

THE SUSPECTS NAMED

BELIEVED TO BE ESCAPED CONVICTS.

Twenty Thousand Dollars of the Wells-Fargo Company Still Missing—Police and Detectives Scouring the Country in Every Direction.

COLORADO SPRINGS, Colo., Nov. 13.—Notwithstanding the utmost efforts of the police, county officials and Wells-Fargo secret service, together with the bloodhounds, up to a late hour tonight not even a shadow of a clue had been secured of the two robbers who so successfully held up Night Express Agent Krout, of the Wells-Fargo company, last night at the Santa Fe depot, and relieved him of \$20,000 in currency and only by pure accident missed securing another package containing \$35,000 more. Beyond the fact that both men wore crude gunnysack masks, and were of small stature, Agent Krout is apparently too scared to remember anything, and it is doubtful if he could even identify their voices.

Captain Dodge of the Wells-Fargo secret service, with two detectives, arrived here early this morning from Cripple Creek, but reports seeing no suspicious characters on the trail. There are fully a dozen men at work in various directions scouring the country, but up to the present time their endeavors have not been rewarded with anything tangible.

DENVER, Colo., Nov. 12.—It is now believed the express robbers who so coolly secured \$20,000 last night from the Wells-Fargo & Co. station at Colorado Springs are A. J. Gray, alias Sam Wells, and J. T. Stuart, alias Barr. Two noted crooks who broke jail in Colorado Springs last month. R. S. Montgomery, another crook, was in jail at the time, and because he was not taken into the confidence of the jail breakers he sought the express company in Denver and offered to reveal the hiding place of these men, whom he then stated were planning to rob the company. The officials here decided to listen to him then and now they are eagerly seeking for Montgomery, who has disappeared.

HE BLAMES THE TURKS.

Young American a Witness of the Turkish Massacres.

ALEXANDRIA, Egypt, Nov. 13.—United States Senator Nelson has just received a letter from Dulany Hunter, who was a page when Mr. Nelson was in congress, but is now connected with the consular service. He was sent out last summer by the department of state to establish consular posts in Asia Minor, made important by the Armenian troubles. He writes from Trebizonde and his letter, dated October 11, is full of interest. He says:

"On the night of the 4th, 4,000 or 5,000 armed Turks made a demonstration against the Armenians of this place, alleging that a few days before Armenians had fired upon a Turkish officer who was passing through Trebizonde on the way to Constantinople. Fortunately the authorities were able to restore order before any shots were fired. On the morning of the 8th suddenly a shot was fired, it is believed by an Armenian in desperation at hearing of the death of a relative in the riots at Constantinople. Then other shots were fired almost immediately and the whole town was in a state of anarchy. The Armenians were entirely surrounded by the Turks and massacred, even the police firing upon them. About 500 persons, and they were the best youth and bravest of the community, were slaughtered.

"The women and children were spared and so were all the foreigners, though for hours we thought it was to be a general massacre. The killing commenced at about 11 o'clock and between 3 and 4 o'clock the pillage and looting of property began and lasted until sunset. About \$1,000,000 worth of property was destroyed. The military is now in control. Reinforcements have arrived and order prevails, but there is still great anxiety.

WANTED TO KILL PULLMAN

The Millionaire Arouses the Murders of Wealth of a Crank.

CHICAGO, Ill., Nov. 13.—William B. Graham, one of George M. Pullman's employees in the Pullman building, was arrested because it was feared the lives of Mr. Pullman and J. B. Griffin, one of Mr. Pullman's superintendents, were in danger. Graham had made threats to shoot both Mr. Pullman and Griffin and there was a decided sensation in the palatial office structure at Michigan avenue and Adams street when the fact became known and that Mr. Pullman's private policeman, as well as city detectives, were searching high and low for Graham, who has been employed about the building as an assistant janitor and occupied a room on the sixth floor of the building.

About 5 o'clock he was found in his room and after a chase through the building was secured. He at first offered having made the threats and talked in a rambling manner. Finally he declared that Mr. Pullman and Griffin were his deadly enemies and that he had been warned to get them out of the way. One of them was to have been removed by the 17th and 19th floor by the 27th of this month.

BURNED HIS HOUSE.

Residence of Ex-Secretary Palmer Destroyed at Detroit.

DETROIT, Mich., Nov. 13.—The residence of ex-Secretary Thomas W. Palmer, president of the world's fair commission, was destroyed by fire early this morning, which caused a considerable loss of art and book-collector collections from all over the world.

The loss on the building is \$200,000, with \$100,000 in contents. No estimate of the loss on the contents can yet be made. The fire was caused by the contractor of the electric wire with that of the telephone connected with the house.

