Why Not Go to California? Here's a suggestion for a holiday trip: Buy a round-trip ticket to San Francisco at the reduced rates which will be in effect on account of the Epworth League meeting in that city in July—go west by way of Denver and Salt Lake City, past all the glorious mountain scenery of Colorado and Utah—spend a few weeks in California—come home via Portland, Seattle, Tacoma, Spokane and Billings, Mont. If you have time, stop off and see Yellowstone Park. A month is sufficient for the entire trip. In that time you will see more than most people do in a lifetime. And the expense is almost unbelievably small. Write for a copy of the Burlington's Epworth League folder, which tells all about it—gives you just the information you need about rates, routes, through cars, scenery, stop-overs, etc. J. Carrier Pigeon Convicted Thief. The expedient of allowing a carrier pigeon, alleged to have been stolen, to fly away from the court in order that its home might be known, was adopted in East Orange, N. J., the other day, with such success that Geo. Bennett was held for the grand jury on a charge of larceny. He had been accused of stealing game cocks and a homing pigeon from Robert Euraig, but the evidence was so conflicting that it was decided to send the pigeon out and see where it went. A feather was plucked from the bird and shortly after it had been released the dove was found in Euraig's loft.

The Nebraska Boy and Others Want Back to West Point.

ONLY WAY HE CAN BE REINSTATED

The Young Nebraskan and Other Cadets Claim They Are the Victims of Injustice—An Appeal for Observance of Flag Day in Nebraska—Other News.

WASHINGTON, May 29.—Henry L. Bowlby of Nebraska, one of the five cadets recently dismissed from West Point Military academy for alleged insubordination, came to Washington with his classmates who were dismissed with him, and had an interview with Secretary Root.

Cadet Bowlby, who was appointed to West Point by Congressman Stark, is a likely young fellow and looks every inch a soldier. He refused to say anything about the trouble at West Point, except to say that the sentence was exceptional in its severity and he hoped it would be remanded.

The dismissed cadets claim that they have been tried and condemned without a hearing and without knowing the testimony against them or having an opportunity to reply to it.

Senator Hawley of Connecticut and Cockrell of Missouri are interested in the case and called upon Secretary Root in behalf of the young men, who, besides Bowlby, are John A. Cleveland of Alabama, T. K. Keller of New York, Raymond A. Linton of Michigan and B. O. Mahaffey of Texas.

Sensors Hawley of Connecticut and senate committee on military affairs, and who has had much to do with drafting legislation for West Point, believes the case should be reopened, but the law officers of the department who have looked into the matter say there is no way in which the dismissed cadets can be restored to the academy save by reappointment through a representative of the district to which each is accredited.

TO CELEBRATE FLAG DAY.

General Order No. 2 Issued to the Grand Army of the Republic.

LINCOLN, Neb., May 29.—In general order No. 2, issued by the Nebraska department of the Grand Army of the Republic, an urgent appeal is made for the observance of June 14 as "Flag day," that being the one hundred and twenty-fourth anniversary of the birthday of the United States flag. The order is as follows:

"Headquarters Department of Nebraska, Grand Army of the Republic, Lincoln, Neb., May 27.—General Order No. 2.—Comrades: On the 14th day of June will occur the one hundred and twenty-fourth anniversary of the birthday of the United States flag—the only flag that has written upon it, 'Liberty, Fraternity and Equality,' three grandest words in all the language of men; a flag that was given to the air in the revolution's darkest days. It represents the suffering of the past, the glories yet to be, and like the bow of heaven, it is the child of storm and sun. It means that the school house is the fortress of liberty and that the continent has been dedicated to freedom.

Therefore, let every comrade display the flag on his own house and place of business and also to use his utmost endeavor to have all his neighbors and fellow townsmen do likewise. Furnish every member of the school with flags, so that this day may be one always to be kept bright in their memories. Where schools are not closed let the teachers and children meet and carry out the program as outlined in the 'Address to the American People.'

Let our colors fly, boys: Guard them day and night; For victory is liberty And God will bless the right."

"R. S. WILCOX, "Department Commander.

Fresh Water for Capitol.

LINCOLN, Neb. 29.—The capitol building will soon be supplied with fresh artesian water from the state's own well. A large force of men is at work on the capitol grounds, near the steam heating plant, boring the wells and one shaft has already been lowered 125 feet below the surface. At a depth of forty feet the diggers struck solid sand rock. The contractor expects to obtain fresh water in unlimited quantity at a depth of 150 feet.

MUST PAY FOR COUNTY FAIRS.

Commissioners Have No Discretion Under the Statutes.

LINCOLN, May 27.—In an opinion handed down in a case brought up from Butler county the supreme court declares that county boards have only ministerial power in the payment of the amount allowed by statute to county agricultural societies. The sum is determined on the basis of 3 cents for each inhabitant of the county, and, according to the decision just announced, the societies can invoke mandamus to compel payment without awaiting the dilatory course of legislation.

