**WHAT ELECTED NEWELL.**

The Weeping Water Republican says that the people, after reading Mr. Patterson's record, refused to elect him to office again. This is an altogether uncalled for remark and one which reflects upon either the honesty or intelligence of the person making it. Newell's supporters were unable to make a single charge against Mr. Patterson which THE JOURNAL did not show to be either false or frivolous. On the other hand Mr. Newell was proven to have been a party to a deal whereby the state was robbed in the most brazen manner of thousands and thousands of dollars. He was shown to be a consistent enemy of the working classes and the "head push" in the county fair. Yet, despite these things he was elected. And why? Not because the people of the county are dishonest or believe in rewarding dishonesty, nor because they are lacking in intelligence, but because a majority of the voters of the county are republicans and they considered it of less importance to have an honest man in the state senate than to have a republican in the national senate.

No man can be elected in Cass county without republican votes, and, although Mr. Patterson secured many of these, he would have had at least 250 more if it were not for the fact that the coming legislature is to elect a successor to Senator Allen. This is a fact well known to Mr. Newell, as well as to every other intelligent man in the county and is the only thing to which the "plugged to size" gentleman owes his election.

THE JOURNAL would not again have reverted to the successful candidate's record if The Republican had been smart enough to keep its mouth shut.

**IA SA MY LOW**

My! Low Snaky Briggs, in a communication published in a recent issue of The News, signs himself "An ex-Pop." This is clearly a misrepresentation. My! Low is just as much of a pop now as he was before he was "trun over the transom" at the Louisville convention, and was just as much of a pop then as he is now.

The fact of the matter is, he has always been a cats-paw for pulling Mill Polk's republican chestnuts out of the fire, and his exposure by THE JOURNAL only resulted in forcing him to throw aside the lion's skin in which he was disguised, and expose to the world the elongated auricular appendages, which are characteristic of the animal which is said to have feasted upon thistles.

In the wonderfully constructed communication above referred to, the professional tonsorialist acknowledges that he and his friends who compose the so-called populist party in this city, worked against the democratic city ticket last spring, and that because of their exposure by THE JOURNAL and their failure to pack the Louisville convention, they used what ever influence they possessed against the fusion ticket this fall.

But the funniest part of the whole business is the assumption by this "political ignoramus and misanthropic scoundrel," that he is not only responsible for the defeat of the ticket in this county, but also for the turning down of Senator Allen. What a joke.

But Briggs is no longer a spy in the camp. Benedict Arnold went to England after he had betrayed his country, and My! Low has at last gone over to the republicans.

Try THE JOURNAL a year.

**PATRONIZING HOME INDUSTRY.**

Most of the manufacturing enterprises of the state are located in Omaha, and consequently Omaha people are loud in their exhortations to the citizens of the commonwealth to "stand up for Nebraska" and "patronize home industries." Just how they can expect the retail merchants of the state, however, to push their products when they are going ahead with a scheme to bankrupt these same merchants, is something which is hard to understand.

If Omaha persists in her determination to hold that exposition next summer, every retailer in the state should absolutely refuse to handle anything manufactured in the state metropolis, or to purchase a dollar's worth of goods from an Omaha jobber. If Omaha is hogish enough to want all the retail trade, the country merchant should retaliate by depriving her of the wholesale business. "Self preservation is the first law of nature."

**REPEAL THE FAIR SUBSIDY LAW.**

One of the first bills introduced in the next session of the legislature, should be for the repeal of the law granting subsidies to state and county fairs. Thousands of dollars are collected from the taxpayers of the state annually, most of which finds its way into the pockets of the self-seeking managers of these fake shows, with no resultant benefit to the public. The people have grown heartily tired of the whole business, and almost unanimously demand that the law which allows these leeches to fatten off the public be done away with.

Let every voter urge upon his representative or senator the importance of taking some action on this matter.

**DON'T BUY A DOLLAR'S WORTH OF GOODS FROM ANY FIRM THAT SUBSCRIBES A DOLLAR FOR OMAHA'S FAKE EXPOSITION.**

THE late election resulted in making a gain of two senators to the goldbugs in the United States senate—one in Nebraska and one in Indiana, while to the republicans it means a gain of four—one in New Jersey instead of Senator Smith and one in New York instead of Murphy—both of whom are goldbugs.

**BIMETALLISM IS THE BEST HOPE OF THE LABORING MASSES IN AMERICA.**

You may be sure that its coming will insure the betterment of the condition of the laboring man, because all the trusts and combinations of greed—including the money trust, the worst of all trusts—are fighting it to the death. Once adopted there would be a revival of all kinds of business; property would rise to its wonted value, enterprises of every kind would take on new life; old-time values would be restored, and civilization itself would take a leap upward and forward. This is not a fancy picture, but a fact founded on the absolute experience of all ages of the world.

**WHEN WE TAKE INTO ACCOUNT THE FACT THAT UNDER OUR PAST CONDITIONS 1 PER CENT OF THE POPULATION OF THE UNITED STATES HAVE BECOME THE OWNERS OF ONE-HALF OF ALL THE WEALTH OF THE COUNTRY, AND THAT NEARLY ALL THE GREAT FORTUNES OF TODAY HAVE BEEN MADE IN THE PAST THIRTY-FIVE YEARS, IT IS A FACT SO STARTLING AS TO BECOME THE WONDER OF THE AGE.**

It demonstrates the fact that our laws need revision so that the millions who have never had the chance to own their homes will have better opportunities. One thing is quite evident—the legal interest rate is too high for the common good. Another thing is apparent—the power to form and operate trusts must be prohibited. At present so much of the earnings of labor is consumed in paying interest on bonds that little is left to invest in business enterprises, so that the wealth producer is killed by competition and gets very little of what he earns, and must use all of that for living expenses.

**W. H. HARVEY, WHO HAS BEEN APPOINTED CHAIRMAN OF A COMMITTEE ON WAYS AND MEANS TO RAISE FUNDS FOR CARRYING ON A CAMPAIGN OF EDUCATION, PREPARATORY FOR THE SECOND GREAT BATTLE FOR BIMETALLISM IN 1900, DELIVERED AN ADDRESS RECENTLY AT CINCINNATI IN WHICH HE SET OUT A PLAN FOR THE RAISING OF FUNDS FOR THE EDUCATION OF THE PEOPLE ON THIS SUBJECT. HE PROPOSES THAT ALL WHO ARE WILLING TO AID THE WORK SHALL HAVE THE OPPORTUNITY OF PLEDGING THEMSELVES TO PAY \$1 A MONTH INTO A COMMON TREASURY FOR THIS PURPOSE—THE MONEY THUS CONTRIBUTED TO BE DEPOSITED IN A SAFE BANK, SUBJECT ONLY TO BE DRAWN OUT AND USED TO PUT FREE SILVER LITERATURE INTO THE HANDS OF EVERY CITIZEN OF THE UNITED STATES, ON THE ORDER OF THE OTHER MEMBERS OF THE COMMITTEE, CONSISTING OF SENATORS JONES OF ARKANSAS, ALLEN OF NEBRASKA, TELLER OF COLORADO, EX-GOV. STONE OF MISSOURI AND ALTGELD OF ILLINOIS. THIS WORK IS A MOST IMPORTANT ONE, AND IS IN EXCELLENT HANDS. THERE IS NO MAN IN AMERICA WHO HAS DONE MORE THAN MR. HARVEY FOR THE EDUCATION OF THE PEOP-**
