OUR NATIONAL PLATFORM.
The People's Party Platform Adopted
at Omaha July 4, 1892.

Assembled upon the 116th anniversary
of the Declaration of Independence, the
People's party of America, in their first
national convention, invoking upon
their action the blessings of Almighty
God, puts forth in the name and on be-
half of the people of this country the
following preamble and declaration of
principles:

PREAMBLE.
The conditions which surround us
best justify our co-operation. We meet
in the midst of a nation brought to the
verge of moral, political and material
ruin. Corruption dominates the ballot
box, the legislatures, the congress, and
touches even the ermine of the bench.
The people are demoralized; most of
the states have been compelled to iso-
late the voters at the polling places to
prevent universal intimidation or bri-
bery. The newspapers are largely sub-
sidized or muzzled, public opinion
enslaved; business prostrated; our homes
covered with mortgages; labor impover-
ished and the land concentrating in the
hands of capitalists. The urban work-
men are denied the right of organiza-
tion for self protection; imported pau-
perized labor beats down their wages, a
hiring standing army, unrecognized
by our laws, is established to shoot
them down; and they are rapidly de-
generating into European conditions.
The fruits of the toll of millions are
boldly stolen to build up colossal for-
tunes for a few, unprecedented in the
history of mankind; and the possessors
of these, in turn, despise the republic
and endanger liberty. From the same
prolific womb of governmental injustice
we breed the two great classes—tramps
and millionaires. The national power
to create money is appropriated to en-
rich bondholders. A vast public debt,
payable in legal tender currency, has
been funded into gold-bearing bonds,
thereby adding millions to the burdens
of the people.

Silver, which has been accepted as
coin since the dawn of history has been
demonetized to add to the purchasing
power of gold by decreasing the value
of all forms of property as well as hu-
man labor, and the supply of currency
is purposely abridged to fatten usurers,
bankrupt enterprise and enslave indus-
tries. A vast conspiracy against man-
kind has been organized on two conti-
nents and it is rapidly taking possession
of the world. If not met and over-
thrown at once, it forebodes terrible
social convulsions, the destruction of
civilization or the establishment of an
absolute despotism.

We have witnessed for more than
quarter of a century the struggles
of the two great political parties
for power and plunder, while grievous
wrongs have been inflicted
upon a suffering people. We charge
that the controlling influences dominat-
ing both these parties have permitted
the existing dreadful conditions to de-
velop, without serious efforts to prevent
or restrain them. Neither do they now
promise us any substantial reform.
They have agreed together to ignore,
in the coming campaign, every issue
but one. They propose to drown the
outcries of a plundered people with the
uproar of a sham battle over the tariff,
so that capitalists, corporations, national
banks, rings, trusts, watered stock,
the demonetization of silver and the
oppressions of the usurers may all be
lost sight of. They propose to sacrifice
our homes, lives and children on the
altar of mammon; to destroy the multi-
tude in order to secure corruption funds
for the millionaires.

Assembled on the anniversary of the
birthday of the nation and filled with
the spirit of the grand generation
which established our independence,
we seek to restore the government of
the republic to the hands of "the plain
people," with whom it originated.

We assert our purposes to be identical
with the purposes of the national con-
stitution: "To form a more perfect
union, establish justice, insure domes-
tic tranquility, provide for the common
defence, promote the general welfare,
and secure the blessings of liberty to
ourselves and our posterity."

We declare that this republic can only
endure as a free government while built
upon the love of the whole people for
each other and for the nation; that it
cannot be pinned together by bayonets;
that the civil war is over and that
every passion and resentment which
grew out of it must die with it, and
that we must be in fact as we are in
name, the united brotherhood of free
men.

Our country finds itself confronted by
conditions for which there is no preced-
ent in the history of the world; our
annual agricultural productions amount
to billions of dollars in value, which
must within a few weeks or months be
exchanged for billions of dollars of com-
modities consumed in their production;
the existing currency supply is wholly
inadequate to make this exchange; the
results are falling prices, the formation
of combines and rings and the im-
poverishment of the producing class.
We pledge ourselves that, if given
power, we will labor to correct these
evils by wise and reasonable legisla-
tion in accordance with the terms of
our platform. We believe that the
powers of government—in other
words, of the people—should be
expanded in the case of the postal

service) as rapidly and as far as the
good sense of an intelligent people and
the teachings of experience shall justify,
to the end that oppression, injus-
tice and poverty shall eventually
cease in the land.

