.—The usual general distribution of seed by the agricultural department will not take place next year. Secretary Morton has always opposed the general free distribution, which has become one of the regular duties of the agricultural department, and under the authority of the attorney general's opinion he will inaugurate a reform and supply no seeds save for scientific purposes.

World's Pacing Record Broken.

TOLEDO, Ohio, July 4.—The summer meeting on the Toledo Exposition track opened yesterday and the crowd was given a surprise with a world's record broken. This was in the 2:12 pace, when Angie D. astonished the spectators by winning the first heat in 2:10 1/2, the fastest mile ever made on a half mile track. The time by quarters was 0:32, 1:03 3/4, 1:36 3/4, 2:10 1/2. The horse is owned by G. A. Goodrich, of Shelbyville, Ind., who was also the driver.

Turkey Wants No Trouble.

SOFIA, July 4.—In reply to the request of Bulgaria that the porte should explain the orders issued to the commander of the troops at Adrianople to act on his own initiative on the Bulgarian frontier, the grand vizier has declared that the alleged orders have not been given and that the report is without foundation. He adds that Turkey is animated by the best sentiments toward Bulgaria.

Fireworks Cause a Winfield Blaze.

WINFIELD, Kan., July 4.—The stock of fireworks in the Racket grocery store was accidentally ignited this morning and the store set on fire. The adjoining dry goods store belonging to the same firm, was badly damaged by smoke. The loss on stocks and building is estimated at \$5,000.

LOVE FOUND THE WAY.

A Love-Stricken Traveling Doctor Tries Hard to Prevent a Wedding.

FORT SCOTT, Kan., July 4.—Dr. Hunter, of Chicago, a traveling doctor, with an advertising company, drove sixteen miles through the mud to this city yesterday afternoon to prevent the marriage of A. J. Bunce of Topeka and Miss Ida Guernheart of Omaha and created a sensation which resulted in his arrest. The young man and woman were leading members of his company and they came here to get married. The doctor, who, it appears, loves the pretty young woman, arrived at the Huntington hotel with his silk hat, broadcloth clothes and white shirt all bespattered with mud, just as the ceremony was to be performed. He entered the room where the officiating judge was waiting for a witness, drew a pistol, and attempted to shoot Bunce. The two scuffled, but the prospective groom was finally compelled to flee for his life. The screams of the female patrons of the hotel attracted 500 people who, seeing Bunce running hatless, supposed him to be the offender and pursued him. He was captured three blocks away in hiding in the grain room of a grocery store. After proper explanations he returned to the hotel escorted by the city marshal and the ceremony was performed. The doctor was later found and arrested.

JOKE ON THE BANDITS.

Two Dollars Given Back as Charity to a Wealthy but Seedy Passenger.

PORTLAND, Ore., July 4.—Nelson Bennett, proprietor of the Tacoma Ledger and one of the wealthiest men in the Northwest, was one of the passengers on the Southern Pacific overland express which was robbed. The robbers suffered him to pass with the loss of \$7.50. "I got rather lucky," said he. "They came through our car and the man who was carrying the sack approached me and sized me up pretty thoroughly. I saw I would have to begin to hunt up my spare change. I felt in my pockets for silver and pulled out a few dollars. The robber was in a hurry and he seemed to think I would have a hard time to satisfy him, because he said: 'Well, you're a poor devil. Here's \$2 for you to eat on awhile; I'll keep the rest.' Then he passed on, and despite the excitement some of the passengers had the laugh on me."

A detailed statement of the losses of the passengers shows that the personal losses aggregated \$520. The list includes two gold watches and a revolver. The mail losses aggregate \$1,000.

MR. BRYAN HOT.

The Nebraska Ex-Congressman Denounces Gold Standard Democratic Leaders.

MOBILE, Ala., July 3.—Ex-Congressman Bryan of Nebraska and Representative Clarke of Alabama had a joint debate here on the silver question last night, in the course of which Bryan took umbrage at Clarke's denunciation of his Democracy. "I was invited here to-night," he said, "with the understanding that I was to receive fair play."

Bryan had the crowd with him and they applauded vigorously as he proceeded to score the Alabama congressman. He said he would rather die in his tracks than support the Democratic party if it adopted a gold standard. He denounced Cleveland and Carlisle. Clarke, in reply, referred to Bryan's criticism of Carlisle as a pitiful attempt to throw mud upon a man who towered head and shoulders above him, and said the mud would not land, but would fall back into the face of the man who threw it. The audience hissed and yelled for Clarke to shut up or leave the stage. He continued in a more moderate strain. His reference to Grover Cleveland was applauded. Clarke was frequently interrupted during his last remarks and he responded by calling the audience Republicans and Populists.

Status of the Bicycle.

CHICAGO, July 3.—A decision of much importance to cyclists was rendered by Judge Payne, when he denied the petition of John H. Breckenridge to compel the Fort Dearborn building proprietors to allow bicycles to be stored there by tenants. Breckenridge, who is an attorney with offices in the Fort Dearborn building skyscraper, had attempted to leave his wheel in the basement during office hours, and upon permission being refused carried the matter to the courts. Judge Payne declared that bicycles are mere vehicles and as much out of place inside a business block as a horse and buggy.

His indebtedness, estimated up to date, aggregates \$32,000, and it is thought will exceed \$40,000.
