THE OUTLAW GANG STILL MUR-DERING PEOPLE.

#### JAYLIGHT HOLD-UP. BROAD

They Stand Off a Big Crowd, Kill a Man in Cold Blood and Ride Away-Bill Cook's Famous Sister Luiu Arrested.-The Gang Said to Be on the Way to Coffeyville, Kansas.

WAGONER, Ind. Ter., Nov. 12 .-Another broad daylight hold-up and cold-blooded murder was added to the list of crimes in the Indian territory yesterday. The scene of the latest outrage is Lenapah, a small place of about 200 inhabitants, seventy miles west of here on the Iron Mountain road. At noon yesterday two well-mounted and armed Indians rode up to the store of J. Shufeldt & Co., which is the only store of any consequence in the place, being also the postoffice. Dismounting, the outlaws walked in and, covering the crowd inside with Winchesters, ordered all hands up. They compelled the proprietor to hand over the funds, including \$100 postoffice funds, and then proceeded to search all the assembled crowd, altogether obtaining about \$200.

During the robbery a painter named W. E. Melton, supposed to be from Paris, Texas, who was in a room adjoining the store, hearing the noise, stepped to the door to ascertain what rebbers then mounted and rode out about a mile, where they stopped and for some minutes watched the excited inhabitants then mounting they started in an easterly direction. When out about four miles from town they met an old lady who recognized them as Cherokee Bill and Jim French, two of the worst men in the Bill Cook gang. Cherokee Bill dismounted and made her promise that she would not reveal their identity upon pain of death, but as soon as she reached town she gave them away. This explodes the re-ports that the marshals have the entire gang of Cook outlaws surrounded near Muskogee, there being no doubt of the identity of these two, as the old lady has known them both from childhood. A train having some marshals and horses en route for Claremore was standing at this station— Wagoner—when the news was re-ceived, and immediately pulled out

A report says that the bandits are headed for Coffeyville, which is only fifteen miles from Lenapah. That place is the scene of many tragic rob-beries, and the police department, them in the same way they met the Daltons two years ago, when almost the entire band was wiped out. Bill Cook's famous sister Lulu ar-

rived at Muskogee yesterday morning in custody of Deputy Marshal Oliver She was captured in Tablequah. Her brother Jim was present at the arrest, and after tearing up the warrant, which he grabbed out of Dobson's belt, he looked into the muzzle of Oliver's six-shooter and in a passion-weighted voice, he ex-claimed: 'Oliver Dobson if I aveget free, I swear I'll kill you on sight; you are taking Lulu away from me, and I'll kill you."

#### LABOR LEADERS JUBILANT. Attorney General Oluey's Reading Rail-

road Letter Causes Much Joy.

PHILADELPHIA, Nov. 12.—The letter from Attorney General Olney read in Judge Dallas' court Thursday caused more of a stir than any other event since the Chicago strike. Labor leaders openly boasted that the letter carried with it the support and sympathy of the entire Cleveland administration, and they will use it for all it is worth. One of their first steps is to have 500,000 copies of it printed for distribution all over the country .

At the Reading office President Harris contented himself by saying that his corporation would abide by the decision of the court, no matter which side won, and that neither the Olney letter nor any other influence would in any way affect their future treatment of their employes.

### Love Found a Way.

CARTHAGE, Ma., Nov. 12 .- While the Rev. R. E. L. Jarvis, pastor of the South Methodist Episcopal church at Monett, was on his way here Wednesday morning to be married to Mrs. Fannie E. CHINA AND AMERICA.

The Minister and Secretary of State Gresham Conferring.

WASHINGTON, Nov. 12. - The Chinese minister here had a long conference with Secretary Gresham yesterday morning. This was one of several conferences held within the last 'en days.