In the case in question the county agricultural society, after complying with all the requirements of the statute, requested the board of supervisors to draw a warrant for the amount due it. The board refused. The society immediately asked the district court for a writ of mandamus compelling the supervisors to pay the claim. This was refused and the society appealed.

In the supreme court the attorneys for the county argued that mandamus should not issue for the reason that the board acted, not in a ministerial, but in its discretionary capacity. The association contended that, under the statutes, no discretionary power is allowed the board when the association has once complied with the requirements of the law and that the board must act in a purely ministerial capacity. The court upheld this view and gave judgment accordingly.

CROP PROSPECTS IN NEBRASKA.

Conditions Generally Regarded as of a Favorable Character.

LINCOLN, May 27.—Following is the last weather and crop bulletin: The past week has been warm and dry, with about the normal amount of sunshine. The daily mean temperature has averaged about 6 degrees above the normal. No unusually high or low temperature occurred during the week.

The rainfall has been below normal generally. The amount was about or slightly above one-half an inch in a few of the southern counties of the southeastern section, but generally it was less than .30 of an inch, and in a large part of the northern and western portions of the state it was less than .10 of an inch.

Wheat, oats and grass continue in good condition, but in some places lack of moisture has retarded growth, and generally at the end of the week more rain would be beneficial to these crops. Chinch bugs are doing some damage in wheat fields in central and western counties. Corn planting has progressed rapidly, and the bulk of the crop is now planted in central and southern counties. The early planted corn is coming up, generally slowly, and in some instances unevenly. Fruit continues to promise a good crop.

Finds Floater in River.

PLATTSBROUGH, Neb., May 27.—While Fred Black and Elias Vuldov were fishing in the Missouri river at Rocky Point they noticed a floater coming down the stream. They succeeded in bringing the body to shore and notified Coroner Gass. The body appeared to be that of a man about 40 years of age, and it had evidently been in the water for some time. He was not identified.

Child Fatally Scalded.

FAIRBURY, Neb., May 27.—Edith Shafer, aged about 4 years, who was scalded by pulling a pail of hot water over on herself about eight days ago, died from her injuries.

Benjamin F. Zeigler, who had his legs amputated by the train backing over him the night of May 11, is getting along nicely and will be able to return to his home at Oakley, Kan., in a few days.

Invades the Black Hills.

SIDNEY, Neb., May 27.—Oberfelder & Co., the large grain merchants of this city, shipped a fine car of spring wheat to T. Andrews at Spearfish, S. D. This is the first shipment to the Black Hills country and means a great deal for the farmers of this section procuring better prices and saving the large cost of shipping to eastern markets.

Small pox Quarantine Raised.

HUMBOLDT, Neb., May 27.—The smallpox quarantine has been raised, only the one case having been located. Public gatherings will again be permitted.

Trampled by a Horse.

MADISON, Neb., May 27.—Thomas Alderson, a farmer living southeast of town, was severely hurt by a horse trampling upon him.

No Enlistments.

YORK, Neb., May 27.—I. G. Berry, first lieutenant of the United States Infantry, opened a recruiting station here. He is recruiting (or, rather, trying to recruit) for two regiments—the Twenty-eighth infantry at Vancouver barracks, Washington, and the Eighteenth cavalry at Fort Meade, S. D. Both regiments are for service in the Philippines. Mr. Berry did not get a single recruit here, though present for some time.

STATE SCHOOL MONEY

Official Apportionment is Made Among the Various Counties.

AMOUNT EACH ONE WILL RECEIVE

How the Money is Divided and the Number of Scholars to Whom the Division Will Be Made—A Month's Musical Festival—Miscellaneous Nebraska Matters.

LINCOLN, May 28.—The apportionment of the state school money among the various counties will be made on a basis of a fraction over 92 cents per scholar.

The total amount to be divided is \$350,853.30. This money was derived as follows:

A Month of Music.

Omaha is going to have a whole month of music under auspices of the celebrated Bellstedt band of Cincinnati, which thousands heard with such great delight at the exposition. All old favorites, as well as some new skilled musicians, will be present. The concerts commence June 1st, and there will be two each day, afternoon and evening. Railroads will make it an inducement for people of Nebraska generally to visit the metropolis during the June musical festival.

Fleeed by Traveling Barber.

CLAY CENTER, Neb., May 28.—Several business men are experiencing a mild form of over-confidence. About six weeks ago a barber drifted in here and the local barber being at the time ill, readily gave him employment, and finding him a good workman was rather favorably impressed and vouched for him to the extent of a new suit of clothes. Then from others he borrowed money.

Injured in a Runaway.

RANDOLPH, Neb., May 28.—AA very sad accident occurred here in which John G. Spencer was quite seriously injured. A spirited team which Mr. Spencer was driving became unmanageable and ran away. Mr. Spencer was thrown out of the buggy, which was soon afterward completely wrecked. Dr. Cook, who is attending the injured man, says the injuries sustained are not necessarily fatal, and the patient is resting easy.