WANTS THE SOLDIERS.

Agent at Ignacio, Colo., Fears an Indian Outbreak.

WASHINGTON, D. C., Nov. 13.—A belated telegram dated yesterday was received at the Indian office this morning from Agent Day, at Ignacio, Colo., telling of the killing of two white Indians. The telegram says that Juan Tobias, an Indian policeman, while out hunting, found the bodies of Ravenough, a sub-chief of the Winnimick band of the Utes, and one of his men, who had been murdered by the whites. The bodies were partly covered by snow, and had evidently been dead some time. The murder was committed between the Big Bend of the Dolores river and Plateau creek, off the reservation. They were hunting, a pasture secured to them by their treaty. There are other Indians in the same locality, and a like fate may overtake them.

Agent Day says the absent Indians have not yet been informed of the murder, and expresses a fear that when they are, blood will flow. The Indians on the reservation, he says, are counseling in a menacing manner, and he informs the commissioner that he deems it necessary to hold a company of cavalry ready to advance at once, if necessary. Agent Day says he has wired the sheriff of Montezuma county to be on his guard, and to aid in investigating the affair. He has left to the bureau officials the matter of communicating with General Wheaton, commander of the department of Colorado.

Commissioner Browning took Agent Day's telegram to Secretary Smith, and the latter will probably refer it to his war department for its instruction.

MAKES A BID FOR ILLINOIS

Senator Allison Hopes to Control That State in the Convention.

CHICAGO, Ill., Nov. 13.—Local and state republican leaders were much interested in the arrival here this morning of Senator Allison, who is regarded as one of the foremost presidential possibilities. He came to the Auditorium hotel with Gen. David B. Henderson of Iowa and did not register. He tried to evade the newspaper interviewer and when cornered said he was too busy to talk politics or anything else. It is known that he spent most of the day in company of party leaders whom he could find handy, and it is generally believed he sounded them on their presidential leanings. Prominent republicans say that the Iowa senator is making a strong bid for the support of Illinois in the convention, and his visit following close to that of ex-President Harrison is taken to mean that the senator is here to counteract any Harrison sentiment which may have been created among the party managers of the city and state. The outspoken declaration of Congressman Lorrimer in favor of Harrison does not represent the prevailing presidential opinion of the campaign generals here.

LOST HIS LIFE IN A FIRE

Sleeping Family Aroused by Flames, But One Too Late.

CHICAGO, Ill., Nov. 13.—As the result of a fire at North Noble and Cornell streets at 3:30 this morning, one man lost his life, two persons were probably fatally and one slightly injured. The dead:

THE FLY WHEEL BURST

Four Persons Injured and Two Houses Wrecked at Albany.

ALBANY, N. Y., Nov. 13.—A gigantic fly wheel burst in the power house of the Albany Railroad company, late this evening. Two houses, one of them two blocks from the power house, were wrecked. Four persons who were injured were in a saloon opposite the power house, one of the pieces of the wheel tearing out the whole front of the saloon, and another piece the whole upper portion of the house. Those injured are:

BIG NEW YORK WEDDING

Daughter of Ex-Secretary Whitney Marries Almeric Hugh Paget.

NEW YORK, Nov. 13.—Under a clear sky and within the sacred portals of St. Thomas church, Miss Pauline Fanny Whitney, daughter of William C. Whitney, former secretary of the navy, was, shortly after noon today, wedded to Almeric Hugh Paget, a young son of the late General Lord Alfred Paget, and grandson of the late Marquis of Anglesea. As far as the ceremonial of the wedding was not less brilliant than the Marlborough-Vanderbilt nuptials. It was, perhaps, more distinguished. No other than the bridegroom, which are distinguished, does not belong to a title, the distinguished members among the wedding guests, were President Cleveland and members of his cabinet, who journeyed from Washington to do honor to the young couple. These were present, too, Governor Macdonald and a score of diplomats.

THE CROPS OF KANSAS.

Over 200,000,000 Bushels of Corn Harvested This Year.

TOPEKA, Kan., Nov. 13.—The state board of agriculture issued to-day its final crop bulletin for the year, in which Secretary Coburn says the item of foremost interest is, of course, that showing the yield of corn. The total product is 201,457,395 bushels, an average yield on the entire area planted (8,394,871 acres) of twenty-four bushels per acre. The average price of corn for the year is given at twenty-three cents per bushel and the price at which it is being sold or contracted (delivered) now in the principal corn counties ranges from sixteen to twenty-one cents and averages eighteen cents. Thirty-three per cent of the crop is reported as likely to be disposed of at the latter average by the close of the present year. The quality is reported good, with occasional exception of some moulding in the stock, attributed by correspondents to wet weather in August.

