

had very poor crop prospects. The frost injured them very much, and it is still dry. Illinois is not much better off.

The Topeka Advocate is right in saying, "There is no proposition in our platform that plutocracy so much fears as the public ownership of public utilities the abolition of land monopoly and the establishment of government banks; and upon no other line will we find the enemy stronger entrenched. We can not draw in our lines if we would. The fight is on and it must proceed to finish. A contraction of our lines would be an abandonment of the field and the surrender of advantages that it would require years to regain."

It is comparatively easy to criticize, as the Bee criticized Mr. Gaffin and Governor Holcomb in the settlement with Dorgan, as directed by the legislature. But so far as we know there is no good reason to doubt that it was an honest appraisal and a fair valuation. Certainly the character of Mr. Gaffin is above reasonable question. He has our perfect confidence. Governor Holcomb could not have appointed a better or more competent man to do the work than Hon. James N. Gaffin.

The Republican League never before questioned the right or expediency of putting forth a platform. It will be remembered that the Nebraska League of clubs adopted a platform at its last meeting. But at Cleveland it suddenly became dumb and could not, dared not say anything. The Springfield Republican of Massachusetts, independent of all parties and one of the ablest and truest papers in the nation, considers the fear of the young Republicans "extremely funny."

"PROTECTION is still the great principle of the Republican party," says the Chicago Inter-Ocean. Yes, protection of the Standard Oil Trust, the Sugar Trust, the Stock Yards Trust, the coal barons' combine, the lumber monopolists, the iron kings, the Linsend Oil Trust, the Cotton Seed Oil Trust, etc., etc., etc., etc., etc., etc. And the Democratic party supports invariably the same "principle," the same plunderers.

SENATOR THURSTON says Nebraska will be carried by the Republicans in 1896 by 50,000 majority. But Rosewater, who knows more about it says, "Nebraska is a debatable state and Republican success will depend upon the character of the nominees on both national and state tickets and the principles enunciated by the national and state platforms." He says further that it is idle to talk of the Republicans carrying by even 10,000 majority.

THE Commercial Club of Omaha in banquetting and praising Governor Holcomb seems to have recovered a little business and political sense. Business men who care for justice, who do not thrive by oppression, have nothing to fear from Populist governors and legislatures. The Populist party placed in complete power would make laws which would prevent periodical hard times, dullness of trade and falling prices, which ruin so large a proportion of business men.

THE Northrop loom is a new invention thus described: "Its shuttle makes 200 flights per minute and travels at the speed of 12 feet per second. One weaver can tend more than 16 looms and turns 4,800 yards of cloth per week, all for the benefit of the few capitalists who have the machine." More than half of the weavers will be thrown out of work by it. The textile capitalists in 1831 had a capital of \$40,000,000. In 1890 it had risen to \$354,000,000.

THE Iowa bankers have met in Stat-Association and declared for the gold standard. What the money loaning class want the people do not want. Their interest is to obtain the greatest amount of interest tribute and purchasing power for their dollars and notes. The people's interest is opposed to this. The interest tribute must be reduced. The Omaha platform provides that it shall be reduced to "not to exceed two per cent."

Dr. McKay, the democrat appointed superintendent of the Norfolk insane asylum, is raving again. The Dr. is where he should be, that is, in the insane asylum; but he should be there as a patient, not as superintendent. It is to be hoped that his appointment was a mistake of the head, and not of the heart. The people of that district have our sympathy.

CHICAGO has just borrowed \$3,000,000 at 4 per cent of London bankers. Gold bonds were given. The \$3,000,000 was subscribed several times over. Now why could not our national government have bought those bonds and issued Chicago greenbacks that would have served the city every purpose that London gold or exchange would.

Why did not the National League of Republican clubs declare for "honest money," "sound money?" Afraid of the people, wasn't it? Neighbor Republican, what do you think of such cowardice?

A FATAL JAIL DELIVERY.

CHIEF OF POLICE AND MURDERER KILLED AT OKLAHOMA CITY.

SEVERAL MORE WOUNDED.

Desperate Running Battle in the Streets—Two of the Prisoners Make Good Their Escape—They Are Noted Desperadoes and Their Capture Is Certain, When They Will Be Lynched.

OKLAHOMA CITY, Ok., July 2.—As the result of a jail delivery at this point at 6 o'clock yesterday afternoon, two people are dead and several are wounded more or less severely.

When Jailer Garver entered the corridor of the jail at the usual time to lock the prisoners in their cells, Vic Casey, Robert Christian and William Christy made a savage onslaught on him with weapons they had managed to secrete. He was struck a terrific blow over the right eye and knocked insensible.

The prisoners dashed over his body and away to freedom, scattering the people off the crowded streets and keeping at bay their pursuers with a rapid discharge of revolvers, which, in some mysterious manner, they had obtained. Vic Casey jumped into a passing vehicle containing a man and a woman, and at the point of a pistol compelled them to jump out. Almost before they had time to obey his command Chief of Police Milt Jones opened fire on the escaping prisoner, who promptly returned the fire.