While our sympathies as a party of
reform are naturally upon the side of
every proposition which will tend to
make men intelligent, virtuous and
temperate, we nevertheless regard
these questions, important as they are,
as secondary to the great issues now
pressing for solution, and upon which
not only our individual prosperity, but
the very existence of free institutions
depend; and we ask all men to first
help us to determine whether we are to
have a republic to administer, before
we differ as to the conditions upon
which it is to be administered. Believ-
ing that the forces of reform this day
organized will never cease to move
forward until every wrong is remedied,
and equal rights and equal privileges
securely established for all men and
women of the country, therefore:

WE DECLARE
First—That the union of the labor
forces of the United States, this day
consummated, shall be permanent and
perpetual. May its spirit enter into all
hearts for the salvation of the republic
and the uplifting of mankind.
Second—Wealth belongs to him who
creates it, and every dollar taken from
industry without an equivalent is rob-
bery. "If any will not work, neither
shall he eat." The interests of rural
and civic labor are the same; their en-
emies identical.
Third—We believe that the time has
come when the railroad corporations
will either own the people or the peo-
ple own the railroads, and should the
government enter upon the work of
owning and managing any or all rail-
roads, we should favor an amendment
to the constitution by which all persons
engaged in the government service
shall be placed under a civil service
regulation of the most rigid character;
so as to prevent the increase of the
power of the national administration by
the use of such additional government
employees.

PLATFORM.
We demand a national currency, safe,
sound and flexible, issued by the gen-
eral government only, a full legal tender
for all debts, public and private,
and that without the use of
banking corporations; that a just, equi-
table and efficient means of distribution
direct to the people, at a tax not to ex-
ceed two per cent. per annum, to be
provided, as set forth in the subtreasury
plan of the Farmers' Alliance, or some
better system; also by payments in dis-
charge of its obligations for public im-
provements.

We demand the free and unlimited
coinage of silver and gold at the present
legal ratio of 16 to 1.
We demand that the amount of circula-
ting medium be speedily increased to
not less than \$50 per capita.
We demand a graduated income tax.
We believe that the moneys of the
country should be kept as much as pos-
sible in the hands of the people, and
hence we demand that all state and
national revenues shall be limited to
the necessary expenses of the govern-
ment, economically and honestly ad-
ministered.

We demand that postal savings banks
be established by the government, for
the safe deposit of the earnings of the
people, and to facilitate exchange.
Transportation being a means of ex-
change and a public necessity, the gov-
ernment should own and operate the
railroads in the interest of the people.
The telegraph and telephone, like
the postoffice system being a necessity
for transmission of news, should be
owned and operated by the government
in the interest of the people.
The land, including all the natural
resources of wealth, is the heritage of
all the people, and should not be mono-
polized for speculative purposes, and
alien ownership of land should be pro-
hibited. All lands now held by rail-
roads and other corporations in excess
of their actual needs, and all lands now
owned by aliens, should be reclaimed
by the government and held for actual
settlers only.

Hebrew Convention Delegates Battle.
NEW YORK, March 7.—The eighth
annual convention of the Independent
Order of Brith Abraham, a fraternal
and benefit association comprising
over 8,500 members, opened yesterday
with 33 delegates present. The morn-
ing session was taken up with re-
ports. A free fight broke up the after-
noon meeting. The trouble arose
over the election of Max Stern as
grand master.

return to work to-day, pending a
settlement of the wage question by
arbitration. Committees of the
miners and operators will meet Wed-
nesday to appoint arbitrators. The
operators are holding out for a 50 cent
scale.

HILL TO MARRY.
The Senator Reported Affianced to Vice
President Stevenson's Niece.

CINCINNATI, Ohio, March 12.—A
Times-Star special from Louisville
says:
Kentucky society is in a flutter to-
day by the announcement of the re-
ported engagement of Miss Letty
Scott, a well-known belle, and Sena-
tor David B. Hill of New York. The
report lacks confirmation or denial
for the reason that both parties are at
present at Washington.

Miss Scott is the niece of Vice Pres-
ident Stevenson and, according to the
report printed in the Times this after-
noon, she was visiting her aunt at
Washington when she met the sena-
tor. An engagement is said to have
followed.

FOR MURDERING HIS WIFE.
Deidrich Kessmann Taken Into Custody
By the Police at Kansas City.