THINKS THE END IS NEAR

Situation at Constantinople Growing More Strained.

LONDON, Eng., Nov. 14.—The Standard's Constantinople correspondent, in a dispatch which will appear in that paper tomorrow, says that if the reports that French and American missionaries have been injured be confirmed there is every reason to believe that France and the United States will no longer confine themselves to remonstrances. The correspondent also says that the officials at the Yildiz palace are much disturbed by Lord Salisbury's declarations and fear that a European controversy may be assumed. The sultan and his officers have been for two days in a state of panic. The condition of affairs in the palace is indescribable. Everybody believes the end is near, and nobody ventures to prophesy how it will be effected.

JUSTIFIABLE THEFT.

Nebraska Girl Arrested for Horse Stealing Discharged.

BETHLEHEM, Neb., Nov. 13.—Milly Mabey, a fifteen-year-old girl, was arrested here for horse-stealing. It was learned at the trial that she had taken a horse and was riding it in the neighborhood of the town. She was taken to the jail and was held for some time, but the judge was eventually compelled to make several arrests.

TWO KILLED IN A WRECK

Freightmen too Sleep and Fall to Hear Warning Signals.

ANN ARBOR, Mich., Nov. 13.—A wreck on the Chesapeake and Ohio railway at Warren, Ohio, which took place last night, resulted in the death of two men and the injury of several others. The freight train was derailed and the engine and several cars were overturned. The cause of the accident was attributed to the fact that the freightmen were asleep and failed to hear the warning signals.

SAVED A LYNCHING

COMMITTED DOUBLE MURDER AND SUICIDE.

WOMAN AND CHILD DECEYED TO A TEXAS TOWN AND KILLED FOR THEIR MONEY—HE KILLS HIMSELF AND ESCAPES A LYNCHING WELL KNOWN IN KANSAS CITY.

LAREDO, Tex., Nov. 14.—A diabolical murder of a mother and child, it is supposed for the purpose of robbery, was revealed today, followed by the self-destruction of the fiend when he realized that his crimes had been discovered and lynching awaited him in all probability. It is believed the murdered woman was Mrs. Caroline Menn of Dallas, Tex. Her child was a girl of about ten years. The murderer is supposed to be William or Sam Kuntz of Kansas City. Kuntz stated while here that he had been a master mechanic for a railroad, and letters were found in his trunk addressed to William Kuntz, 157 Grand avenue, Kansas City.

Last Monday evening a tall, fine-looking man, accompanied by a woman and pretty girl, registered at the Hotel Hamilton on C. Schuler and family. At 3 o'clock yesterday afternoon Schuler, who was really Kuntz, hired a buggy and took the woman and girl to the depot, despite the inclement weather. At 5 o'clock he returned the vehicle and ate supper at the hotel without exciting any suspicion, retiring afterwards. During the night the sheep herder discovered two bodies lying in the brush in Chacon bottom, just beyond a small reservoir, two and a half miles from the central part of the city. He noticed trails where the bodies had been dragged through the thorns by the murderer and the prints of the buggy wheels were noticed on the ground. Without touching the bodies he came to the city and notified the recorder. Officers proceeded at once to the scene of the crime and returned the bodies to the city. They were identified as those of the woman and child who had gone riding with Kuntz.

SEQUEL CAME QUICKLY.

The news of the murder was all over the city early this morning, and the sequel came at 6 o'clock. The proprietor of the hotel kicked at Kuntz's door and asked him where his family was. Kuntz replied that he had taken it last evening to Aztec, where they had taken the limited train for Mexico.

HE BLAMES THE TURKS.

"I think you are mistaken," said the proprietor; "your family is not in Mexico." Kuntz shut the door, and drawing a revolver, shot himself through the heart. On his person was found a cigar case containing over \$1,000 in bank bills. On the cigar case was stamped the name "Sam Kuntz." It is believed that his brother lives in Fort Worth and he was at once notified of the tragedy. Kuntz spent most of his time while here in saloons and no doubt meditated the deed. In the murdered woman's trunk was found a marriage license bearing the names of Catherine Menn and Theodore Menn. Kuntz was chief engineer at the Helms brewery in Kansas City. A letter found in the woman's effects, dated October 4, from G. B. Brown, a Fort Worth, Texas, merchant, addressed to Mrs. Caroline Menn, Dallas, Tex., the merchant requesting her to send a check for \$25. From this it is inferred the woman had a bank account. She stated that Mr. Christen, her son, kept a hotel at Fort Worth, and it is believed Kuntz stopped at this hotel, found out the woman had money and enticed her here to murder her and get her money. A telegram was received here today from Fort Worth stating that Mrs. Menn's son had left that city to come here.