The Chinese minister is acting

under the first article of the treaty of

1848; it pledges the United States in case China is oppressively or unjustly treated by another power, to use its good offices to arrange the difficulty. It is similar in scope to the first arti-cle in the treaty with Cores which led Secretary Gresham at the begin-ning of the trouble to write the note to United States Minister Dunn at Tokio relative to the Japanese occupation of Corea. The matter was laid before the president, who has had it under consideration for a week or more. As the United States representations in the case of the occupation of Cores had little effect, there is no reason to suppose that a different result would follow an attempt to use good offices in favor of Chi-na. If the Chinese government desires the United States to present peace proposals to Japan as arbitra-tor this may be done through Minis-ter Denby, but it is felt here that the better way would be for China to submit her proposals directly to Japan, when it would be entirely within the bounds of propriety for the United States to express the gratification it would feel as a nation friendly to both to see peace arranged on honor-

#### DUN'S BUSINESS REPORT.

Result of the Elections Expected to Give it a Sharp Stimulus.

NEW YORK, Nov. 12.-R. G. Dun & Co.'s Weekly Review of Trade says: Business has been waiting the was going on. One of the robbers, seeing his head and thinking that Melton was preparing to shoot, turned his Winchester, took deliberate aim and shot Melton in the head, killing him instantly. The better.

In the speculative markets there has been scarcely any movement and nothing favorable to holders. Wheat is two cents higher, but with receipts of only 3,545,032 bushels, against 6,593,477 the same week last year, there is little encouragement, because stocks in sight are far beyond all previous records.

Cotton has declined 1/2 to 5% cents, which is again the lowest price ever recorded and appears to mean a definite decrease in production here-after, as in most of the Southern states the prices now realized are not remunerative. For the present the stocks here and abroad are large enough to kill any speculation.

Scarcely anything is doing in woolen goods for spring delivery, and the demand for fall and winter goods has pearly discovered.

has nearly disappeared. In general it is believed the spring orders thus far are not more than half the usual quantity.

#### SOUTHERN FOREST FIRES.

Destructive Forest Fires Raging in the

MEMPHIS, Tenn., Nov. 12.-Forest fires are raging in West Tennessee and Eastern Arkansas and a cloud of smoke has settled down over the city and surrounding country like a fog. Last night it was so dense on the river as to prevent the boats from running.

Passengers on the steamer Lady Lee bring terrible tales of losses and and suffering from the fires on both sides of the river north of here. In Mississippi county, Arkansas, several plantations have been devastated and the tenants left homeless. The flames are fanned by a stiff wind and when last heard from were spreading in every direction.

### Negroes Off for Liberia.

BIRMINGHAM, Ala., Nov. 12 .- A comce of thirteen negro ministers, appointed by 4,000 members of the International Migration society to go to Africa to arrange for the colonization of the negroes of the South in that country, left here yesterday for Liberia. The first cargo of 500 leaves early in December. The Liberian congress will welcome them and the president of that country has written letters to promoters of this important scheme here urging the negroes to come.

#### INDIGNATION MEETINGS ARE HELD.

City Officials Impugned and Held to Have Connived at the Lawlessness That Took Place on Election Day -The Civic Eederation to do Some Vigorous and Lively Shaking Up.

CHICAGO, Nov. 12. - The murder of Gus Collander, by a gang of toughs while watching the counting of ballots in the Ninth precinct of the Twenty-third ward last Tuesday. caused indignation meetings in nearly every ward of the North side last night to protest against election day outrages, and to pledge united action in avenging the death. At each meeting resolutions condemning the brutal murders and assaults and the men in office who were responsible for them, were adopted. Fervid speeches, demanding retribution both in the courts and at the polls, were made and applauded by Democrats and Republicans alike.

The facts brought to light by the police show that the Market street gang, otherwise known as the "O'Malley gang," had formed a deliberate plan not only to sieze the ballot boxes of several precincts, but to kill the judges and clerks if necessary. It is known that the members of the gang, all of whom have more or less unsavory records, held a number of meetings in the rear of a Market street saloon.

