Baker's Clothing House.

Gospel temperance meeting at Grand Army hall Sunday at 3:30 by Red Ribbon club. Everybody come.

The poor old Journal in speaking of the Van Deberg failure says Mr. V. got tired of struggling under a heavy load of debts, and gave up the ghost. If he had only had "confidence?"

Mr. Rohman, who failed in business last week, has been a life long republican. Bankruptcy is the reward for faithful services which his party has given him. Mr. Rohman got what he voted for.

A new jury was secured in the Davis case Tuesday and the colored man was put on trial for his life the third time. When the trial is ended the people will be called upon to foot a bill of costs the total of which will reach fully \$25,000.

The truth about ex-treasurer Hill's case is tersely told by the Bee. It says that "Ex Treasurer Hill and his bondsmen may now rest easy. That carefully selected jury is not likely to bring in a verdict for the state even if the supreme court should so instruct."

J. F. Van Deberg, baker and confectioner of this city, made an assignment Wednesday for the benefit of his creditors. Liabilities \$4,000; assets about about \$2,000. The cause of the failure was gold standard, "sound money" and lack of enough of it in the country to do business with. And still there's more to follow.

The supreme court, with Norval of course dissenting, has decided that George W. Berge the populist candidate has been entitled to the office of county judge for the last two years. Mr. Berge will now proceed to collect the salary for the last two years from the man who has wrongfully held the office or his bondsmen.

Morgan, the Omaha rapist and murderer, who has been at the penitentiary for two weeks for safe keeping, was taken to Omaha Sunday by Sheriff Drexel for trial. He is a fine specimen of physical manhood.

The Racket Makers.
 In the great city of New York where Henry George and his socialistic disciples rage and rare, we polled 626 votes! As a noise maker and platform twister the socialist is a daisy. He can make more fuss in a convention and create a bigger vacuum in the election returns than any mortal that ever kicked.

In Chicago, the hot bed of Socialism, democrats and republicans got all the votes. The pose nowhere. And yet Chicago will send a red-hot delegation to our next National Convention, "demanding" that our platform be still further twisted to suit their radical ideas. If the socialists votes bore any proportion to the racket they kick up in the convention they would have the universe by the tail in less than six months. People's Party Paper.

C. H. Rohman & Co., one of the oldest grocery houses in Lincoln, closed its doors last Friday. "Confidence," gold standard and republican "good times," which these gentlemen have been voting for for years, did not save them. Paying too much interest, "lack of confidence" and scarcity of money in the country was the cause of the failure.

All the shops at the penitentiary are now running full force of men except the cooping department which some time ago went into the hands of a receiver, and this department is ready to run whenever it can close a contract with the board. Warden Leidigh is getting along very smoothly thus far.