THINKS THE END IS NEAR

Situation at Constantinople Growing More Strained.

LONDON, Eng., Nov. 14.—The Standard's Constantinople correspondent, in a dispatch which will appear in that paper tomorrow, says that if the reports that French and American missionaries have been injured be confirmed there is every reason to believe that France and the United States will no longer confine themselves to remonstrances. The freight train was derailed and the engine and several cars were overturned. The cause of the accident was attributed to the fact that the freightmen were asleep and failed to hear the warning signals.

WAITING FOR WARSHIPS

Foreign Ambassadors to Turkey Resting on Their Oars.

CONSTANTINOPLE, Nov. 14.—It is now believed that the powers will not take definite action against the Porte until all the naval squadrons shall have assembled in Turkish waters, which will be about the time that the British ambassador, Sir Philip Currie, returns after consulting with his government as to the future action of Great Britain. In the meanwhile the state of suspense is decidedly wearying, and the ambassadors themselves will be greatly relieved when the hour for action on the part of Europe arrives. That this time is coming now seems to be only a question of days.

There seems to be no doubt that the spirit of revolution is spreading even among the old Turks, and the young Turkish party is said to be ripe for revolt. The army needs money for pay, equipment and provisions, and the same state of affairs prevails in the navy, but the arrears of pay are not forthcoming, and there is much grumbling in consequence, except among the palace troops, which are kept well fed, well paid and comfortably idle, for upon them depends the safety of the Sultan, who is in hourly dread of assassination. Under these circumstances it is not astonishing that the army and navy are becoming disaffected, and nobody would be astonished to hear that they had sided with the revolutionists, should the uprising take place.

Replying to the inquiry of United States Minister Alexander W. Terrell, as to the safety of the American missionaries, Commissioner Darman has telegraphed from Harput saying that the missionaries are alive but in extreme danger. Mr. Terrell has informed Tewfik Pasha that the government will be held responsible for the safety of the Americans. The Turkish minister for foreign affairs has assured Mr. Terrell that everything possible will be done for their protection. As Mr. Terrell has great influence with the palace authorities, it may be presumed that Tewfik Pasha will keep his word.

Fresh disturbances are reported from Maiatalah, where a number of persons have been killed, including four priests of the Society of Jesus, who were under French protection. The French ambassador, M. Cambon, has been appealed to, and is preparing a very strong representation on the subject to the Porte.

A squadron of five French warships has sailed from the Piræus for Turkish waters, and it is stated that an Italian fleet will rendezvous with the British fleet within a few days. There has been serious trouble at Caesarea, not far from Jerusalem, but no details of the rioting there have yet reached this city.

CANAL SCHEME INDORSED.

The United States Commission Report on the Nicaragua Project Favorable.

WASHINGTON, Nov. 14.—Trustworthy information has been received as to the contents of the report of the commission which examined into the feasibility and cost and recommended a route for the Nicaragua canal. It is in the hands of the President, who is using it in connection with his work on his annual message to congress. It indicates that a canal across the Isthmus via the Nicaraguan route is entirely feasible from an engineering point of view. The cost of the project as estimated was \$19,000,000, but it is stated that this sum is too small by some millions.

The route as proposed by the commission is 175 miles long, or three or four miles longer than that which the canal company proposed. The commission made surveys to the right and left of the company's route and has suggested some changes, which it believes will be advantageous. The commission's waterway will be supplied with locks. The San Juan river and Lake Nicaragua will be employed, but the former will require considerable dredging. The lake is fifty-six and one-half miles across from the San Juan to the mouth of the Lajas. Some dredging will be required on the west coast of the lake, which is shoal for a distance of something like 1,500 feet. Brito will be the western terminus of the canal and the distance from this port is a little more than seventeen miles. The estimate has been made that in order to complete the canal which the commission proposes, six years will be required with a force of 20,000 men constantly employed.

EMPEROR OVERBIDDEN.

Vietnam Re-Elects Dr. Luogier Burgomas, After in Defiance of His Monarch.