THE LIVE STOCK MARKET.

Latest Quotations from South Omaha and Kansas City.

SOUTH OMAHA.

Cattle—There was a good run of cattle for the first of the week, but there did not appear to be more than packers wanted. They started out early and bought up practically everything offered in good season at just about last week's prices. There was a good run of steers and the quality of the offerings as a whole was very good. While the market was not particularly active, still the cattle began moving toward the scales at an early hour and it was not long before the bulk of the cattle were out of first hands. As a general thing the market looked just about steady with the close of last week, particularly on the better grades. The few cows and heifers offered were picked up in good season at practically steady prices all around. Packers were all liberal buyers of cow stuff and as a result the prices being paid are satisfactory to the selling interests. Bulls were in light receipt and anything at all good met with ready sale at steady prices. The same was true of calves and stags.

Hogs—There was a pretty fair run of hogs and the market opened weak to 2½c lower. The long string sold at \$5.00, with the bulk going from \$5.75 to \$5.99. The choice heavy hogs sold from \$5.62½ to \$5.70 and the light weights from \$5.57½ down. It was not a particularly active market, but still the bulk of the hogs was out of first hands in fairly good season. As the morning advanced the market seemed to weaken, as reports from other markets were rather bearish, and the close for that reason was slow and weak.

Sheep—The receipts of sheep and lambs were rather light and as the demand was in good shape the market ruled strong and active all around. The prices paid did not show much change from last week. Colorado woolled lambs sold as high as \$5.00, clipped lambs sold at \$4.85 and clipped wethers reached \$4.40. It was an active market and as there were only a few cars offered the market soon came to a close.

KANSAS CITY.

Cattle—Beef steady, steady to 10c lower; other cattle, steady; choice beef steers, \$5.30 to \$5.40; fair to good, \$4.90 to \$5.25; stockers and feeders, \$3.75 to \$4.10; western fed steers, \$4.75 to \$4.95; Texas and Indiana, \$3.90 to \$4.50; cows, \$3.50 to \$4.50; heifers, \$3.50 to \$4.50; canners, \$2.25 to \$3.25; bulls, \$2.25 to \$3.25; calves, \$1.00 to \$2.25.

Hogs—Market 50 to 75c lower; top, \$5.85; bulk of sales, \$5.50 to \$5.75; heavy, \$5.75 to \$5.85; mixed packers, \$5.00 to \$5.75; light, \$5.35 to \$5.75; pigs, \$4.50 to \$5.25.

Sheep and Lambs—Sheep were strong and lambs steady; western lambs, \$5.00 to \$5.50; western wethers, \$4.50 to \$4.65; western yearlings, \$4.50 to \$5.00; ewes, \$3.80 to \$4.25; culls, \$2.75 to \$3.50; Texas grass sheep, \$1.50 to \$1.75; Texas lambs, \$4.00 to \$4.65; spring lambs, \$5.50 to \$6.25.

PRESIDENT M'KINLEY IN OMAHA.

Train Bearing Chief Executive and His Wife Arrives Safely.

OMAHA, May 30.—Without the changing of bells, the hissing of steam or the cheering of a multitude, the president's train on its long journey from the Pacific coast to the Potomac, rolled slowly into the Omaha union station at 7:29 o'clock yesterday morning.

As it was not known until an early hour just what time the presidential party would pass through the city, there were less than 200 people at the depot to greet the nation's chief executive, and this small crowd was composed chiefly of police officers, railroad officials and employes and newspaper reporters. The president shook hands cordially with all who appeared and had a pleasant "Good morning" for everyone. He expressed a desire to meet the men behind the boilers of the locomotive that had pulled his train in safely from Ogden. Joe Sorenson and Fred Voss, engineer and fireman, respectively, of the presidential train, and Engineer W. H. Bay and Fireman Charles Getchell of the pilot train, all of them in blue jumpers and with smoke-stained faces, were brought to the rear end of the train, where the president greeted them warmly and thanked them for their efficient service.

McLaurin Has No Fears.

COLUMBUS, S. C., May 30.—Senator McLaurin, in an interview with a correspondent of the State, declares emphatically he will not enter a summer campaign. His health, he says, will not permit it. He wants to be in a race with Mr. Tillman alone and is confident of success.

The Cubans Decide.

HAVANA, May 30.—By unanimous agreement the Cuban constitutional convention has decided to take a final vote on the acceptance of the Platt amendment. The conservatives claim that the Platt amendment will be accepted by the convention by a vote of 17 to 11.

Decides the Huns Case.

WASHINGTON, D. C., May 30.—The supreme court decided what is known as the Huns case, involving the question whether vessels plying between Porto Rico and New York were engaged in the coasting trade. The court's decision held they were so engaged.

To Be Tried by Court Martial.

LINCOLN, May 30.—The seven militiamen who disobeyed the orders of Captain Bolshaw at the state penitentiary will be tried by court-martial within the next ten days.