The Record, Independent, to-day

"There are indications that men of influence and city officeholders were in communication, if not in direct collusion, with the gang; that they had promised its members immunity from police interference and that they had paid the livery bills for the carriages that were used both before and after the murder of Collander. If the facts which were hinted at can be proved the case will furnish most sensational developments and the names of persons high in office will be dragged into it.

"It is also evident that the brayado of the gang is not yet broken. Its members who are still at large and relying on the promised protection have shown their hands several times by appearing to threaten the lives of men who are supposed to have inside information as to their doings.'

The Civic Federation has already gone vigorously into the work of prosecuting the gang. It began to collect its evidence yesterday and no effort will be spared to convict those who are guilty. No warrants will be sworn out, however, until the police have done what they can toward finding the men wanted. Inspector Schaack says he is perfectly willing and turn them over for prosecution. He thinks the great difficulty will be getting the necessary identification of the men who were implicated in the murder of Collander, although it will be a comparatively easy matter to pick out the ones who were concerned in the riots at the other polling places. "They are all slippery criminals," he said, "they have been all over the country and served their time in a number of penitentiaries and it is correspondingly difficult to locate them."

The Inter Ocean (Republican) today contains grave charges of connivance at the election day outrages by Inspector Schaack and Police Captain Gibbons.

### TALK OF A NEW PARTY.

Silver Men in Colorado Maturing Plans to Capture the Country.

DENVER, Col., Nov. 12.-The silver men of Colorado and other mining states are maturing plans, it is said, for launching a "silver party." They will co-operate with the bimetallists of the South and East, and a call will soon be issued for a meeting to effect an organization.

### Contests I. Texas Districts.

Austin, Texas, Nov. 12 .- The congressional election in the Thirteenth district is in doubt and will require the returns from all the counties to settle. The Republicans and Populists will contest Sayer's election in the Ninth district on the grounds of intimidation and gross irregularities in Washington county, which gave Sayers over 1,000 majority, and because of the use of whiskey and irregularities in Travis county. Rosenthal, Republican, will contest Crows-ley's election in the Galveston district.

### A Tie for an Indiana Office.

INDIANAPOLIS, Ind., Nov. 12 .- Jonathan Keith and John F. Goodman of Knox county, the Republican and Democratic candidates respectively for prosecutor of their county, raced to Indianapolis over different railroads to get the governor to decide which was elected. Each received 2,915 votes. Their case will not be decided for several days.

The Kansas Y. M. C. A. Convention. OTTAWA, Kan., Nov. 12 .- At to-day's sessions of the Kansas Y. M. C. A. convention two Japanese students from Baker university and four Indians from Haskell institute were present Among the leading speakers to-day were A. M. Brunner, assistant secretary of Illinois, and S. C. Dougal. physical director at Topeka. CONGRESS WILL DO LITTLE. The Coming Session Not Likely to Re-

suit in Any Good Legislation. WASHINGTON, Nov. 12.—The session of congress which will open December 5 is not expected by those familiar with congressional methods to be productive of much legislation. The facts that it will last for only three months, that it will be the last session of the congress and that it so closely follows a general elec-tion are all considered as indicating that comparatively little real work will be attempted and still less ac-complished. The greater part of the session will in all probability be confined to an exchange, of chaffing over the results of the election.

It is probable that next to nothing will be done before the Christmas holidays and predictions are freely made that it will be difficult to obtain or maintain a quorum previous to that time. After the holidays there will be but two months left for work and speechmaking. It will, of course, be necessary to pass the usual appropriation bills, but little else is

expected.
When the last session adjourned the measures attracting the most attention were the supplemental tariff or free raw material bills. They passed the house and had been favorably reported to the senate with material amendments by the senate commit-tee on finance. While a majority of the Democratic senators are friendly to those bills, there is a considerable element in the party opposed to their consideration as are practically all the Republican senators, and these will be able to prevent favorable con-sideration of these bills because of the short session. They also claim that if a vote should be reached there will be a majority against them. It should be stated, however, that there is a division of opinion among the opponents of the free sugar bill and that some Republicans and some conservative Democrats have expressed a willingness to allow this bill to become a law, but the best indications are that the fate of the bill will be determined by the fate of the others of the same class.