KANSAS CITY, Mo., March 12.—Deid-
rich Kessmann is locked in a cell in
the "holdover" at the Central police
station charged directly with the
murder of his wife, Johanna, whose
body was found in a deserted house at
1425 Baltimore avenue February 22.
Theodora Hoffman, alias Paulina
White, an abandoned woman, who,
Chief Speers thinks came from Flems-
burg in Schlesweig-Holstein with
Kessmann several years ago, is locked
in a neighboring cell charged with
being a party to the same crime. The
only evidence to connect them with
the crime is circumstantial.

DA GAMA CALLED TO TIME.
The German Admiral Forces the Rebel
Leader to Make Reparation.

RIO JANEIRO, March 12.—The Ger-
man admiral demanded of the insur-
gent Admiral da Gama the payment of
an indemnity for the seizure of a light-
er, which was flying the German flag,
and also for firing upon a German
steam launch. The lighter, at the
time it was seized, was lying along-
side the German steamer Catania.
Admiral da Gama is said to have ac-
ceded to the demands of the German
admiral.

The report of a battle near Savandia
in Brazil is confirmed. The rebels
were routed with great loss. More
than 400 were killed, including many
officers.

A BOXER FATALLY INJURED.
Most Serious Outcome of an Amateur
Match in Chicago.

CHICAGO, March 12.—At the Chicago
Athletic club last night A. W. Crane,
a local boxing celebrity, engaged in a
friendly bout with Mike Sullivan, a
young railroad clerk, and as a result
of the contest Sullivan lays dying in
the operating chair in a West side
physician's office.

Postoffice Appointments.
WASHINGTON, March 12.—The com-
mission of 111 presidential postmasters
will expire during this month and
about 130 more will expire in April.
Exactly 999 ended during the last
three months as follows: December
473, January 351 and February 176.
Of these 275 or 300 have not yet been
acted on, although practically all have
been taken under consideration by
the postmaster general. In twenty-
two cases where commissions expired
in December and forty in January on
recommendations for filling the
vacancies have been sent to the presi-
dent.

A Princely Gift From Phil Armour.
SAN FRANCISCO, March 12.—It was
learned to-day that Philip D. Armour,
the Chicago philanthropist, will leave
\$500,000 to the San Francisco public
schools for the establishment of a
manual training school in which to
teach boys trades. This generous
endowment of a trade school is to
serve as a memorial of his early suc-
cesses in California in the pioneer
days when he made the money which
served as a nucleus to his fortune. He
and Dr. Gunnsauls have been especial-
ly interested in the work done at
Stanford university.

Seven Thousand Workmen Strike.
NEW YORK, March 12.—Nearly 7,000
persons are now on strike in Paterson,
N. J. The flax workers have joined
the silk weavers in their demand for
higher wages. Almost all the em-
ployees of the Barbour flax spinning
company went out. The streets were
crowded last night with strikers. The
police dispersed every crowd that
gathered.

A Meteor Falls in Kansas.
ATCHISON, Kan., March 12.—A large
meteor fell at Oak Mill at 11 o'clock
this morning. It was very bright, re-
sembling a sun as it came down. The
farmers for miles around saw it. They
are searching for it this afternoon.

A Millionaire Insane.
NEW HAVEN, Conn., March 12.—
Hoadly B. Ives, a millionaire of this
city, one of the most influential finan-
ciers in Connecticut, became insane
yesterday afternoon. He is more than
80 years old and is said to be worth
from \$3,000,000 to \$5,000,000.

HAWAIIAN NAVAL ORDERS.
SECRETARY HERBERT EX-
PLAINS THEM.

BOUTELLE'S RESOLUTION ANSWERED.
They Were Placed Under Special Com-
missioner Blount's Control in Order
to Prevent a Conflict of Authority,
and at the Request of Presi-
dent Cleveland—Numerous
Precedents Pointed Out.

WASHINGTON, March 12.—Secretary
Herbert has made response to the
Boutelle resolution adopted by the
house calling on him to state his
authority for issuing instructions plac-
ing the armed naval forces of the
United States and the use of
its ensign under the orders and
control of Special Commissioner
Blount at Honolulu March 11th, 1893.
The substance of the answer is that
the action was necessary to prevent a
conflict of authority, and that the
secretary's authority for issuing the
order was the president—the com-
mander-in-chief of the United States
army and navy. A number of preced-
ents for this action are cited.