VIENNA, Nov. 14.—Dr. Luogier, the anti-Semite leader in the Reichsrath, who was re-elected burgomas of this city October 29 and whose election Emperor Franz-Joseph refused to sanction was again re-elected burgomas today in accordance with his announced intention of having himself elected over and over again until the emperor should yield his approval. Dr. Luogier intimated his readiness to accept the office, whereupon Dr. Felber, president of the imperial council which was appointed last May to administer the municipal affairs of the city on account of the abolition for the time of the municipal body, announced on behalf of the lieutenant-governor the dissolution of the city council. The members of that body then quitted the hall amid great excitement, and were greeted with tremendous cheers from the crowd assembled outside. The demonstration lasted for some time and the police were eventually compelled to make several arrests.

A JURYMAN'S QUEER IDEA

Was Afraid His Coffee Would Be Chloroformed—Went Insane.

LINCOLN, Neb., Nov. 14.—The officer at the Lancaster county jail yesterday morning at about 7:30 o'clock were the most surprised people in town, when Juror C. B. Yates, who has been serving in the Davis murder trial, came rushing up the jail steps, hatless, trembling, and with the cold sweat standing in great drops upon his face. Turnkey Harry Jones was the first man to Yates, and to have heaped upon him a shower of exclamations, such as an insane man alone can bestow.

"They're after me! They have been running electric currents through me! They all want to convict Davis and I don't! Won't you make them stop writing those notes about me? Protect me from those men; they are trying to chloroform me. They put chloroform in my coffee! Don't take me back on the jury, will you?"

These exclamations and a host of others in a similar strain, he kept repeating to the surprised turnkey, who had scarcely turned from the telephone over which instrument he had just received notice of Yates' escape from the jury's room in the Capital hotel. Sheriff Miller was at once called out of bed and endeavored to quiet the man, but in response he received only a continuance of the incoherent remarks.

As no argument on the part of the sheriff could convince Yates that there was no conspiracy against him, he was kept at the jail until Judge Holmes came down to the court house, when he was taken into the judge's private office. Judge Holmes and Sheriff Miller together, labored with him for nearly an hour, and when it became evident that nothing could be done with him, a medical examination was ordered. Dr. Giffen and Dr. W. M. Knapp were summoned and ordered to take Yates to St. Elizabeth's hospital, there to subject him to an examination and to report immediately afterward in court.

At 2 o'clock Judge Holmes discharged the jury, telling the attorneys that this was the only feasible way out of the unfortunate turn affairs had taken. A special venire of 210 names was at once issued, made returnable on Friday morning at 9 o'clock. Over a hundred of the names drawn are from this city. Matters will be conducted as expeditiously as possible and it is thought a jury may be obtained before the middle of next week, though the probability which the discharge of the present jury has given the present case, will make it difficult to find people in Lancaster county who have no opinion in the matter.

A RAPIST ESCAPES.

A Key Left in the Lock Opens the Way to Freedom for Alonzo Moore.

PLATTSMOUTH, Cass Co., Neb., Nov. 14.—(Special.)—Last evening between 6:30 and 7 o'clock Alonzo Moore, who was confined in the Cass county jail on a charge of rape, made his escape. At about half past six o'clock Jailer Benson brought the supper tray downstairs to the prisoners and placed it inside the steel cage. The door to the cage is operated by a lever, which is completely covered by an iron box. The jailer locked this box, and instead of taking the key with him, went upstairs to supper, leaving it in the lock on the iron box. It was a very easy matter for Moore to reach through the bars and unlock the box, and then slide the lever and step out into the corridor. Once outside the cage, he broke a hole through the rotten floor and crawled out through a hole in the wall—the same which was used by the five men who escaped from the jail a couple of months ago.

The escape was discovered a few minutes afterwards, but as it was dark Moore had a snap in getting away. Sheriff Elkenberry has offered a reward for information leading to the arrest of Moore. He is described as a short, dark-complexioned man about twenty-one years of age, wearing a dark mustache.

ERDMAN CASE ENDED.

Hastings Man Convicted of Assault and Battery.

HASTINGS, Neb., Nov. 14.—(Special.)—The Erdman case came up for hearing in district court yesterday and was submitted to the jury at 2 p. m. After being out five or six hours a verdict of assault and battery was returned. In the early part of last April the defendant carried the face of Mr. Rehner with a pocket knife in a dangerous and reckless manner, for which he was bound over for trial in district court and has remained in jail from that time until the present, as he was tried for murder.

EMPEROR OVERBIDDEN.

Vietnam Re-Elects Dr. Luogier Burgomas, After in Defiance of His Monarch.

VIENNA, Nov. 14.—Dr. Luogier, the anti-Semite leader in the Reichsrath, who was re-elected burgomas of this city October 29 and whose election Emperor Franz-Joseph refused to sanction was again re-elected burgomas today in accordance with his announced intention of having himself elected over and over again until the emperor should yield his approval.
