# SHARP POINTS.

People never tell the exact truth. Modesty will earn a man more than ability.

As a rule, when a story is funny, it is not true.

A picnic is not a success unless there is pie to throw away.

Most people just drag along until it is time for them to die.

A laugh is an awfully good bluff to make when troubles appear.

A man never knows what is coming until it gets right on to him.

There is one thing to the credit of old maids: they accumulate no kin.

When a man stops smoking, and begins again, he feels mighty sheepish.

A man with a future isn't as interesting to people as a woman with a past If you ask a boy how his boil is, he will take off the bandage and show you. Some people imagine that as soon as they get married, they must kiss in public.

If a man expects to amount to anything, he must accomplish it in spite of hard luck.

Marrying men are beginning to remark that women have too much idle time on their hands.

There are lots of men who are pretty in society, but who are as absolutely useless as dried currants.

No woman should give way to grief; let her keep her hair frizzed, and everything may come around all right.

Nearly all the women recite these days. They will simply have to quit it: the men are shy enough as it is.

Much as people like to hear secrets they have the greatest admiration for the friends who have never told them any.

We have noticed that when a man is approached about advertising, he says were not democratic. The scheme was and possesses 25 per cent of the wealth again."

The people should remember when eating, that Death keeps his white horse ready with the harness on in this weather.

# JETSAM.

A new locomotive near Wishington made thirty-five miles in thirty-three minutes, and for a part of the distance ran at the rate of 102 miles an hour.

The map on the north wall of the Broad street station of the Pennsylvania railroad in Philadelphia is fifteen feet wide and 126 feet long, and is said to be the largest map in the world.

than any nation in the world. Great Britain spends \$1.30 per head on the common schools; France spends 80 cents; Austria, 30 cents; Germany, 50 cents: Italy, 25 cents, and the United states over \$2.50. I tell you the school house is the fortress of liberty. Every school house is an arsenal, filled with weapons and ammunition to destroy the monsters of ignorance and fear. As I have said ten thousand times, the school house is my cathedral. The teacher is my preacher. Eighty-seven per cent of all the people of the United States over ten years of age can read and write. There is no parallel for that in the history of the wide world. Over 42,000,000 of educated citizens, to whom are open all the treasures of literature. Forty-two millions of people, able to read and write! I say, there is po parallel for this. The nations of antiquity were as ignorant as dirt when compared with this great republic of ours. There is no nation in the world that can show a record like ours. We ought to be proud of it. We ought to build more schools, and build them better. Our teachers ought to be paid

We will give \$100 reward for any case of catarrh that can not be cured with Hall's Catarrh Cure Taken internally. more, and everything ought to be taught in the public schools that is worth knowing. "I believe that the children of the

republic, no matter whether their fathers are rich or poor, ought to be allowed to drink at the fountain of education, and it does not cost more to teach everything in the free schools than it does to teach reading, writing and ciphering.

"Have we kept up in other ways? The postoffice tells a wonderful story. In Switzerland, going through the postoffice in each year, are letters, etc., in the proportion of 74 to each inhabitant. In England the number is 60, in Germany 53; in France, 39; in Austria, 24; in Italy, 16, and in the United States, our own home, 110. Think of it. In Italy only 25 cents paid per head for the support of public schools, and only sixteen letters. And this is the place where God's agent lives. would rather have one good school master than two such agents."

#### Small Fry Swindlers.

Some of the meanest of these are they who seek to trade upon and make capital out of the reputation of the greatest of American tonics, Hostetter's Stomach Bitters, by imitating its outward guise. # KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative ; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is mannfactured by the California Fig Syrup

ington on Thursday, August 8, 1895. At Republic. There is just one little point orders to the Democratic Clubs through- putation that Professor Francois fails out the United States who belong to the to fully elucidate. That one point is league, not only to support in every way how it happens that the United States. the administration and Mr. Cleveland's being first in wealth, is the only one of gold policy, but to use their influence | the four leaders to be obliged to borrow for the election of "sound money" men money at ruinous rates in times of to Congress in districts that are not peace, from her less wealthy neigh-Democratic.