There is little doubt that the silver question will be raised in some form, but the probabilities are that there will be no serious united effort on the part of any considerable element to push silver to the front. The more general opinion is that silver will be reserved for the long session of Congress so as to make it an issue in the presidential campaign of 1896.

#### MISSOURI'S LEGISLATURE. It Is Safely Republican on Joint Ballot

by Ten.

JEFFERSON CITY., Mo., Nov. 12 .-The results of Tuesday's election as bearing upon the next Missouri legislature, as obtained from the most reliable unofficial information, show that of the thirty-four senators, eighteen will be Democrats and sixteen Republicans, this estimate conceding the defeat of the Twentyfourth district Democrat, which is not yet certain. The house will stand: Democrats, 62; Republicans, 76; Populists, 2. These figures can hardly be changed by official canvasses. In the Second district the elected Republican senator has been found to be disqual-His Democratic opponent re fuses to take the seat, though the law allows him to, and a new election will be held.

### THE MISSOURI DELEGATION.

It Will Consist of Ten Republicans and Five Democrats.

St. Louis, Mo., Nov. 12.—Complete returns from the hitherto doubtful Second and Ninth congressional districts of Missouri show the election respectively of U. S. Hall, Democrat, by 1,683 plurality, and William Treloar, Republican over Champ Clark by 122 plurality.

On the face of the returns the Republicans have carried the First, Fourth, Seventh, Eighth, Ninth, Tenth, Eleventh, Thirteenth, Fourteenth and Fifteenth districts, while the Democrats have been successful only in the Second, Third, Fifth, Sixth and Twelfth.

### A Place for Mr. Wilson

WASHINGTON, Nov 12 .- There is renewed gossip as to resignation by Olney and the receipt of the justice portfolio by Mr. Wilson, but plausible as it is by reason of Olney's dislike of his office, reports of his resignation have been so frequent that only a notary's certificate can give late rumors a passport to belief. It is certain, however, that Mr. Wilson will receive the tender of some appointment adequate in importance to the station he fills in the public service.

Holcomb Elected in Nebraska.

OMAHA, Neb., Nov. 12 .- Complete returns have been received from all but five counties in the state. They show a plurality for Holcomb (Fu sion) over Majors, Republican, of 2.000. The five counties to hear from wili increase Holcomb's plurality by about 2,000

Intervention of the Powers Said to Be Bearing Fruit-A New Jap Secces LONDON. Nov. 12.-It is said that

the powers have urged China to negotiate for peace directly with Japan and that they have secured Japan's promise to meet the overtures in a benevolent spirit.

Against this, however, comes the report to the Pall Mall Gazette from

Cheefoo that the Japanese have cap-tured Port Arthur, and the further report that the Chinese men-of-war remaining outside of Port Arthur have been ordered to attack the Japanese fleet that is blockading that port and preventing the egress of a number of Chinese warships now lying there.

General O. O. Howard, Retired. WASHINGTON, Nov. 12.-Brigadier General Alexander McDowell McCook has been appointed major general of the United States army, vice General Howard, retired, and Colonel James W. Forsythe of the Seventh cavalry has been promoted to brigadier general to succeed McCook.

Denver Without Proper Protection. DENVER, Col., Nov. 12.-The police and fire board has decided to dissolve the entire detective department and discharge half of the police force and half of the present fire department. Chief of Police Behmeyer stated that while he had no official notification in regard to the matter it could be stated that his whole department had been abolished. Chief de Lue of the county detectives will arrange his force to patrol the city.