The secretary says that in order
that no conflict of authority should
arise with reference to the disposition
of the United States naval forces at
Hawaii, but that such forces should
be employed in entire harmony with
and in support of the policy of the
diplomatic branch of the govern-
ment, and in order that the special
commissioner appointed by the
president might, in the
discharge of the important duties
entrusted to him, be aided by the
fullest co-operation on the part of
the naval branch of the government,
it was deemed proper to direct that
Rear Admiral Skerrett should consult
freely with Mr. Blount and should
carry out any instructions given him
in regard to the course to be pursued
by the United States naval forces at
the Hawaiian islands.

The secretary gives a number of
precedents for his action beginning in
1823 and running down to 1881. In
1823 the United States ship Enter-
prise was sent to Porto Rico and the
commander was to "regulate his opera-
tions by the advice of Thomas Ran-
dall, agent of the government." During
the Mexican war Nicholas Trest, an
agent of the state department was
clothed with power to arrange for a
mutual suspension of hostilities, and
Commodore Perry was instructed
not to relax the rigor of his opera-
tions in Mexico, "unless he remained
in Mexico, unless he directs you to
suspend them." The order was
complied with. In 1869 General Bab-
cock went on board the United States
ship Albany to San Domingo and the
commander was directed to conform to
all General Babcock's wishes and
orders. In 1870, Lieutenant Com-
mander Bunce had similar orders. In
1881 during the Chili-Peru war, Rear
Admiral Balch was directed to be
governed as far as possible by the
wishes of William Henry Trescott, of
the department of state, special envoy
extraordinary and minister plenipo-
tentiary.

THE SUGAR INVESTIGATION.
Peffer Will Press It Unceasingly De-
spite "Senatorial Courtesy."

WASHINGTON, March 12.—Senator
Peffer's resolution to investigate the
charges against his brother senators
of speculating in Wall street on their
inside knowledge as to the action of
the senate finance committee on the
sugar feature of the tariff bill will not
come up till Monday because the sen-
ate adjourned yesterday afternoon to
that day, but if the Kansas statesman
has any power at all it will be taken
up then and be made the subject of a
discuss by him. He declares that he
will press it unceasingly until the sen-
ate go on record in regard to it and
he says that "senatorial courtesy" will
not count with him. The resolution
in full is as follows:

Whereas, It is charged in many of the most
influential and widely circulated news-pa-
pers of the country and from them copied in
the rural press that some one or more mem-
bers of this body were actively participating in re-
cent transactions on the New York stock ex-
change relating to the purchase and selling
of shares of stock in an organization known
as the Sugar Trust; and
Whereas, It is alleged in said newspapers,
and it is being so copied in the rural press,
that the said members of this body in their
own personal interest and for their own selfish
purposes made use of knowledge and informa-
tion procured through and by their official re-
lations as senators, in influencing prices of
shares in the Sugar Trust, of the stock ex-
change in the transactions aforesaid; and
Whereas, It is alleged further in the manner
before mentioned and in being so circulated
among the people that the said senators, did
by reason of their transactions aforesaid, acquire
large gains and profits, and
Whereas, The gravity of these charges and
allegations is sufficient to require that they be
fully, impartially and promptly investigated to
the end that the truth concerning them be
ascertained, and made known and the honor
and dignity of the senate be preserved there-
fore be it:
Resolved, That a select committee of five
members of the senate be appointed by the
presiding officer whose duty it shall be to pro-
ceed without unnecessary delay to make a
thorough investigation of said charges and all
of them and report the testimony and evidence
and their conclusions thereon, at an early
date as practicable, via mail, to the com-
mittee of the senate, and thereafter said
committee shall have power to administer oaths
and perform all other duties usually en-
trusted in committees of this character and
to employ a clerk, messenger, and stenog-
rapher. The meetings of said committee
shall be held in one of the committee rooms of
the capitol building, or in some other suitable
room in a building belonging to the govern-
ment to be set apart temporarily for this
purpose and properly supplied with furniture,
stationery and other conveniences, by the
sergeant-at-arms provided, that in case
the committee shall be of the opinion
that it would be conducive to a
more complete and satisfactory examina-
tion of any relevant or material matter con-
nected with the transactions out of which the
investigation has arisen, that the full com-
mittee or a sub-committee thereof, may be
sent to New York, such visit may be made.
The necessary expenses of said committee
shall be paid out of the contingent fund of the
senate on the usual vouchers.

In the house of representatives Me-
Rae of Arkansas, has introduced a bill
to prohibit the payment of a bounty
for the production of raw sugar and
to put refined sugar on the free list.
