Alliance Men.

THEY SPEAK PLAIN TO CONGRESS.

An Address Which Recites the Situation of the Country-Compares It With the Past and Asks Relief. requested to send each member of the

Meeting of National Executive Committee.

The Supreme Council of the National Farmers' Alliance and Industrial Union the recognized state organs. in session at Topeka, Kansas, February 6th to February 10th, instructed the by the committee to be submitted to National Executive Committee to hold the House of Representatives of the its spring meeting in Washington city to carry out certain instructions from that bedy and to astend to certain un-Committee of Labor, recommending finished business before the Supreme the appointment of a congressional Council at the hour of its adjournment. committee to investigate the cause of

Under call of President Butler, a com the present industrial and agricultural mittee met in Washington city on depression: Wednesday, May 9th. The following members of the committee were present: Marion Butler, chairman ex officio; H. C. Demming, secretary of the committee: and I. E. Dean, of New York. Brother Mann Page, of Virginis, arrived the following day. Brother H L. Loucks was unable to be present. Brother D. P. Duncan, National Secretary-Treasurer, was with the committee during its deliberations. The minutes of the meeting of the Executive Committee held in Topeks, after the adjournment of the National Alliance, were read and approved.

Brother H. C. Demming, who was lous economy has come upon them, the ever-increasing hosts of unemployed appointed by the Executive Committee at Topeks to sudit the books of the Alstreets and thoroughtares, the vast amount of idle machinery seen on every liance Aid and report at next meeting of the Committee, laid his report before the body. Upon motion a consideration of the report was postponed for | filling the shelves of our merchants or the present.

lent yet conclusive testimony. That the producing classes are industrious Upon motion a special committee was appointed, consisting of Brothers Page, Dean, and Duncan, to go over the proceedings of the Topeka meeting and report the matters delegated to this clares. Yet in the face of hard toil, rigid economy and this abiding test of committee by that body. Upon the committee's report the following action was taken:

The Secretary was instructed to correspond with all of the labor organizations in the United States, inviting action on the ir part to carry out the recommendations of the Supreme Council part fully and well. But the more they ommendations of the Supreme Council isbor the less remuneration they re-as adopted at the afternoon session of ceive, and the more they bring to mar-February 7 at Topeka. The last supreme Council ordered that the National dues shall be five cents semi-annually, payable in advance on the first day of January and July of each year. She official proceedings, page 47, Sec 22.

A School of the Kingdom.

A Summer School of Applied Christianity will be held at Iowa College, beginning the morning of the 27th of June and closing the evening of July 4, under the auspices of the department of Applied Christianity in Iowa College and the American Institute of Christian Sociology. It will be a school for study concerning the kingdom of God, and the ways and forces for realizing that kingdom in a Christian social order.

The school differs from the populat summer assembly. It aims to bring together only such as are deeply and righteously interested, or are seeking to be interested, in the study and solution of social and political problems in the light of the gospel of Christ. It offers and would have no other attrac tion than the best thoughts and divine messages of a group of carnest men the volume of gross production is suffi-cient proof; and that the promises of a whose lives are dedicated to procuring for society the rightcousness of the kingdom of God. The school means to attract only serious men and women, God's bounty, many (altogether to) who are willing to give strict and faith-many of our people) stand in hunger and in rags smid bursting granaries and ences. The brevity of time, eight ences. The brevity of time, eight days, and the number and importance of the themes discussed demand purpose and concentration from those who attend It is the idea of its conductors that this conference be a school of the

GAVE FALSE FIGURES.

Testing Machine Used by the Carnegie Company So Manipulated.

