

VERY TAME AFFAIR

Republican City Convention Held Friday Evening.

RE-NOMINATED OLD OFFICIALS.

Messrs. Newell, Urub and Kerr Again Placed on the Ticket—Dave Miller Nominated For Police Judge—Other Happenings.

The republican city primaries were opened at five o'clock Friday afternoon and closed at seven. The constitutional ticket nominated is as follows: First ward, Homer McKay; second ward, J. F. Hinshaw; third ward, F. H. Steinkler; fourth ward, Charles S. Johnson; fifth ward, Joseph Lloyd.

THE CONVENTION.

The convention was "harmonious" in the extreme, and was utterly devoid of interest, but for several very ludicrous situations. The nominations were all made by acclamation, with the exception of members of the school board. It was a noticeable fact that not one of the nominees thanked the convention for "honors thrust upon them," etc., and they also failed to state that "the democrats wouldn't know they had been in the race after April 7." They foresaw the handwriting on the wall, and didn't feel like cracking jokes.

S. H. Atwood called the convention to order and J. W. Johnson was made temporary chairman. Jesse L. Root declined the secretaryship and John Rennie was named. The fun commenced when the secretary began reading the delegates' names. The first name read was that of Mike Mazy, the next democratic councilman from the first ward. This caused all colors of consternation in the republican camp, but elicited vociferous applause from the "Sixth" ward delegates, who, by the way, were quite numerous, occupying the rear end of the room. A consultation of war was held, and after a few minutes Mike's name was cruelly stricken from the list of first ward delegates, and substituted by that of his brother, Henry.

On motion of Ami Todd, the temporary organization was made permanent, and the nominations were then declared in order.

After a few minutes of suspense, Todd arose and nominated Mayor Newell, and, as no one else desired to risk defeat, the nomination was made by acclamation [applause]. Somebody, presumably from the "sixth" ward feebly called for a speech, but Mr. Newell didn't want to disturb the harmony, and failed to respond. Chet Smith nominated J. I. Urub for treasurer, which was also made unanimous, and B. C. Kerr's nomination for clerk, by Prof. Eikenbary, met with no opposition. A nominee for police judge was not out, and finally Mr. Todd arose, and, after stating that "the third ward could produce a candidate for all of the offices," presented the name of Dave Miller for that position, and he was placed upon the ticket.

S. A. Davis, R. B. Windham and Dr. Marshall were put up as nominees for school board. Davis was nominated on the first ballot, but Windham and Marshall tied. Windham, however, was victorious on the second ballot, and was accordingly declared nominated. This ended the business and the meeting was adjourned.

The City's Morals Improving.

Police Judge Archer, in looking over his records for the past three years, finds that the arrests made by the police during that time have been gradually decreasing. In 1896 there were 131 arrests made, in 1894 only 90, while in 1895 the record was eighty arrests. Judge Archer says that, judging from the first two months of this year the arrests for 1896 will be less than in any of the above years. This is a matter of congratulation for every citizen of Plattsmouth.

Painters Organize.

The painters and decorators of Plattsmouth, feeling the need of being in closer touch with each other, met Monday and formed an organization which will be known as the Painters and Decorators' association, of Plattsmouth. Benton Kinkead was elected president thereof, and M. M. Deal secretary. A scale of prices was agreed upon, and all members agreed to pay ten dollars into the common treasury for every violation of the scale.

A Grand Ball and Entertainment.

Will be given by the D. of H. lodge at Cedar Creek, Neb., Mar. 27th and 28th, 1896. At the entertainment March 27th a beautiful silk quilt will be raffled off at twenty-five cents a number, and twenty yards of fine rag carpet will be sold at auction. The proceeds are to go into a relief fund to be expended for the benefit of sick members as occasion requires. The members of neighboring lodges and their friends are cordially invited to be present and spend a pleasant evening with us. GEO. R. SAYLES, Recorder D. of H.

PERSONAL, POLITICAL AND PERTINENT.

The new time table on the Missouri Pacific, which was announced for last Sunday, will not go into effect until the 29th inst.

A stranger approached ex-Governor Taylor of Tennessee recently with extended hand, and said: "Your face is familiar; where in hell did I meet you?" "I don't know," replied the governor; "what part of hell are you from?"

The spectacle of Dave Miller occupying the office of police judge is almost too funny to be believed. But the voters of Plattsmouth won't allow the important office of police judge to be made a farce of. Judge Archer will be retained there.

A horse belonging to Robert Mathews and driven by Maurice Crissman indulged in a lively runaway at the Missouri Pacific depot at noon. Mr. Crissman was thrown from the cart and considerably bruised up.—Nebraska City News.

The assessors of Sarpy county have decided to assess property in that county at actual value, and a vigorous kick from the tax-payers is expected.

An exchange states the exact truth when it remarks that a newspaper has five thousand readers to one thousand subscribers. A merchant that puts out a thousand bills gets possibly three or four hundred people to read them, that is if the boy who is trusted to distribute them doesn't chuck them under the sidewalk. Newspaper advertising is the best advertising on earth.

THE JOURNAL respectfully invites Prof. Roentgen to cast one of his X-rays on the democratic nominees for the city offices of Plattsmouth, and see if anything is wrong with them. If the voters of this city want a good, clean administration, they will place an X (ray) opposite the name of each democrat on the ticket.

Four safes were cracked at Lincoln Saturday night by burglars, and the total amount of money secured was ten cents.

Now it is a cryptoscope, which will enable one to see through solid substances, such as armor plates, cannon walls and barn doors, with the naked eye. Next we may look for an invention which will enable one to see ahead and behind at the same time. This might be called the gettherwithouthootfeetoscope.—Nebraska City News.

This assessors of Sarpy county will this year assess property in that county at its actual value. "This conclusion was reached," says the Papillon Times, "at a meeting of the assessors held last Tuesday, when a vote was passed to 'follow the statutes.'" That is the first county in the state to adopt that course.

Since the indefatigable statistician has demonstrated that the meek and lowly hen lays \$135,000,000 worth of her product per year, there are evidences of a movement to substitute her for the eagle as our national emblem. The eagle's importance is principally in the looks, while the hen remains homely and attends strictly to business.—Cincinnati Tribune.

Many years ago Barney Barnato rented a little house in one of the frontier towns of South Africa. Barney spent considerable in improving the house, but he quarreled with his landlord and decided to move. By inserting the following advertisement in the local paper the prospective millionaire in some measure got even with his landlord: "Wanted, by a gentleman who agreed to leave dwelling occupied by him in condition in which he found it, 100,000 lively black beetles." Then followed Barney's name and address.

These Spanish mobs will keep at it until they hurt a Yankee or two and then there will be some fun—Cleveland Ledger.