A perfect fusillade then took place between the two Christians, Casey and several officers, in which Casey and Officer Jones were instantly killed, one man shot through the leg and a woman slightly wounded by a spent bullet.

One of the Christians then mounted the dead officer's horse, while the other compelled a man to get out of a buggy and drove furiously out into the country, closely pursued by a posse of infuriated citizens. Bloodhounds were brought into requisition, and there is but little doubt that they will be captured. Should they be caught, a double lynching will surely follow.

Vic Casey was 19 years old. He killed Deputy Marshal Sam Ferris at Yukon, Ok., last summer. He would have been released on bond to-day. Bob and Will Christian were noted thugs and desperadoes, and were confined on the charge of killing Deputy Marshal Turner of Tecumseh, Ok., some several months ago.

Bold Visit of a Desperado.

HENNESSEY, Ok., July 2.—Dick Yeager, the notorious Oklahoma outlaw, rode boldly into this place last evening, made some purchases and rode eastward again, being joined by two horsemen on the outskirts of town. No attempt was made to capture him although he was known.

KEEP IT BEFORE THE PEOPLE

Keep it before the people— That the earth was made for man! That flowers were strewn, And fruits were given, To bless and never to ban; That sun and rain, And corn and grain, Are yours and mine, my brother! Free gifts from heaven, And freely given, To one as well as another.

Keep it before the people— That man is the image of God! His limbs or soul, Ye may not control With shackles, or shame, or rod! We may not be sold For silver or gold; Neither you nor I, my brother! Freedom was given By God from heaven, To one as well as another!

Keep it before the people— That famine, and crime, and woe, Forever abide, Still side by side, With luxury's dazzling show; That luxury crawls From Dives' halls, And starves at his gate, my brother! Yet life was given By God from heaven, To one as well as another!

Keep it before the people— That the laborer claims his meed: The right of soil, And the right to toil, From spar and bridle tread The right to bear And the right to share With you and me, my brother! Whatever is given By God from heaven, To one as well as another! —J. H. Dugan.

Mrs. Craigie (John Oliver Hobbs) Makes Charges Against Her Husband.

LONDON, July 2.—A preliminary application was made before Sir Francis Jeune to-day in a suit for judicial separation brought by Mrs. Craigie, the brilliant American, whose novels, issued under the nom de plume "John Oliver Hobbs," have a wide circulation and a public esteem perhaps not equaled in England since Dickens. She asks also for the custody of the one child of the marriage. Mrs. Craigie is the daughter of John Morgan Richard, formerly of New York, but for several years in business in London.

He is understood to have a large income, and his daughter lives with him in a large house in Lancaster Gate, where they entertain lavishly. She is a favorite in London society, among her intimate friends being the Duchess of Teck, the mother of the Duchess of York, who often makes Mr. Richard's home her stopping place when coming up to London for the night. Mrs. Craigie was married to an Englishman eight years ago, and separated from her husband, who is an official in the Bank of England, within the year. Under the British law she is entitled to the custody of her child until he is 7 years old. As he is now arriving at that age, she institutes suit to secure charge of him until he is 21, as her husband has notified her that he intends to claim him forthwith. The grounds on which Mrs. Craigie relies for separation are understood to be of a painful character.

LATEST FROM HAWAII.

Senators Opposed to Mr. Castle for Minister to This Country.

SAN FRANCISCO, July 2.—According to mail advices by the steamer Australia from Honolulu, June 20, the senate met and indorsed all the appointments made by President Dole, with the exception of W. R. Castle, the new minister to the United States. The opposition to Castle was headed by Senator McCandless. The matter was finally referred to the committee on foreign affairs. Although the committee had not made its report when the steamer sailed, it was understood that it would recommend Castle's confirmation.

In the event of adverse action by the senate on Castle's nomination, Frank Hastings, present charge d'affaires at Washington, will not likely be named as minister. The probability is that H. A. Hosmer will be chosen. He is president of Oahu college, and was a member of the advisory council. The opposition to Castle is backed by the Star, an evening paper of Honolulu. There are no charges against Castle, it being simply stated that he is unpopular with the masses.

In Waller's Interest.

LEAVENWORTH, Kan., July 2.—Colonel J. H. Gilpatrick, of this city, a leading lawyer, left for Europe yesterday. He will make thorough investigation of the arrest, conviction and imprisonment of John L. Waller, ex-consul of Madagascar. Waller formerly lived in this city and was once nominated on the Republican ticket for county clerk. Later he taught school and he was also a guard at the Kansas state penitentiary. The negro people of Leavenworth held a public meeting in Waller's interest, and Colonel Gilpatrick, who commanded a negro regiment during the war, readily assented to look into Waller's case.

Saloons Close in New York.

NEW YORK, July 2.—New York was as "dry" as the Desert of Sahara Sunday. There was a huge premium on wet goods, and those who failed to lay in a supply Saturday night suffered. Sharp at midnight every saloon in town closed tight and left their bars exposed. Drug stores and restaurants, where drinkables have always been procurable, locked their sideboards tight as a drumhead.