WASHINGTON, June 11.-Lieutenant Albert Ackerman of the United States navy was heard yesterday by the nouse committee on armor plate trauds. He was one of the naval board which investigated the first charges of fraud. He told the inves-tigation of the second or supplemental harges. This testimony developed a new branch of irregularity as to the nanipulation of a testing machine used by the Carnegie company. The machine was operated so as to give false figures. Disclosures were also made as to sericus defects in two plates of the Monterey, and one in the Machina. Lieutenant Acker-man said blow-holes were a positive defect and could be avoided. In this opinion his statement differed from that of other naval officers. The witness described the blow-hole in the thirteen-inch armor of the Monterey. A wire four feet long had been in-serted in the hole.

Chairman Cummings read from the testimony of the second investigation to the effect that one of the workmen had been discharged at the suggestion of one of the government inspectors. Members of the committee commented on this testimony, stating that it in-dicated confidential relations between the Carnegie company and the naval inspectors.

TEXAS TRAIN ROBBERS.

Attempt to Rob & Santa Fe Passonger Train-One Bandit Badly Wounded

GAINESVILLE, Texas, June11 .- This city is in a fever of excitement over an attempt to hold up and rob the north bound Santa Fe passenger train by four men who boarded the train here.

Three policemen and one deputy marshal who were on the train commanded the men to throw up their hands. The outlaws opened fire and for five minutes an exciting battle waged during which the bandits scattered.

One robber was found to be mortally wounded. He gave his name as Arthur Oring, aged 24 years. The wounded man is in jail but refuses to talk.

TAYLORS IN THE OZARKS.

Murdenys of the Meeks Family Se Near Forsythe.

SPRINGFIELD, Mo., June11 .-- A timber cutting case before United States Commissioner Silsby, yesterday, brought out the information that the Taylor brothers, the murderers of the Mecks family, near Browning, were near Forsythe, Taney county, last week. District Attorney Walker found by close questioning a witness in the timber cutting case that the Taylors came there last week heavily armed, and were with relatives a few days. They had \$30,000 with them. They are cousins of George L. Taylor, who was arrested two years ago for leading in the assassination of George Williams, jailer at Forsythe, and lynching of John Wright, a prisoner

ganizations.

A committee, consisting of Brothers Butler, Dean, and Dancan, was appointed to meet a committee of the Knights of Labor and other organizations at St. Louis on June 11, as per the communication of Grand Master Sovereign. (See official proceedings.)

The Secretary of the committee was further instructed to correspond with the odicials of all other farmers' organizations for the purpose of securing the next annual meeting of the several organizations in the same place and at and more than 50,000 commercial failthe same time.

Pursuant to instructions of the Supreme Council the committee proceeded to consider the question of establishing but the steady growth of many years. a National organ; which resulted in the adoption of the following resolu- creasing tide of want, misery and distions:

Resolved. That the President of the National Farmers' Alliance and Indus tilal Union is hereby instructed to secure a list of all the official State Farmers' Alliance organs, and to furnish the official organs of each State Alliance that are under the control of the state officers, with such no'ices as may be sent out by the Executive Committee or any other National officers; and said organs to publish such notices without charge.

Resolved, Second, that the proposition of Brother N. A. Dunning to give the National Executive Committee an official department in The National Watchman, to be edited by the Nation al President, and for the publication of notices by the committee and other National officers be temporarily accepted.

The question of establishing a National organ was postponed for the the cause that . olde.d the p. present, and the above action taken in lieu thereof.

After fully considering the question of the summer encampment, the committee resolved to instruct the summer encampment committee to endorse and recommend summer encampments to be least two or more for the sen nut to a held in one or more of the states, and year under the auspices of the National Encampment Committee.

Alliance having instructed the Execution and course at a nitional of Political Economic discourse of those at a nitional of Political Economic discourse of the secret work of the order, upon motion of Brother Demming that a committee, with the President as chairman, be appolated to revise the secret work, the and also to consider a recommendation the organization: to the various states and for the apportionment, collection and payment of the executive committee to be not will an a National dues, the following committee five. was appointed: Brothers, Butler, Dem- Second-Fonuth 's with a . . ming, and Dean.
