SATURDAY, JULY 9, 1898.

Dewey, Hobson, Schley and Wainwright are names of American heroes that will live in history, poetry and song as long as civilization lasts.

It now seems likely that the democrats will be allowed to name the candidate for auditor on the fusion ticket this fall and in the event of such being the case it is probable that J. F. Walsh of Humboldt will be the man selected. Mr. Walsh is engaged in the banking business but is a staunch silver man. He is an accountant of ability and a man in every way qualified for the office of auditor. His nomination would add strength to the ticket and he would most certainly be elected.

One of the eccentricities of the Hawaiian annexation job is the activity of the jobsters in charging senators who oppose the scheme with being in the pay of the sugar trust, says the Nebraska City News. It is all the other way. The sugar trust is interested to get its sugar as cheaply as possible, with the help of the Chinese and Japanese labor employed in Hawaii, and wants the islands annexed. But this abuse of conservative senators is natural, since argument is wanting. The advocates of annexation give no reasons that have not been exploded over and over. Naturally senators from sugar-producing sections of the country are most active in resisting the unfair competition of Asiatic labor employed on the Hawaiian sugar estates, but the

objections to annexation come from protectionists. Who is paying the lobby that works for annexation?

The government exercises the right which is right--to take the best young blood of the nation to carry on the war. When no more will volunteer the draft is called into play and men are compelled to go. Would it not be equally right to ask the money of the country to volunteer its services, and if it would not, to draft it in defense of the union? Why not? Are dollars more precious than human lives? Why issue bonds and tax the very men who do the fighting? No one but a fool or a knave will pretend that wealth pays its just proportion of the expenses of the war. The laborer and the producer finally pay it all--every cent. Why not tax incorporated wealth directly and compel it to pay its just proportion of the burden? If a man or corporation is worth a million dollars, draft every dollar above that. Why not? Can you give any reason--not partisan based--why this would be wrong?--Saunders Co. Journal.

Are Mustered In.

Lieutenant Duff mustered in Company B from Cass county at 7 o'clock last evening. George L. Sheldon, Oscar H. Allen and Carl A. Rawls are respectively the captain and first and second lieutenants of this company. This leaves only five companies yet to pass through the process of mustering and three of these, K, M and D, hope to be mustered today. Captain McVicker of Fislin Dodge county recruiting, and Lieut. Hadden is at Wood River doing the same for I. Enough men will probably be secured by these gentlemen today to fill their companies. Captain Underwood, however, would be glad to receive a few more recruits from Omaha this morning for Company L.--Saturday World-Herald.

Severely Injured.

Marion Waters, the young man who was struck by a heavy stringer at the shops last Tuesday was a great deal more seriously injured than at first reported.

One of his shoulder blades is broken in two places and three of his ribs are fractured. He is unable to partake of any solid food and is now in a most critical condition.

LOST--A little pig on Cutoff street. PETER SFADEE.

Wm. Delles was up to Ft. Omaha on Tuesday and called on the Elmwood boys. They are all well with the exception of a few slight ailments. The boys sent an invitation for all Elmwood people when visiting at Omaha to come out to the fort and see them. They are very indignant over the conduct of one young man from near this place who, after a successful examination, skipped out for home and failed to return. He is now considered in the role of a deserter, and we understand steps will be taken to capture and punish him for desertion--Leader-Echo.

The place to buy plug tobacco is at  
GERING & Co's.

Uncle Dave McCaig and Uncle Jas. Hall, two of Elmwood's leading capitalists, went out to investigate Chris. Engleking's oil well one day last week. They each took a long look down the well and came away looking very wise. We have it on good authority that they will organize a stock company soon and in the near future shares of stock will be placed on sale.--Leader-Echo.
